Recorder: Ginny Caine Tonneson '80

Board Members Present via Videoconference: Christian Evans '08, Treasurer; Nathan Dial '10; Jennifer Walters '11.

AOG Staff Present: Mark Hille '97, AOG/AFAF President/CEO; Katie Willemarck, AOG/AFAF CFO; Kelly Banet, EVP of Development; Michael Cornelious '00, EVP of Alumni Relations; Naviere Walkewicz '99, SVP of Engagement; Wyatt Hornsby, AOG/AFAF SVP of Marketing and Communications; Mary Elsner, Executive Assistant to the President and CEO; Molly Staley, Executive Assistant to the EVP of Development and Boards; Toby Lortz, Director of IT; Eli Alvarado, IT Support Specialist; Tony Capistrano, Systems Administrator and Help Desk Manager; Skip Morgan '72, Of Counsel.

AOG Members Present: Dean Jones '61, Victor Thacker '63, Terry Drabant '65, Ron Olds '69, Michael Rose '69, Robert McKinney '70, Ski Wagasky '72, Ronald Scott '73, AJ Ranft '73, Randy Helms '79, Tony Clavenna '91, Felicia Recker '98, Todd Strawser '98, John Ryan Fitzgerald '05.

AOG Members Present via Videoconference: Rod Henneck '75, John Buckley '77, Robert Clegg '77, Tony Wolusky '80, Richard Aldrich '81, Jaron Roux '00, Kendra Lowe '01, Kimberly Cheri P'27 (parent).

I. Call to Order/Chairman's Welcome

Chair Almand called the meeting to order at 8:13 a.m. MST on Thursday, 19 February 2026. The delay in the start time was due to technical issues related to live streaming.

II. Shared Values and Duty of Care, Loyalty, and Obedience

Chair Almand talked about how we are guided by our shared values, citing Space Force Handbook 1-1. She noted that we are also guided by our fiduciary responsibilities: duty of care, duty of loyalty, and duty of obedience. She reflected on 100's Night last week and the comments that resonated with her.

III. Consent Agenda

The consent agenda included the 16 October 2025 Special Meeting Minutes (Attachment 1) and the 17 October 2025 Meeting Minutes (Attachment 2). Director Bohlin requested to move the 17 October 2025 Meeting to the regular agenda for discussion.

MOTION: Chair Almand moved and Director Cinnamon seconded to approve the consent agenda as modified. The motion passed unanimously.

IV. Agenda

Because this was the first time live streaming the meeting, there were a few technical issues, so the Membership Minute needed to be delayed from where it was on the agenda.

MOTION: Chair Almand moved and Director Lowe seconded to approve the agenda with the addition of a discussion of the 17 October 2025 Meeting Minutes as Item VII on the agenda and the Membership Minute after Item VIII. The motion passed unanimously. The approved agenda is in Attachment 3.

V. 17 October 2025 Meeting Minutes

There was confusion about which version of the 17 October 2025 Minutes was being approved. The redlined provisional version which had been posted on Basecamp since the end of January was determined to be the version for approval.

MOTION: Chair Almand moved and Director Lowe seconded that the Board approve the redline version of the provisional minutes.

Discussion: After the motion and its second, Board Chair called for the vote. Director Bohlin made a Point of Order (POI) that Directors must have an opportunity for discussion before taking a vote. Board Chair ruled the POI in order and discussion followed. A question was raised about whether there was a summary of the differences between the redlined version and the revised version which was posted two days prior to the BOD meeting. Some Directors noted that their suggested revisions were not incorporated and questioned the lack of explanation. Chair Almand clarified that Minutes are intended to record what was done, not what was said, which is why certain comments were not included. It was noted that the Bylaws take precedence over Roberts Rules and that the Bylaws say the Minutes should be substantially descriptive. The Governance Committee plans to review the Bylaws and consider removing the “substantive” requirement now that BOD meetings are live streamed. Director Fogassy suggested that a one-page version of the Minutes be produced followed by a longer version.

The motion passed by a vote of 8-7 (Directors Walker, Hoffman, Bohlin, Merideth, Bishop, Fogassy, and Cinnamon against).

VI. Staff Update (Attachment 4)

a. CEO Report

CEO Hille provided a review of 2025 to include details under the categories of engagement, philanthropy, stewardship, communications, and organizational excellence. He noted that 2025 was a strong year. All of the areas were rated as green with the following exceptions. Under philanthropy, one area of concern is that the graduate donor count is down 5% from 2024. Our graduates need to take a more active role. Under stewardship, we are continuing to work on stronger controls on gift funds and making sure donors are aware of how their donations are being used. Another stewardship issue is the fact that we have not been able to maximize advertising and sponsorship opportunities. The AOG has hired a new person to focus on this area. CEO Hille noted that the AOG had been tasked to look at our presence in the National Capital Region and that we partnered in the reception for the Board of Visitors (BOV). We are gearing for a new election in February 2027, but most of the preparation for that will take place in 2026.

He concluded his comments about 2025 by noting the fact that the staff had a difficult last half of the year due to dealing with fissures in the graduate community. October saw an extraordinary response from the graduate community, largely about Charlie Kirk, with the majority of input stating that the AOG should not be involved in anything political. He noted that at the last BOD meeting, a motion was passed to have the AOG collect inputs and look at ways to recognize Charlie Kirk. CEO Hille recommended that the AOG originate no additional action to recognize Mr. Kirk, but acknowledged that the BOV has the option to honor him. The AOG will inform the graduate community if something like that happens. *See the motion that was passed related to this in Section IX. d.*

In response to the CEO's report on Charlie Kirk, Director Bishop made three main points:

- Relying only on select graduate affinity groups for input, instead of including the entire graduate community, failed to foster camaraderie and professional dialogue and may have overlooked substantial feedback.
- The press release was incomplete and misleading, covering only two of the three board motions, which led to confusion and inaccurate reporting by several media outlets.
- Corrections to press coverage should come from Board leadership or the CEO, not individual members. Since the AOG did not gather input from all graduates, some worked directly with the BOV to ensure proper recognition.

b. EVP of Alumni Relations Report

EVP Cornelius began by talking about the AOG chapters. Under the 2026 Operating Plan, chapters are the top priority under the engagement category. The AOG hired a

USAFA graduate in November to help support the chapters. We have 50 active chapters, 11 of which are distinguished. One of the goals is to engage with one chapter per week and have a quarterly call. A question was raised as to why the presentation did not include AOG chapter Presidents per the approved motion at the October BOD meeting. CEO Hille noted that at the April BOD meeting there would be a fuller report with additional voices. Chair Almand suggested that all Directors get involved in their local chapter and sponsor at least two chapters to help grow the program.

He then turned to affinity groups. There are currently 13 active affinity groups including three new ones. He noted that the USAFA Women's group is activity engaged in the 50th anniversary of women at USAFA celebration. For the April BOD meeting he will provide an updated informational slide on the affinity groups and the criteria for being in "good standing."

EVP Cornelius discussed the firstie departure program which helps pending graduates learn more about life as commissioned officers. They are dovetailing it with the USAFA Officer Launch lessons already provided to first class cadets. To reinforce learning without the associated demand on cadet time, we are doing an expert podcast whereby cadets will be invited to participate in a recorded discussion with a graduate subject matter expert. We are making these lesson podcasts available via the Long Blue Line Podcast Network.

He concluded by discussing the AOG having a presence in the National Capital (NCR) to include the rationale and cost structure. He explained four different Courses of Action (COAs): a virtual presence, an anchor staff, a small office, and a flagship center. He then discussed the risk assessment and mitigation to include financial, mission creep, compliance, and reputational. His recommendation is to launch COA 1 or 2, and then scale to COA 3. This could be 18-24 month process. Various Directors discussed the fact that we have many graduates in the DC area and that the AOG needs to be bold if we want to broaden our area of influence. The topic will be revisited at the April meeting.

c. SVP of Marketing and Communications Report

SVP Hornsby walked through the framework for increased AOG communication with members. He discussed the goals, pointing out that actively communicating about AOG governance and Board business is foundational to an engaged membership. He went through the communication products, methods, timing, and annual totals for each product. All of this is grounded in increasing transparency. He then talked about ways graduates can engage with the AOG to ensure two-way dialogue. CEO Hille commented on the revised process for Directors to receive emails. There was a discussion about the value of professional dialogue and how *Checkpoints* and on-line fora can serve as communication venues. We need to make sure the Board is not getting in the way of the AOG communications.

d. SVP of Engagement Report

SVP Walkewicz discussed the survey which was sent to 5,000 NextGen graduates (Class of '95-recent). Based on the survey results, they have formed subcommittees to address the themes the survey identified. She explained the 2026 engagement roadshow which has a goal of meeting graduates where they live, work, and serve. It will involve 19 chapters, 16 states 10 NextGen webinars, and 7 key conferences. A short discussion ensued about wanting to help encourage young officers to stay in the service and the fact that USAFA has emphasized a lifetime of service rather than just a career in the Air Force. It also touched on the composition of the NextGen Committee, particularly the smaller proportion of active-duty officers compared to civilian graduates.

SVP Walkewicz then turned to the upcoming 2026 graduate survey. She noted that the 2022 graduate survey had a 17% participant rate which was higher than the national average for alumni surveys. The 2022 survey results were used to inform the 2023-28 Joint Strategic Plan. She discussed the pride levels and the fact that the 47% who identified as “inwardly proud” offer an excellent opportunity for engagement. The 2026 survey will be conducted by the same company, will be open to all graduates, and will run from 2-31 March, with results in late summer/fall. Questions will revisit select areas from the 2022 survey to assess trends, while also introducing new items focused on mission priorities, role clarity, and awareness of the joint mission. CEO Hille noted that the survey is being funded by a donor.

VII. Membership Minute

The views expressed by AOG members during the Membership Minute portion of the agenda are those of the individual speakers and do not necessarily reflect the views of the Board.

Chair Almand gave those visitors who wanted to speak two minutes to do so:

- Mike Rose '69 proposed six recommendations to improve chapters.
- Ron Scott '73 talked about the opportunity the BOD has, how it's time to be bold, and the feedback related to Charlie Kirk.
- John Buckley '77 appreciated the transparency the Chair and Board have shown.
- Richard Aldrich '81 provided his views on Charlie Kirk.
- Kendra Lowe '01 talked about the importance of the AOG remaining apolitical and remaining a strategic body where we bring in the right Appointed Directors.
- Jaron Roux '00 appreciated the efforts of the Board and AOG staff, noted the positive results from the NextGen initiative, and encouraged us to not let our political views get in the way of our respect for one another.
- Tony Wolusky '80 talked about Charlie Kirk and that it is important that we remain apolitical.

Director Bishop noted two graduates spoke against two motions that had been withdrawn at the October meeting and suggested we at least get “topics to be discussed” from graduates who wish to speak during “the Membership Minute” portion of our BOD meetings.

VIII. Class Advisory Senate Update

CAS President Cinnamon noted that the CAS is focused on three pillars: supporting the alumni community, supporting cadets and staff, and preserving our heritage. They focus on one of these pillars at each meeting. At the recent meeting they invited CEO Hille and SVP Cornelius to talk about how to support the Academy. The three themes that CAS members frequently hear about are 1) how to give back to the institution 2) how to support classmates and other graduates, and 3) the Honor Code. The CAS is pleased with the efforts of the Board and the AOG staff. Director Cinnamon noted that there is power when graduates engage through their Class Senator, and that although there are representatives for all classes, only about 50% attend the meeting.

IX. Committee Updates (also included in Attachment 4)

a. Finance and Investment Committee

Committee Chair Evans introduced Investment Subcommittee Chair Rod Henneck '75 commenting on how well Henneck and the subcommittee have stewarded our funds. Henneck then provided the Investments Report noting how 2025 had a great return. The big driver was equities, which had a 24% return in 2025. The portfolio is in excess of \$61M, which represents an 18.47% return. Over the past three years, we have had a 16.33% return. He talked about the asset allocation and the fact that at any given time, we can draw down the portfolio to meet needs. We do a good job of anticipating cash needs so when we do have to take out money, we don't have to do it when the market is down. He then talked about some of the changes they have made within plans. They look at assets themselves and how much it costs to make the money so they can be good stewards of our funds.

CFO Willemarck then discussed the travel stipend and why they went from a direct reimbursement model to a travel stipend. A discussion ensued about how the stipend did not cover expenses and other options about how Directors might be reimbursed. Later in the meeting an additional discussion determined that it would remain as a stipend, but the amount would be increased to \$1,200. Directors can donate the stipend (or a portion thereof) as an in-kind gift. Chair Almand requested a policy paper for the next meeting.

CFO Willemarck then provided the quarterly update. Total net assets are up \$11.9M compared to 2024. She discussed the operating statement of activities noting that there are areas that need focus. For example, we have hired a new person for the advertising and sponsorship position. Total revenue was \$3.87M (\$3.91M budget), while expenses were \$7.32M (\$6.98 budget). She noted that the Service Academy Career Conferences were misaligned, and that tailgates and Polaris events are putting us over budget. We typically run a deficit in our operating budget, which is offset by the market. Overall, this year we have a surplus of \$3.5M. She concluded by discussing the schedule of capital assets. Discussion included the fact that a donor has provided a gift for NextGen and concern over the downgrading of the bonds for

the Polaris Hotel. CEO Hille will provide a report concerning the Polaris at the next meeting. He also noted that they are looking at a 55+ senior living facility for the southwest quadrant.

The committee report concluded by talking about how the gift funds team is cleaning up funds that have been underused. For example, the General L. I. Davis Endowment Fund was established to provide financial support to Engineering 410 classes of the USAFA Department of Astronautics. The fund currently has \$76,774; however, Engineering 410 no longer exists at USAFA.

MOTION: [The Finance and Investment Committee moved to] redesignate the fund to provide financial support to the Engineering Division's greatest need as decided by the Engineering Division Chair.

Discussion: There was a concern that this would turn into a slush fund, but the CFO assured the group that all funding goes through a gift fund committee to make sure they are being used appropriately. [The motion was subsequently tabled.]

She then discussed the Graduate Studies Program, which is a quasi-endowed fund that has historically funded \$500 scholarships for the dependents of graduates. This is not an impactful amount and there is minimal interest in it. There is currently \$108,123 in the fund with an annual distribution of \$4,000.

MOTION: [The Finance and Investment Committee moved to] redesignate the fund to remove quasi-endowment and fund more meaningful scholarships. [The motion was subsequently tabled.]

MOTION: Director Evans moved and Director Dial seconded to table both motions until the April meeting.

Discussion: Committee Chair Evans thought the motions need further review by the Finance and Investment Committee.

The motion was unanimously approved.

b. Nominating Committee

Committee Chair Dial discussed the committee's recommendations for the Sullenberger Award for Courage, which is typically given during the National Character and Leadership Symposium (NCLS). Sullenberger was unavailable on that date, so CEO Hille proposed holding the presentation on the Friday prior to the Distinguished Graduate Award ceremony on the Staff Tower, which would allow the Cadet Wing to view the event.

Next, Committee Chair Dial discussed the timeline for election preparation. He shared the questions that the AOG staff and Nominating Committee will answer for the April meeting.

Finally, he discussed the replacement Director pool. There were originally 36 people in the pool, but when they were contacted again, only 14 responded with a desire to serve and submitted a package. The application had three components: basic contact information, CV/resume, and three long form questions. Directors had previously been asked to submit names of potential candidates. He showed the replacement pool of candidates by decade and talked through how they came up with the nine names around which a discussion would center if we needed a replacement Director. Chair Almand noted that this is just an informal list and she requested that we go through the procedure to select an Appointed Director at the April meeting.

c. Audit Committee

Committee Chair Carpenter discussed the timeline for the annual audit review and the IRS Form 990 review. SVP Willemarck noted that the Audit Committee will meet on May 7, provide a summary to the BOD on 8 May, and then have an e-vote due by 12 May.

d. External Communication Committee (Director Walters left meeting*)**

Committee Chair Thompson provided an update on the actions the group has been undertaking. He provided a draft of the proposed Bylaws wording for the Executive Communication Committee. He also added a proposed section for the Governance Policies. He noted that the committee needs to refine the wording for the Bylaws and other governing documents. The focus of the committee is on how the Board communicates and how we should be interacting externally. It is not intended to be a day-to-day oversight of the CEO or the AOG staff. It is intended to help us to be more purposeful. He then talked about hot topics, emerging issues, and special interest items that may require our attention and assistance. For April, the committee will propose positions and messaging around any hot topics, emerging issues, and special interest items. For the July board meeting, they will develop proposed emerging themes and messages, and by October, they will develop an annual external engagement plan. A short discussion took place in reference to one of the topic slides that included Charlie Kirk.

MOTION: After collecting inputs from some graduates and hearing from our CEO, Director Bishop moved and Director Krauth seconded that the AOG Board refer to the Board of Visitors and we defer to their judgment on recognition of Charlie Kirk. The motion passed by a vote of 12-0 with three abstentions (Directors Dial, Bohlin, and Evans).

e. Governance Committee

The Governance committee reviewed the Director-submitted motions as well as Governance Policies Category II.

MOTION: The Governance Committee moved that the BOD remove and replace the current Governance Policy Manual Category II with the revised Governance Policy II as attached. If approved by the BOD, this revised policy will be effective immediately. [See Attachment 4, slides 85-87]

Discussion: A short discussion took place to ensure the CEO was satisfied with the clarification as much of it had to do with the CEO.

The motion passed by a vote of 13-0 with Directors Dial and Evans abstaining.

X. Implementation Task Force Update (also included in Attachment 4)

Task Force Chair Walker discussed graduate voice and representation, noting that work is underway to address both technical and process improvements. The group considered whether Board meetings should be open to all graduates or limited to AOG members. They also discussed creating a centralized communication mechanism to archive materials and demonstrate transparency and consistency. When discussing transparency and public records, he emphasized that transparency reinforces accountability. Because members hold differing views on what transparency means, there was agreement on the need to develop a shared, operational definition. Legal considerations were also noted, including the potential need for dedicated legal counsel. Skip Morgan is the new Of Counsel. The discussion also included strategies to increase the number of AOG chapters and the benefits of doing so. Finally, Director Walker reviewed implementation recommendations and next steps. The group plans to return to the April meeting with more concrete recommendations. A short discussion ensued with comments that many of the items on the implementation recommendations had already been accomplished.

MOTION: Chair Almand moved and Director Bishop seconded to add to the agenda a discussion about the travel stipend (*reference IX. a. discussion, p. 6.*). The motion passed unanimously.

XI. Motions (also included in Attachment 4)

a. Resolution of Commendation for Class Advisory Senate

Director Merideth discussed how we can do a better job of recognizing the good work of the groups that support us.

MOTION: Director Merideth moved and Director Dudley seconded that Board approve the following resolution:

Resolution of Commendation: Honoring the Class Advisory Senate of the United States Air Force Academy Association of Graduates

WHEREAS, the continued strength and success of the United States Air Force Academy Association of Graduates (AOG) depend upon the thoughtful engagement, informed counsel, and steadfast commitment of its volunteer leaders; and

WHEREAS, the Class Advisory Senate has consistently demonstrated sincere dedication to the mission and long-term vision of the AOG, offering candid insight, constructive guidance, and principled engagement on matters essential to the welfare of the graduate community; and

WHEREAS, the Senators, representing classes across generations, have served as a vital conduit between the AOG and the broader graduate body, ensuring that various perspectives are heard, respected, and integrated into strategic decision-making; and

WHEREAS, their professionalism, integrity, and collaborative spirit have strengthened the AOG's ability to serve graduates, cadets, and the Academy with excellence;

NOW, THEREFORE, BE IT RESOLVED, that the Association of Graduates formally commends the Class Advisory Senate for its sincere advice and enduring commitment to advancing the vision and values of the AOG; and

BE IT FURTHER RESOLVED, that this expression of appreciation be presented to the Class Advisory Senate and attached to the minutes of the Board of Directors meeting as a lasting acknowledgment of the Senate's meaningful contributions to the Association of Graduates and the United States Air Force Academy.

Discussion: CAS President Cinnamon was appreciative of the motion and noted that the CAS would like to be used more.

The motion passed by a vote of 14-0 with Directors Cinnamon and Dial abstaining.

b. Committee on Policy Manual

Director Merideth discussed how out of date the Governance Policies are and that we aren't using them properly. He wondered whether we even wanted to continue with the Carver Model. He estimated it would take 8-12 months to review and replace the Governance Policies.

MOTION: Director Merideth moved and Director Bohlin seconded that the Board Chair establish a Committee for Review and Replacement of the Board of Directors Governance Policies Manual. The committee shall be composed of both Directors and non-Director subject matter experts.

Discussion: The Governance Committee had previously reviewed this motion and did not agree with it because they felt it should be under their purview. There is already a calendar by which the Governance Policies are reviewed on an ongoing basis, and it is considered a living instrument. Other Directors believed that the document needed revised and that we don't comply with the policies.

The motion failed by a vote of 6-9 (Directors Almand, Krauth, Evans, Dudley, Lowe, Carpenter, Thompson, Dial, and Cinnamon against).

c. Remove and Replace AOG Bylaws Article V, Section 6

Director Bohlin provided background on replacing the current AOG Bylaws Article V, Section 6 with the version our legal counsel rewrote.

MOTION: Director Bohlin moved and Director Merideth seconded to remove all the text of Article V, Section 6 and replace the text to read:

Section 6. Parliamentary Authority: The rules contained in the current edition of *Robert's Rules of Order Newly Revised* (RONR) shall govern the AOG and the Board in all cases to which the rules are applicable and in which they are not inconsistent with these Bylaws and any Special Rules of Order the Board may adopt.

Discussion: Board Chair stated the motion would need 11 votes to pass and that it would not get the votes. Director Bohlin made a POI, that by making that statement, the Board Chair was not being "impartial" and "neutral." Board Chair stated the POI was correct and apologized. Directors' discussions followed. The discussion centered on the difference between the current version which says "should" versus the motion, which says "shall" as it relates to RONR. Some Directors thought the current version allowed flexibility because it says that RONR should be used as a guide, while others believed the words to be imprecise and subject to interpretation. The Governance Committee had previously reviewed this motion and did not agree with it, so the question was asked as to why we were spending time debating it. Chair Almand reminded the group that Bylaws changes require a 2/3 majority (11 votes).

The motion failed 6-9 (Directors Almand, Krauth, Evans, Hoffman, Dudley, Lowe, Carpenter, Bishop, and Dial against).

d. Parliamentarian Duties

Director Merideth pointed out that the Secretary is perhaps the most important position and that to require that officer to also be the Parliamentarian--for which they may not have the requisite knowledge or skill--did not make good sense. He proposed the Parliamentarian should be an outside advisor to the Board.

MOTION: Director Merideth moved and Director Bohlin seconded that the Association of Graduates Bylaws Article V, Section 5, Paragraph d be revised as follows:

"The Secretary shall be an elected or appointed director ~~and shall serve as parliamentarian~~ and will perform other duties as directed by the Chair and those required by Colorado law. In the event of the permanent absence of both the Chair and Vice Chair, the Secretary shall convene a meeting of the entire Board to select a new chair."

Discussion: The discussion focused on the fact that we now have a recorder to keep the Minutes, and if we obtain someone else as a Parliamentarian, it begs the question

of what the Secretary is doing. We would essentially be having three people do what historically has been the Secretary's job. The question arose concerning who would fill the Parliamentarian role, and CEO Hille noted that using the AOG staff for that responsibility would not be an effective use of staff time. Others pointed out the importance of the Parliamentarian being unbiased, and if we expect the Secretary to participate in Board conversations, he would not be impartial.

MOTION: Director Merideth moved and Director Cinnamon seconded to end the discussion.

The motion passed by a vote of 11-4 (Directors Krauth, Hoffman, Dudley, and Dial against).

The motion concerning the Parliamentarian was then voted upon. The motion failed by a vote of 7-8 (Directors Almand, Krauth, Evans, Dudley, Lowe, Carpenter, Thompson, and Dial against).

XII. Other Topics of Discussion (also included in Attachment 4)

Of Counsel Morgan reviewed the December 2025 GAO report, "Service Academies: Clarifying Guidance Would Enhance Effectiveness of Honor and Conduct Systems." He noted that a *Gazette* article inaccurately suggested the Academy lacked due process. In fact, the GAO found that due process was not clearly articulated; specifically, USAFA does not use hearings to adjudicate serious misconduct, and because the Superintendent makes the final decision, there is no formal appeals process. The most concerning findings were that many cadets are reluctant to report honor violations and fewer than half believe the proceedings are fair.

He also addressed the intercollegiate soccer situation involving repulsive initiation activities that had reportedly persisted for decades. He indicated there may be little role for the AOG in the matter. The Board of Visitors has petitioned the Secretary of the Air Force for relief. A short discussion ensued about disenrollment and potential recovery of funds.

XIII. Good of the Order

- Director Lowe agreed with giving the chapter Presidents a bigger voice. He does not like the composition of the NextGen group which is only 30% active duty.
- Director Bohlin wanted to make a motion at the next meeting to have a Minutes report rather than the Provisional Minutes.
- Director Walker liked how we are reaching out to the AOG chapters.
- Director Merideth commended the AOG staff on keeping up with all the things going on.
- Director Thompson asked us to be careful with each other and that we have professional discourse with the staff, as we don't want them to be collateral damage.
- Director Fogassy concurred with Director Lowe's comments about the NextGen group.

- Director Dial praised the AOG Communications staff.
- Director Evans commended the NextGen committee, pointing out that the composition was based on those who volunteered. He noted that the younger generation is disengaged, and they don't see people who did not make the Air Force a career on the BOD. The area where graduates say they want the help is with career transition and professional dialogue.
- Chair Almand reviewed the timeline for approval of the Provisional Minutes.

XIV. Executive Session

The Board went into executive session IAW Bylaws Article V Section 8 at 2:51 p.m. MST to discuss award recipients.

MOTION: Chair Almand moved and Director Krauth seconded that we come out of executive session. The motion passed unanimously.

XV. Open Session

The Board went into open session at 3:17 p.m. MST.

MOTION: The Nominating Committee moved that the names selected for the Young Alumni Excellence Award, Leadership Achievement Award and Distinguished Graduate Award be approved. The motion passed unanimously.

Nominating Committee Chair Dial spoke briefly about award feedback to include help for submissions and improvements for the 2026-27 process.

Chair Almand moved and Director Walker seconded to go into executive session. The motion passed unanimously.

XVI. Executive Session

The Board went into executive session IAW Bylaws Article V Section 8 at 3:20 p.m. MST to discuss a personnel issue and a legal update.

*(*Director Cinnamon left meeting before resuming open session)*

MOTION: Chair Almand moved Director Krauth seconded that we go into open session. The motion was approved by a vote of 12- 1 (Director Merideth against).

XVII. Open Session

The Board went into open session at 4:12 p.m. MST.

XVIII. Adjournment

MOTION: Director Walker moved and Director Lowe seconded to adjourn the meeting. The motion passed unanimously. Chair Almand adjourned the meeting at 4:13 p.m. MST.

Note: Portions of the minutes may have been rearranged from the time sequence to topical sequence.

Recorder: Ginny Caine Tonneson '80

Board Members Present via Videoconference: Garry Dudley '68; John Cinnamon '91, President, Class Advisory Senate.

AOG Staff Present: Mark Hille '97, President and CEO; Katie Willemarck, Chief Financial Officer (CFO); Kelly Banet, EVP of Development; Michael Cornelious '00, EVP of Alumni Relations; Naviere Walkewicz '99, SVP of Engagement; Wyatt Hornsby, SVP of Marketing and Communications; Mary Elsner, Executive Assistant to the President and CEO; Eli Alvarado, IT Support Specialist.

Guests Present: Terry Drabant '65, Dan Grynewski '68, Mike Rose '69, Jerry Bruni '70, Anou Gessner '72, Skip Morgan '72, Ski Wagasky '72, AJ Ranft '73, Ron Scott '73, Kathryn Smith '82, Carolyn Benyshek '87, Melissa Cunningham '96, Ebony Sanula Johnson '00, Jason Harris '01, Ellie Morgan '06, Kyle Carnahan '08, Jason Minnich '08, Frank DeFalco '79.

I. Call to Order/Chairman's Welcome

Chair Almand called the meeting to order at 8:52 a.m. MDT on Friday, 17 October 2025. She spoke about unity and challenged the Board to do their duties as Directors.

II. Agenda

No items were moved from the consent agenda which included the 28 August 2025 Meeting Minutes (Attachment 1); 25 July 2025 Meeting Minutes (Attachment 2); 7 May 2025 E-Vote Minutes (Attachment 3); 29 April 2025 E-Vote Minutes (Attachment 4); 25 April 2025 Meeting Minutes (Attachment 5); 2023-2028 Strategic Plan Mid-Course Review (Attachment 6); and CEO Monitoring Reports – 2.8 Compensation and Benefits, 2.10 Programs, Events, Services, and 2.11 Official Opinions or Recommendations (Attachment 7).

Director Bishop requested that the discussion on the pardon and amnesty vaccine mandate issue be up moved on the agenda so that the guest speaker could address it immediately following the lunch break. Chair Almand concurred.

Chair Almand noted that the graduate community was heavily divided in regard to the proposed motions to award Charlie Kirk an honorary degree, Honorary AOG membership, and an annual award. She requested that the motions be withdrawn for the betterment of the graduate community, the Academy, and our nation. Director Bishop, the author of the motions, noted that we had carried through on giving graduates a voice and that when it came time to discuss these issues during the meeting, he planned to move that we carry the items forward to the next meeting to allow for better discussion among ourselves to determine a proper award for Charlie Kirk. The items remained on the agenda.

MOTION: Director Lowe moved and Director Krauth seconded to approve the agenda (which included the consent agenda). The motion passed unanimously. The approved agenda is in Attachment 8. Note: There was only a motion to approve the agenda and there was not an additional motion to adopt the consent agenda. The Chair responded to points of order to call this to the attention of the Board by stating that the consent agenda was also adopted with the same motion to approve the agenda.

III. Membership Minute

Chair Almand gave those visitors who wanted to speak two minutes to do so:

- Kathryn Smith '82, the Executive Director of Zoomies Against Sexual Assault (ZASA), provided background on the organization and how they support victims. She thanked the AOG for their contribution to the survivors' retreat.
- Carolyn Benyshek '87 wanted to see how the Board deliberates about divisive issues and talked about the importance of professional dialogue and openness.
- Jason Harris '01 expressed his concern about the effective and efficient governance of the AOG. He noted that the Board's conduct must be a model and he expressed his concern about efforts to politicize the AOG and the lack of timely Minutes from the current Board.
- Jason Minch '08 urged the Board to consider the serious ramifications of providing Charlie Kirk with an Honorary AOG membership. He did not believe Mr. Kirk met the standard required to become an Honorary member and urged the Board to be aware of the precedence it sets.
- Kyle Carnahan '08 expressed his concern about the Charlie Kirk motions. He did not think these motions deserved our time when there are so many other pressing concerns. He gave his class ring to Chair Almand and told her she could return it if the Board decided against the motions.
- Ron Scott '73 presented an opposing view to that of Mr. Carnahan. He expressed that we pledge alliance to a political idea and that the Academy is there to serve a great ideal--America. Charlie Kirk was willing to die to stand up for what American should be about.

Chair Almand closed the session by expressing concern that the turmoil on the Board has damaged both the AOG and USAFA and weakened our relationship with the Foundation. We are duty bound to support USAFA and preserve our heritage. We should be setting the example, and even when we disagree, we can talk it over and come to a decision. She then went on to highlight the excellent work of the AOG to include the Summer 2025 *Leading Edge* and the YouTube video on the 2025 State of the Association.

IV. Staff Update

a. CEO Report (Mark Hille)

CEO Hille began by referencing General MacArthur's 1962 speech, which spoke to the values that define a soldier's life and service--the "fixed mission." As we wrestle with priorities, it is important to remember our own fixed mission and to recognize what should be left to others. Our mission is to inform and engage our graduates, raise and steward private support for USAFA, and preserve the growing heritage of the Academy and its graduates. By focusing on these few priorities, we have a real impact on what we value. The strategic plan addresses these areas and serves as the roadmap for the next three years. The budget aligns with both the mission and the strategic plan, without increasing staffing or operational costs.

CEO Hille also highlighted the many recent accomplishments of the organization, while expressing concern about squandering these gains. He noted that while the staff feels a sense of internal unity, they also observe disagreement within the Board. At the same time, social issues and cultural changes place pressure on the organization to decide whether or not to engage publicly. He noted that it is vital to remember that the AOG serves all graduates and must respect the wide range of experiences and perspectives they bring. We share common values and a deep bond shaped by unique experiences; everything else is corollary to the mission.

b. EVP of Alumni Relations Report (Michael "Baja" Cornelius)

EVP Cornelius gave an activity snapshot for the period from July through September 2025 categorized by support for USAFA, serving graduates, and preserving heritage. He then discussed the Next of Kin program, noting that over the past five years, we have averaged one graduate death every two days. This will increase as has memorial attendance. Additional personnel will be required to sustain the program, and fundraising to this end is ongoing. He then talked about our AOG chapters, noting that they are the heartbeat of supporting and maintaining a connection with graduates. Personnel departures have impacted continuity in chapter support and the strategy and operating plan need to be revised. He discussed the plans they have to revitalize the chapters.

EVP Cornelius then turned to career services, noting that this was the biggest area of future growth within the AOG. The importance of career and transition services has

been a consistent theme from graduates. The AOG now has a career services management person who is engaging with companies and attending conferences, and they have several initiatives underway to increase support. He then talked about merchandise sales and the fact that there are now two full-time and one part-time staff working in this area. Sales have been on target all year. The discussion following his presentation included the idea of having a presence at sporting events such as baseball, supporting the Tuskegee airman projects, and the fact that there is no longer a Heritage Committee. The AOG staff was complimented on their efforts over a year to rectify a misspelling of a graduate's name on a memorial.

c. CFO Report (Katie Willemarck)

CFO Willemarck provided the quarterly update. Total assets are up \$10 million. We reported an operating surplus of \$2.6 million, slightly above the \$2.4 million budgeted, driven by investment gains of \$5.3 million, leaving a net positive of \$3.3 million for the year. Unexpected costs included an unbudgeted server replacement due to flooding, although \$110,000 was recovered through insurance. While tailgate events ran over budget due to higher costs under new contracts and alcohol purchasing restrictions, savings emerged in facilities and operations after moving the staff into Wecker Hall. Looking ahead, she noted the importance of controlling expenses and generating additional revenue to avoid further endowment draws, with only \$1.7 million planned to be used from reserves to support operations.

She also discussed longer-term capital and revenue projects. The planned renovation of Doolittle Hall will require roughly \$20 million in fundraising, with a likely 6–7-year horizon before completion. The Hosmer Visitor's Center is expected to increase traffic and merchandise sales, although the AOG will not have a retail outlet there; we are currently limited to a small area in the Hotel Polaris. The hotel, which opened less than a year ago, is improving financially but remains below “escape velocity,” generating about \$3 million EBITDA in its final 2025 quarter while carrying debt obligations. CEO Hille is on the hotel board which meets monthly to review the finances. The AOG's \$6 million guarantee on hotel bonds remains a concern, although it is offset by \$8 million in debt service reserves.

CFO Willemarck then talked about the 2026 budget, which anticipates a \$522,000 operating loss but balances it through investment income, fundraising, sponsorship growth, and continued efforts to strengthen the endowment. She noted that she is making a concerted effort to grow the operating reserve fund.

MOTION: Director Evans moved and Director Walker seconded to approve the 2026 budget. The motion passed unanimously.

CFO Willemarck noted that they are managing 475 funds worth over \$165 million with two people. She talked about the many projects that we have funded over the past year. To address transparency, the Stewardship Committee is getting a report

on all spending and they highlight what is happening financially via *Checkpoints*. CEO Hille noted that they look carefully at every gift request and match it with the gift intent. All are documented and tracked so they can show where every donor dollar went. A short discussion ensued about learning who is being targeted in sponsorship and advertising to see if there are graduates who are already associated with those organizations. The group also discussed the ineffective government process to receive gifts.

V. Board of Visitors (BOV) Meeting Summary (Director Krauth)

Vice Chair Krauth reported on the Board of Visitors' (BOV) meeting, which he attended as the Board representative. CEO Hille and Director Bishop attended as well. The BOV reports directly back to the Department of War and the President, and they intend to be proactive. They desire graduates who are future leaders, with character and integrity, dedicated to the warrior ethos. They will encourage and assist the Superintendent to change the emphasis and training of the Wing to instill a sense of pride and heritage in our nation. They stressed weeding out Diversity, Equity, and Inclusion (DEI) ideology, and they want graduates to take pride in knowing they earned their status from their merit. A member of the BOV noted that USAFA is different from civilian institutions and that our graduates should be able, after four years, to articulate American exceptionalism and what they are willing to die for.

VI. Task Force Update

a. Implementation Task Force (Director Walker)

Director Walker gave an update on the Implementation Task Force. He noted that during the current meeting there were, by his count, 14 AOG members in the room or overflow area, but none were present via zoom. CEO Hille mentioned that while we are able to have participants join via zoom, he did not have clear direction from the Board to publish the zoom link. Previously, AOG meeting attendance was limited to in-person attendance only; however, there was a motion concerning that in July, and the Governance Committee has already made the change reflecting that in the Bylaws. There will be new equipment installed in November which will improve the zoom experience. A discussion ensued about how we are improving transparency by recording the meeting and through more timely minutes, and how it is important to have a specific method for graduates to communicate their concerns. It is also important for graduates to be able to see the meetings so they will better know who to vote for in future elections. The discussion then turned to the mechanics of having graduates attend meetings via zoom. Chair Almand directed that the February 2026 Board meeting be live streamed.

MOTION: Director Walker moved and Director Bohlin seconded to upload the recording onto the website.

MOTION TO AMEND: Director Thompson moved and Director Fogassy seconded to amend the motion. The motion to amend was unanimously approved.

AMENDED MOTION: Director Walker moved and Director Fogassy seconded that the AOG staff facilitate the viewing, participation, and recording of the AOG meetings, and place the recording on the AOG website so that only verified AOG members have access to it.

Discussion: A short discussion ensued with concern about recordings being sent to non-AOG entities. CEO Hille understands the intent and will work out implementation details such as secure member verification, user agreements, registration to speak ahead of time, and placement of the recordings behind a firewall. Director Bishop volunteered to work with webmaster.

The amended motion passed by a vote of 15-1 (Director Dudley against).

Chair Almand directed that virtual attendees must register to receive a live link. She commented that the original tasking for the Implementation Task Force had three parts: working on transparency, giving graduates a voice, and engagement. Director Walker will report to the Board on the three areas at the February, April, and July meetings.

VII. Class Advisory Senate Update (AJ Ranft, CAS Vice Chair, for Director Cinnamon)

CAS Vice Chair Ranft outlined three recommendations to strengthen communication and support between the CAS and the Board of Directors. First, the CAS requests access to provisional minutes prior to their meetings so discussions can be based on recent Board actions. This has been taken care of with the addition of a recorder to the BOD meetings. Second, they would like Senators to be able to stream the Board meeting which would allow Senators to stay informed and better represent graduate perspectives. This has been taken care of with the decision to stream future BOD meetings. Third, they recommended that a Board representative regularly attend CAS meetings to provide updates and foster two-way communication. The former CAS President, Randy Helms, noted that historically, past chairs and vice chairs consistently attended CAS meetings, which were typically scheduled before AOG Board meetings to provide input. Chair Almand said they would attend future meetings.

Chair Almand would like the CAS to discuss the idea of having Board members coordinate with all the Senators from their respective decade. Vice CAS Chair Ranft also talked about using surveys to gather sentiment from graduates through their Senators to ensure a broader representation of views. Overall, the Board expressed appreciation for the CAS's role in connecting with graduates and acknowledged the importance of their input in guiding Board decisions.

VIII. Reports of Committees

a. Audit Committee (Director Carpenter)

Committee Chair Carpenter opened by calling on CFO Willemarck to talk about the 2022 Instructional Technology (IT) audit by Nexus Tech. It has been largely completed, with only two items pending: a PCI compliance audit (budgeted for 2025) and a risk management plan (which will be in the 2026 operating plan). She emphasized the need for a long-term IT roadmap and building partnerships with trusted firms for unbiased guidance, rather than vendors pushing products.

Separately, a grievance was investigated by a joint audit committee led by Ted Legasey (AFA Foundation BOD), Director Merideth, and Director Dudley. The committee produced a thorough, impartial report (15–20 pages plus 33 attachments) finding no basis in any of the financial concerns. It will be sent to the AOG and AFA Foundation Board chairs. The investigation verified the professionalism and accountability of staff, particularly in financial operations. Workplace climate concerns raised will first be investigated by the CEO as the complainants did not take the opportunity to go to the CEO with their issues, as outlined in the employee handbook

b. External Communication Committee (Director Thompson)

Director Thompson was tasked to develop and submit for Board approval a proposal to establish an External Communications Committee. He talked about the proposed purpose, which is to support the vision, mission, and activities of the AOG by facilitating purposeful, proactive, and consistent engagement with external stakeholders (Congress, Air Force, Academy leadership, Board of Visitors, etc.) and the graduate community. The committee would provide AOG Board members and staff with a current, consistent set of themes and messages to support them in their activities and engagements, both official, and as desired, unofficial. He then talked through the proposed committee responsibilities and battle rhythm to include meeting not less than annually, what to do between BOD meetings, and how to address “as needed” actions. He proposed membership to include himself as chair, CEO Hille, and Directors Cinnamon, Bishop, and Evans.

A discussion ensued about the proposed membership of the committee, particularly regarding potential conflicts for active-duty members and individuals with roles in other organizations. The question also was raised about the role the committee would play when directors are contacted about contentious issues. Director Thompson envisioned the committee coming up with a consistent message that directors should share. When asked about the committee’s actions when the AOG only has a very short period to act, he noted that if the AOG feels it necessary, they would engage the ECC, but the intent is not to get into the communications business of the AOG. If approved, the committee would come up with language for the Bylaws and other governing documents, develop proposed enduring themes and messages, identify topics and emerging issues, and begin to develop an external engagement plan.

MOTION: Director Thompson moved and Director Walker seconded that the Board of Directors approve the establishment of the External Communications Committee as a standing committee of the Association of Graduates Board of Directors with roles, responsibilities, tasks and membership as described in the preceding brief and amended in Board deliberations. The motion passed by a vote of 13-1 (Director Almand against) with Directors Evans and Walters abstaining. The updated Committees of the Board list is Attachment 10.

c. Finance and Investment Committee (Director Evans)

Committee Chair Evans brought forward two motions from the committee. The first was to move the unused reserve fund (created in 2017) into the operating fund to better support operations.

The second related to the Graduate Engagement Fund which allowed for \$3,000 to be used annually for engagement. This limited amount was not impactful, so the recommendation is to remove the quasi-endowment restriction on the fund to allow it to be used more flexibly for graduate engagement activities, including but not limited, to tailgates and chapter events.

MOTION: The Finance and Investment Committee moved to move the reserve fund balance to the operating fund. The motion passed unanimously.

MOTION: The Finance and Investments Committee moved to remove the quasi-endowed restriction and designate these funds to be used to offset engagement to include tailgates, chapters, and other activities. The motion passed unanimously.

MOTION: Chair Almand moved and Director Fogassy seconded to move the Nominating Committee ahead of the Governance Committee on the agenda. The motion passed unanimously.

d. Nominating Committee (Director Dial)

Committee Chair Dial discussed the list of 36 candidates who have previously been reviewed as candidates to be appointed directors. Over the next two months, the committee will contact the candidates to confirm their willingness to serve, gather current CVs, and collect their responses to three standardized questions which are under development. In December, the committee will review the CVs and responses to narrow the list to the top 10 candidates. In January, these candidates will be sent to the entire Board, and each Director will submit their top two candidates. At the February meeting, the Board will vote for the top four candidates to fill future appointed director vacancies.

A discussion ensued with concern about shaping the Board, having objective criteria, and the committee eliminating candidates prior to the list coming to the full Board.

The point was made that the reason we have committees is to do this sort of work. There are 12 people on the committee (5 directors and 7 non-directors) and during their committee meeting 75% thought this was the correct process. A concern was raised about the number of people on the committee, but the committee membership was previously approved.

Committee Chair Dial then discussed the status of the awards process. The awards submission window opened on 1 September and closes on 31 December. As of October, there were no submissions for the Distinguished Graduate Award (DGA-40+ years post-graduation), no submissions for the Leadership Achievement Award (16-39 years post-graduation), and only one submission for the Young Alumni Excellence Awards (15 or fewer years post-graduation). For the DGA, the nominations normally remain valid for 3 years, but this year, the clock is being reset, and all previous nominations will require fresh submissions. Henceforth, the submissions will remain active for three years. Committee Chair Dial will personally contact the individuals who previously submitted packages to tell them they need to re-submit them. He encouraged the directors to contact their networks to encourage nominations. The CAS has already briefed this to the Senators and there are upcoming *Checkpoint* notifications, email pushes, and social media reminders. To eliminate the perception of Board members having an advantage, they recommend that sitting directors no longer nominate or receive any of these awards.

e. Governance Committee (Director Krauth)

Committee Chair Krauth began by showing the Board calendar and the schedule for reviewing the Bylaws. The committee has met multiple times and posted the results of the meetings on Basecamp. The committee reviewed Governance Policy Category 3 and did not find any substantive changes. He noted that the entire Governance Policy is outdated and needs a comprehensive revision that will take 6-9 months.

1. Award Eligibility

The Governance Committee met with the Nominating Committee and had several recommendations. First, they wanted to codify the idea that Directors do not nominate for or receive any awards while they are on the Board. The first location for this change was in the Governance Policies, Attachment 2 (Nominating Committee Guide), Duties section. They proposed adding part 11 to read: *(The Nominating Committee will) ensure that directors do not nominate, or receive, any awards or honors that are issued, selected, or endorsed by the Association of Graduates or its affiliated entities during their term of service.*

They also added a new paragraph 2 to the Governance Policies Section 4.6.c. which reads: *2. The Board will ensure that directors do not nominate, or receive, any awards or honors that are issued, selected, or endorsed by the Association of Graduates or its affiliated entities during their term of service.* Subsequent paragraphs were renumbered.

MOTION: The Governance Committee and Nominating Committee jointly moved that the Board of Directors approve the corrections and changes to language in the Governance Policies 3rd Edition (26 July 2024) as presented that codifies the changes to the process for AOG Directors inability to nominate and receive awards under the Board of Director’s purview. The motion passed unanimously.

2. Award Eligibility (Bylaws Change)

The Governance Committee and Nominating Committee also recommended codifying the idea that Directors do not nominate for or receive any awards while they are on the Board in the Bylaws. The recommended adding a paragraph g to Article XI (Conflicts of Interest), Section 1 (Director Content) which reads: *Directors may not be nominated, or receive, any awards or honors that are issued, selected, or endorsed by the Association of Graduates or its affiliated entities during their term of service. Directors are also prohibited from nominating other individuals for such awards.*

MOTION: The Governance Committee and Nominating Committee jointly move that the Board of Directors approve the corrections and changes to language in the AOG Bylaws (Effective 4 March 2025) as presented that codifies the changes to the process for AOG Directors nominating others and receiving awards under the Board of Director’s purview.

Discussion: There was concern over the placement of the wording in the Bylaws or whether it even belonged in the Bylaws. It was noted that Bylaws changes required a 2/3 vote of all Directors for approval, whereas the Governance Policies only require a majority of Directors present at a quorum for approval. There was also concern as to whether it would bring into question earlier nominations.

The motion failed by a vote of 9-5 (Directors Walker, Bohlin, Merideth, Fogassy, Cinnamon against) with Directors Evans and Bishop abstaining.

3. Single Pathway to Election Ballot

The Governance Committee and Nomination Committee recommended that to get onto the Board election slate all candidates must submit a complete nomination package. This package must include at least 100 verified signatures from AOG graduate members in good standing. Each signature must consist of the graduate’s full name, signature (digital or handwritten), and AOG member number. There are no alternative pathways to be placed on the ballot.

There are five places where this change impacts the Bylaws and Governance Procedures:

- Bylaws Article VI (Nomination and Elections) Section 1: Change part c by eliminating the current language and adding new language so that it reads: *c. To be placed on the election ballot for the AOG Board of Directors, all candidates must submit a complete nomination package. This package must include at least 100 verified signatures from AOG graduate members in good standing. Each signature must consist of the graduate’s full name, signature (digital or handwritten), and AOG member number. There are no alternative pathways to be placed on the ballot.*
- Bylaws Article VIII (Committees) Section 6 (Standing Committees), part c: Eliminate part i and move part ii to be part i.
- Governance Policies, Attachment 2 (Nominating Committee Guide), Definitions section: Delete parts 2 and 3, which define “petition candidate” and “candidate.” Substitute with one new part 2 giving a new definition of “candidate” and correct subsequent numbering. The new part 2 reads: *2. Candidate: An applicant who has submitted a completed nomination package and acquired 100 signatures from Graduate Members.*
- Governance Policies, Attachment 2 (Nominating Committee Guide): Delete “petition candidate” from all sections including: Definitions, Duties parts 4 and 5, and Timeline part 6.
- Governance Policies, Attachment 2 (Nominating Committee Guide), Procedures section: Change part 1 to read: *1. There is one way for a member to get on the ballot for election to the Board of Directors:*
 - a. All candidates must submit a complete nomination package. This package must include at least 100 verified signatures from AOG graduate members in good standing. Each signature must consist of the graduate’s full name, signature (digital or handwritten), and AOG member number. There are no alternative pathways to be placed on the ballot.*

MOTION: The Governance Committee and Nominating Committee jointly moved that the Board of Directors approve the corrections and changes to language in the AOG Bylaws (Effective 4 March 2025) and Governance Policies 3rd Edition, 26 July 2024 as presented that codifies the changes to the process for AOG members getting on to the election ballot for the Board of Directors.

Discussion: There was a short discussion about using the term, “recruited.” While one Director wanted the term included in the verbiage, a committee member explained that we don’t want any perception of the Board reaching out to develop candidates. This takes away the notion that the board was shaped.

The motion passed by a vote of 14-2 (Directors Merideth and Fogassy against).

4. Even Year Appointed Directors

The final motion from the Governance Committee and the Nominating Committee dealt with appointing directors on even years. There two locations in the Bylaws with recommended changes.

- Bylaws, Article V (Board of Directors), Section 3: Change part b language to clearly define moving appointed directors to even years following an election. The month of March was selected in the even year following the election because that is one year after the odd year election cycle concludes. The revised language would read: *b. The terms of appointed directors shall be staggered with the intent of having no more than two directors appointed following each biennial election of the Board. The appointed directors will be selected in March of the even year following the biennial election of the board and will serve a four-year term.*
- Bylaws, Article V (Board of Directors), Section 2 (Elected and Appointed Directors), part b. The changed wording is in italics: ... The Board may fill appointed director vacancies ~~at any time~~ *during nonelection years (even years)*

MOTION: The Governance Committee and Nominating Committee jointly moved that the Board of Directors approve the changes to language as presented that codifies moving appointed director selections to March of the even year following the biennial election.

Discussion: The discussion revolved around whether this should be part of a complete package dealing with appointed directors, whether appointed directors should have a vote, and whether the committees studied all aspects of the appointment process. The committees focused on the items they could agree on, and other aspects of process will be discussed at the next meeting. This action diminishes the perception of shaping the Board. Additional discussion centered on the fact that there is a large window between when a new Board is seated in April and the selection of the appointed directors the following year.

The motion passed by a vote of 11-4 (Directors Walker, Hoffman, Bohlin, and Merideth against) with Director Dudley abstaining.

IX. Motions

a. Postponed from July 2025 Meeting

i. Pardon & Amnesty Updated - Vaccine Mandate Motion (Director Bishop)

Director Bishop explained the background and some of the legal aspects of the issue. He believes this is a chance for us to be a Board of influence. The orders were issued in January to right the wrong of service members dismissed for not

receiving the COVID vaccine, but the policy is not being implemented. Over 95,000 members left the service and it is estimated that hundreds of them were graduates. He introduced Brig Gen (ret) Cunningham '96 who talked about the medical aspects and her personal experience with the Anthrax and COVID vaccines. She was denied both medical and religious accommodation requests and was forced to retire rather than take the vaccine.

MOTION: Director Bishop moved and Director Fogassy seconded that the AOG BOD adopt the resolution endorsing that the President of the United States grant pardons/amnesty to all who have suffered harm from the Anthrax or COVID mandates and recommend to OSW P&R that the vaccine task force be established to evaluate all the transgressions that occurred during the mandate period against our military personnel. Additionally, the AOG BOD recommends OSW P&R explore all options to expedite the processing of correction of military records and provide relief through the VA for those who have been harmed by the vaccine if not eligible for military-related healthcare.

Discussion: A discussion ensued regarding whether this would be considered political or interfering in U.S. policy. One director questioned why we would not tell a graduate with this issue to go directly to STARRS. Other directors questioned why we were doing something that has essentially been overcome by events, and whether the AOG was the appropriate avenue for graduates with issues related to this. A guest stated that in 2018, the board passed a resolution to promote a general and implied the Board has influence that it could use constructively. CEO Hille read Bylaws Article I, Section 3.d. where it says the Board will “refrain from comments on policy decisions of either organization” (USAFA and the USAF).

MOTION: Director Fogassy moved and Director Hoffman seconded to end the discussion.

Discussion: A director pointed out that the action of the Board has significant consequences and we should not rush the discussion.

The motion failed by a vote of 6-8 (Directors Krauth, Dudley, Lowe, Carpenter, Merideth, Thompson, Dial, Cinnamon against) with Directors Evans and Walters abstaining, so the discussion did not end.

Discussion continued about the resolution with comments about how we are trying to be a bridge between the problem and the solution, but that we are not the appropriate tool. Additional comments related to the possibility of turning the motion over to a special committee and finding a way to advocate for our graduates to make this a higher priority. CEO Hille suggested that we needed to find a way to articulate this in a way that talks about service to our graduates and

aligns with the policies of the Department of War. Several directors agreed, and a suggestion was made to turn it over to the new External Communications Committee (ECC).

The motion was withdrawn. The ECC will take action and have a subsequent e-vote after a rewrite of the motion.

ii. Amendment for Appointments (Director Merideth)

This motion was withdrawn as it is to be included with other motions for consideration by the Governance Committee.

iii. Appointed Directors to the AOG BOD (Director Bohlin)

This motion was withdrawn as it is to be included with other motions for consideration by the Governance Committee.

iv. Board of Visitors input on Justice Delayed (Director Bishop)

Director Bishop discussed the fact that sometimes the USAFA justice system is delayed and is detrimental to our cadets.

MOTION: Director Bishop moved and Director Merideth seconded that the following be approved:

Whereas justice delayed is justice denied.

Whereas AOG Board members have received extensive feedback from graduates, parents, cadets, and lawyers that the time involved in resolving military justice cases is excessive

Whereas excessive timelines in administering justice run contrary to the original intent of the military justice system and are extremely detrimental to the morale of a unit.

Whereas graduates, parents, cadets, and lawyers have informed AOG BOD members on other irregularities in the USAFA justice system also negatively impacting morale

It is so moved that the External Communication Committee and/or the Association of Graduates' CEO communicate these concerns of our community to the organization that has oversight of the morale at USAFA--specifically the USAFA Board of Visitors--for their possible action.

Discussion: The discussion centered on whether the AOG should formally direct the Superintendent to expedite the military justice process. Several members clarified that the group's role is to serve as a sounding board, consolidating

concerns from cadets, parents, and graduates and to pass them along, not to issue directives. Some noted that the Superintendent and BOV are already aware of the issue, making further action redundant. Others cautioned that the proposed motion risks sounding like a proclamation, which is outside the AOG's advisory role. It was suggested that concerns be communicated informally through existing channels--specifically via CEO Hille, who meets regularly with the Superintendent and can relay the feedback directly. CEO Hille took this for action.

The motion was withdrawn.

v. Merit in the Military (Director Walker)

Director Walker noted that in our Articles and Incorporation and Bylaws, merit is mentioned many times. He wanted to put this in the form of a resolution that merit-based criteria should be used in all Department of Defense military personnel actions, explicitly prohibiting the use of race, ethnicity, and national origin, to ensure the highest level of combat effectiveness and military readiness.

MOTION: Director Walker moved and Director Hoffman seconded that the Board of Directors adopt the following resolution and the AOG CEO ensure delivery to appropriate congressional leadership.

Discussion: The Board discussed whether religion should be included in the resolution. Some directors argued that pushing issues to Congress is outside the board's scope and does not directly support graduates, cadets, or heritage. It was noted that a presidential executive order already covers the matter, and further proclamations by the Board were seen as inappropriate and potentially diluting our power. Concerns were raised that the Board had been overextending itself with proclamations unrelated to its mission. Others highlighted the importance of addressing merit within the Bylaws rather than through external proclamations. It was pointed out that the BOV is already handling these issues and that the AOG should "stay in its lane" while still considering how to incorporate merit into its governance. Chair Almand noted that the Implementation Task Force should take this forward. In response to a question about the BOV Minutes, Hille noted that the AOG should link to BOV Minutes on their official site rather than duplicating their work.

The motion failed by a vote of 6-9 (Directors Almand, Krauth, Evans, Lowe, Carpenter, Thompson, Dial, Walters, Dudley against) with Director Cinnamon abstaining.

MOTION: Director Almand moved and Director Evans seconded to rearrange the order of remaining items. The motion passed unanimously.

vi. Review of Appointments (Director Merideth)

The motion was withdrawn as it is to be included with other motions for consideration by the Governance Committee.

b. New Motions

Motions related to Charlie Kirk

vii. Honorary Member of AOG Motion (Director Bishop)

viii. Honorary Degree CK from USAFA (Director Bishop)

xiii. New AOG Award CK Recipient (Director Bishop)

Director Bishop submitted three motions related to Charlie Kirk. The three motions were as follows:

MOTION: Director Bishop moved that the USAFA award Charlie Kirk an honorary BS Degree from the USAF Academy for all the reasons in the accompanying Resolution

MOTION: Director Bishop moved that Charlie Kirk be recognized as an Honorary Member of the USAFA Association of Graduates for all of the reasons listed in the proclamation

MOTION: Director Bishop moved that Charlie Kirk be the first recipient of the XXX [unnamed] Award for all of the reasons in the resolution.

Director Bishop then made the following motion:

MOTION: Director Bishop moved and Director Walker seconded that we postpone the three Charlie Kirk motions.

Discussion: SVP Hornsby noted that several media outlets were waiting to see how the AOG would respond to the Kirk issue. Discussion focused on whether proposed motions were appropriate, with recognition that Mr. Kirk's service on the BOV and his connection to the Academy made the gestures meaningful, but also that the proposals could be divisive as not all graduates shared in the idea to honor Mr. Kirk.

Inputs from graduates are split on the issue, with CEO Hille receiving more than 1,400 emails and many phone calls.

Concerns were raised about structural barriers--such as the lack of authority for the Dean of Faculty to grant an honorary degree. Some directors emphasized Kirk's influence on cadets, while others questioned whether he met the threshold for honorary AOG membership or whether this was the right venue. A suggestion was made to amend the motion to drop Mr. Kirk's name from the proposal related to a new award. Several directors suggested finding a different path that would not divide graduates, with some commenting that postponing rather than withdrawing the motions could be divisive in nature.

CEO Hille stressed urgency, noting the AOG faced a press deadline. He suggested that the motions be withdrawn to allow time to receive additional feedback and to make a thoughtful decision about a new award and how we might honor the BOV service of Mr. Kirk. This could help avoid further division, which could affect relations with the AFA Foundation. Several members supported this approach, suggesting that honoring Kirk through a *Checkpoints* article or considering a new award in the future would be more unifying. Two graduate Congressmen have written a memorial for Mr. Kirk which has already been published in ZoomieNews. Chair Almand reiterated her recommendation that the motions be withdrawn.

MOTION TO AMEND: Director Bishop moved and Director Krauth seconded to withdraw the first two motions (the honorary degree and honorary AOG membership).

Discussion: The Directors discussed the feedback being received and the various opinions and perspectives.

The motion passed unanimously (with Director Evans abstaining). The honorary degree and honorary AOG membership motions were withdrawn.

ix. Motion on AOG Award (Director Merideth)

Director Merideth proposed establishing a new award to be given to a citizen of the United States whose character, accomplishments, and stature in the civilian community draw a wholesome comparison to the values of "Integrity First, Service Before Self, and Excellence in All We Do."

MOTION: Director Merideth moved and Director Fogassy seconded to establish the Ronald R. Fogelman award to be presented by the AOG to a U.S. citizen whose accomplishments and service reflect the ideals of the United States Air Force Academy. The Board requests the CEO, in coordination with the Awards Recognition Committee, to determine a professional process for the award and presentation of the award.

Discussion: Discussion centered on whether the award was duplicative of the Thomas D. White Award given by the Academy which honors non-graduates with significant contributions to the Air Force and national security. Others were concerned that naming an award after someone who was a premier example of military leadership did not make sense when awarding it to a civilian. It was pointed out that the recipient did not need to be a civilian and that the award could bring visibility and honor to the Academy, similar to West Point's Thayer Award. Suggestions included exploring alternative names such as the Polaris Award and referring the matter to the Nominating Committee and the Governance Committee for further discussion.

The motion failed by a vote of 6-8 (Directors Almand, Evans, Dudley, Lowe, Carpenter, Thompson, Dial, and Walters against with Directors Cinamon and Krauth abstaining).

x. Motion on AOG DC Presence (Director Merideth)

Director Merideth proposed having an active AOG presence in the National Capital Region as it could enhance the AOG's stated vision to be an "Association of influence and impact."

MOTION: Director Merideth moved and Director Krauth seconded that the Board of Directors direct the AOG CEO to evaluate the feasibility of establishing an AOG presence in the National Capital Region and report his findings at the next scheduled Board of Directors meeting.

Discussion: The discussion was very brief with directors noting prior conversations on the idea and expressing support for expanding influence and visibility in the area.

The motion passed 14-0 (with Director Almand and Evans abstaining).

xi. Governance Committee (GC) to Deliberate Appointed Director Motions (Director Bohlin)

Director Bohlin introduced a motion to assign the responsibility to discuss the three postponed motions related to appointed directors to the Governance Committee. These motions were postponed from the July 2025 meeting. The intent is for the Governance Committee to study the issue, provide an interim report, and recommend possible courses of action.

MOTION: In consideration of the Governance Committee's duties stated in the AOG Bylaws, Article VII. COMMITTEES, Section 6, Standing Committees, para d. Governance Committee (GC), Director Bohlin moved and Director Dudley seconded that the Board assign to the Governance Committee the responsibility to deliberate on the three (3) postponed motions pertaining to

appointed directors made at the Board's 25 July 2025 regular meeting and the GC provide an interim report to the Board, NLT its next regular meeting, regarding: (a) key assumptions, (b) considerations and (c) possible courses of action; then 2. At the following regular Board meeting, the GC will provide a final report to the Board for its consideration; the report will include proposed action item(s) and a final suggestion.

Discussion: Discussion highlighted disagreements over process and substance. Some directors supported handling the matter through the Governance Committee (possibly in joint session with the Nominating Committee), while others argued the key question was simply whether appointed directors should have voting rights. One director noted that the committee had already debated this issue, lacked consensus, and chose not to forward the motion, which was therefore reintroduced by an individual director. Concerns were also raised about the inefficiency of continued debate without resolving the central question.

The motion failed by a vote of 7-9 (Directors Almand, Krauth, Evans, Dudley, Lowe, Carpenter, Thompson, Dial, and Walters against).

xi. Motion to Pass RESOLUTION re AOG Chapters (Director Bishop)

Director Bishop introduced a resolution on AOG chapters, but following discussion and a briefing earlier in the meeting, the original motion was withdrawn. Director Merideth then offered a substitute motion, directing the CEO to renew support for and prioritize revitalization of the AOG Chapter program, present enhancements at the next Board meeting, and coordinate a panel of chapter presidents to supplement the presentation.

MOTION: Director Merideth moved and Director Fogassy seconded that the Board of Directors recognize the need to renew support and priority to AOG Chapters. The Board requests the AOG CEO to elevate the effort to revitalize the AOG Chapter program. The Board requests that the AOG CEO present to the Board the enhancements at the next regular Board meeting and coordinate a panel of AOG Chapter Presidents to supplement the presentation.

Discussion: Discussion was brief with some directors debating whether a formal motion was necessary for actions staff was already pursuing.

The motion passed by a vote of 13-2 (Directors Almand and Dudley against with Director Dial abstaining).

xii. New AOG Award CK Recipient (Director Bishop)

MOTION: Director Bishop moved and Director Fogassy seconded that the AOG will continue to gather inputs from graduates to make recommendations to the AOG Board on appropriate ways to recognize Charlie Kirk.

Discussion: Discussion on the topic was mixed. Some directors thought we were doing a disservice to our graduates by punting on everything related to Charlie Kirk. Others disagreed, stating that we were not punting; it was appropriate to think carefully about how to recognize him.

The motion passed by a vote of 9-4 (Directors Evans, Dial, Dudley, and Walters against with Directors Almand, Lowe, and Carpenter abstaining).

xiii. Special Committee to Deliberate Appointed Director Motions (Director Bohlin)

This motion was withdrawn.

XI. Adjournment

Chair Almand adjourned the meeting at 4:20 p.m. MDT.

Director Motions

Motion on amendment to Clarify Article XII

Author: Director Denny Merideth

MOTION: Move that the AOG Board of Directors amend the Bylaws to clarify Article XII “Amendments to Bylaws and/or Article of Incorporation” by making the following changes (additions in red and deletions with strikethrough):

ARTICLE XII. Amendments to Bylaws and/or Articles of Incorporation

Section 1. Board Proposed: The Bylaws will be reviewed biennially by the Governance Committee. The Board may propose and approve amendments to the Bylaws **and may propose amendments to** ~~for~~ the Articles of Incorporation. All amendments must be approved by two-thirds majority of the entire Board. Bylaws changes are effective immediately upon approval, unless otherwise specified.

Section 2. Membership Proposed: A member may also submit proposed amendments for a vote of the membership by obtaining the signatures of members representing at least five percent of all voting members. ~~All membership-proposed amendments to Bylaws and Articles of Incorporation must be submitted to a vote of the members. A quorum of 10 percent of the membership eligible to vote is required for the vote to be valid. The amendment must be approved by the majority of that quorum. Once the vote is concluded, the revisions and amendments will be adopted upon certification by the Board Secretary.~~

Section 3. Membership Voting: All membership-proposed amendments to Bylaws and Articles of Incorporation **and all Board-proposed amendments to the Articles of Incorporation** must be submitted to a vote of the members. A quorum of 10 percent of the membership eligible to vote is required for the vote to be valid. The amendment must be approved by the majority of that quorum.

Motion on amendment to Clarify Article XII – cont.

~~**Section 4. Non-Substantive Changes:** The Board shall have the authority to make non-substantive wording and numbering changes to the Bylaws for the purpose of ensuring their consistency, grammatical correctness, and coherence.~~

Section 45. Effective Date of Adoption of Membership Proposed Bylaws and Amendments: Once the vote is concluded, and the revisions and amendments approved by the membership under paragraph 3 above will be adopted upon certification of the election by the Board Secretary.

TABLE OF CONTENTS TO BE CHANGED TO REFLECT DELETION OF SECTION 4 AND RENUMBERING OF SECTION 5 TO SECTION 4.

Prior Action: Governance Committee discussed the motion. Director Walters provided an insight on her view that section 4 regarding “Non-Substantive Changes” should be retained. The ensuing discussion was not closed and bears further review upon motion presentation.

Purpose: The amendment written and adopted that changed this portion of the Bylaws inserted some uncertainty and duplicated some language. The bulk of this motion clarifies and cleans up the language. The following explains the logic of the changes:

1. Section 1 change: amending the AOI is codified in the Aol and does not delegate the authority for changes to the BOD. This change aligns the Bylaws with the AOI.
2. Section 2 change: the verbiage deleted is repeated in Sections 3 and 4/5 so deleting the sentences is removing duplicated wording.
3. Section 3 change: adds the clarification of board proposed amendments for vote which aligns the guidance to the change in section 1.
4. Section 4 deletion: the concept is a holdover from previous Bylaws, at least as far back as the 2011 version. The point of the paragraph was to allow the BOD to make non-substantive changes so that mundane type of corrections or improvements did not need full membership approval. With the 2021 amendment giving the BOD authority to make all changes to the Bylaws there is no real need for the non-substantive paragraph.
5. Table of Contents: changing the table of contents is needed in order to reflect the deletion of Section 4 and renumbering of current Section 5 to Section 4.

Engagement Paradox

What the Data Reveals:

- 22.87% participation rate (Page 1) - yet 94.1% satisfaction with process mechanics (Page 8)
- Stark generational divide in participation that winnows to almost none

Strategic Insight: mirrors MIT's Election Lab research showing "higher education, older age" are strongly associated with higher voter turnout. Our issue isn't process failure—it's relevance failure for younger demographics.

Key Implication: high-quality process that isn't reaching the members who most need Board representation for long-term organizational health

USAFA Alumni Board Election Participation by Graduation Decade

2025 Board Election Results - Average participation rate by decade of graduation

Beyond Traditional Voting Theory

CIRCLE Academic Research Findings:

Shows "a 29-point gap in self-reported voter turnout between young people who were contacted at least once and those who were not contacted at all."

Gen Z and Millennials, those early in their career engage weekly when associations adopt technology effectively

Strategic Question: Are we treating all members the same when research shows different generations require fundamentally different engagement approaches?

Note: CIRCLE is the Center for Information & Research on Civic Learning and Engagement at Tufts University.

Appointed Director Timing Issue

The Confusion: Election results announced immediately, appointed directors selected immediately afterward - risk creating perception of predetermined outcomes

Research-Based Solution: MIT Election Lab research shows that transparency and clear processes are key factors in voter engagement. When people understand how systems work, they're more likely to participate.

Implementation Roadmap

Why 26% for Recent Graduates?

Current Reality:

- 44-percentage-point gap between 1970s (48%) and 2020s (4%) graduates
- Overall organizational average: 23% participation

Research-Based Target Logic:

- 26% represents closing the generational gap by exactly half
- Brings recent graduates slightly above organizational average
- Creates measurable benchmark: 44-point gap → 22-point gap

Implementation Timeline: 6 months:

4% → 6.5% | 12 months: 6.5% → 10% | 18 months: 10% → 15.5% | 24 months: 15.5% → 21% | 2027 election: 21% → 26%

Next Steps

Collaborative Team Effort from Grads Who Experienced the Election Process First-Hand

Direct Feedback (Comments Section)

- Majority praised the electronic voting process as efficient and user-friendly
- "This was a very efficient and effective voting process"
- "Simple and straightforward. One stop shop for candidates, bios, amendments, proposals etc."

Top 3 Improvement Areas Identified

- Technical Issues - Session timeouts causing lost votes
- Information Access - Ballot delivery problems and insufficient amendment context
- Data Privacy - Concerns about member information access and unauthorized communications

Technical Issues - Session Management & Platform Stability

"I needed more than one hour to reads all the bios and vote. I lost my ballot when I went over an hour. When I signed in again the ballot I'd been working on was gone and I had to start over."

"Ballot timed out before I was finished and wiped out all of the selections made up to that point. No warning that it was timed out until I tried to cast the ballot."

"I used the Vote Now link and completed and submission failed and brought me back to a blank form requiring me to reenter my selections and submit a second time."

Information Access & Data Privacy

"WAS PRETTY HARD TO GET A BALLOT. STILL DON'T HAVE AN EMAIL. THANKFULLY THIS WAS FOLLOWED UP WITH SNAIL MAIL."

"Arguments for and against the amendment would have been useful."

"I would've like to have more information on the rationale behind the changes to the bylaws."

"I think it's sketchy to receive mail from the Unity group. Who else is the AOG giving my information to?"

"Any candidate who exploited laws pertaining to obtaining my personal information to include my address should be identified on the ballot."

Inquiry: Lyon Boardroom AV

- Current Logitech setup is a closed system, which doesn't allow external microphones/speakers
- LAV (current partner) could "override" the system, but the expense is not worth it for a temporary fix
- Katie will provide an overview of the cost breakout for improvements

Consensus on Motions

- New Category for Surviving Spouses
- Eligibility standards for Achievement Awards (serving director eligibility)
- Non-Director Committee members will be non-voting members
- Elimination of sentence defining “special mtgs as being non-open” – Art. V, Section 7b
- Endorse Director Meredith’s motion to perform outreach to membership re: appointed directors (work in conjunction with Nominating Committee on this)
 - Present options moving forward to BOD April 2026 meeting

Motion 1: Move that the Board amend the AOG

Bylaws: Article 1. Vision, Mission, Guiding

Principles, Section 2. Mission: to read, “. . . support USAFA in its mission to forge leaders of character, motivated to a lifetime of service, and developed to lead our Air Force and Space Force as we fight and win our Nation’s wars.”

Motion 2: Move that the Board amend the AOG Bylaws: **Article I. Vision, Mission, Guiding Principles, Section 3. Guiding Principles:** para. d. by changing “U.S Air Force” to read “Department of the Air Force (DAF)”.

Motion 3: Move that the Board amend the AOG
Bylaws: **Article III. Membership, Section 5.**
Honorary Members: by inserting “the Space
Force,” between “the Air Force,” and “the
Academy”.

Motion 4: Move that the Board amend the AOG

Bylaws: **Article III. Membership, Section 9.**

Termination or Denial of Membership: para. c. by inserting “the Space Force,” between “the Air Force,” and “the Academy”.

03. Bylaw Changes to Awards

Bylaw Changes – Award Eligibility

Current AOG Directors cannot win or be nominated for awards while serving on the Board.

Current AOG Directors cannot nominate individuals for awards while serving on the Board

Governance Committee:

- Suggestion: Bylaws Article VIII, Section 6, c, add “iii” with both statements.

Draft motion together with Board

Award Submissions

Young Alumni Excellence & Leadership Achievement Awards

Standardize award applications & number of winners:

- 2 recommenders (no more & no less) | CV/Resume | Personal Information Validation
- Codify “up to three winners” for each award (YAEA, LAA, & DG)

Encourage committees to evaluate packages on three areas:

- Military excellence
- Business and civilian service excellence
- Contribution to USAFA/AOG Community (outside of financial giving)

Positives:

- Codifies the selection of three members annually
- Encourages analyzation of “contributions” into three clearly defined lanes
- Streamlines the review process for all applications

Negatives:

- Raises the bar for applications, potentially excluding strong candidates
- Prevents the Board from rolling over pre-2025 applications without significant revision

04. Election Ballot & Materials

Proposed Election Materials

1. CV/Resume
2. Candidate statement
3. Official headshot
- 4. Provide answers to three standardized questions**
 - Questions developed by the Nominating Committee and approved by the Board
 - Questions help the electorate understand the candidate's strengths & goals

Positives:

- Encourages meaningful differentiation between applications, highlighting unique strengths and contributions

Negatives:

- Requires the Board to reach consensus on evaluation criteria and priorities
- Assumes voters will thoroughly review each candidate's complete application package

Bylaw Change - Single Pathway to Election Ballot

Two actions finalize an application to be eligible for the ballot

- 1. Acquire 25 member signatures (potentially up to 100 signatures)**
- 2. Complete an application packet**

Positives:

- Reduces confusion by clarifying the application process
- Increases the standard of entry, ensuring more qualified submissions

Negatives:

- Application packages require more time and effort to complete

Governance Committee:

- Suggest: Bylaws Article VI, Section 1, b & c, change wording to reflect new rule
- Suggest: Governance Policies, 4.9, 2, b, iii, change wording to reflect new rule

Draft motion together with Board
for one path on to election ballot

Bylaws Article V, Section 1 edit

05. Board Composition, Size, & Appointed Directors Discussion

Board Composition Discussion

Recommendation to keep current regulation for Director terms:

- 4-year terms with no more than 2 consecutive terms (8 years total)

Other options discussed:

- 6-year terms, no more than 2 consecutive terms (12 years total)
- 6-year terms, not eligible for consecutive terms

Board Composition Discussion

We should have an odd number on the Board

- Currently, 16 Directors serve, and *we recommend 15*

Positives:

- Prevents 8-8 votes & increases the efficiency of the Board

Negatives:

- Implementation timeline & the Board loses a resource

Draft motion together with Board
for 15 Directors

Bylaws Article V, Section 1 edit

Board Composition Discussion

4 options discussed on the path to 15 Directors

(Status quo) 11 elected + 1 CAS president + 4 Appointed

1. 11 elected + 1 CAS president + 3 Appointed
2. 10 elected + 1 CAS president + 4 Appointed (Recommendation)
3. 12 elected + 1 CAS president + 2 Appointed (Recommendation)
4. 14 elected + 1 CAS president

Do you see the following Directors as assets or liabilities?

Gen (Ret.) David “DT” Thompson | 1985
Christian Evans | 2008
Lt Col Nathan Dial | 2010
Major Jennifer Walters | 2011

If you see all four as assets

Vote to Keep 4 Appointed Directors

If you see some as assets and others as liabilities

Vote to keep 2 Appointed Directors

If you see none as an asset, and all as liabilities

Vote to eliminate all Appointed Directors

Vote 1:

Do we have 0 or more than 0 Appointed Directors for reasons outside of replacement?

Vote 2 (if necessary):

Do we have 2 or 4 Appointed Directors for reasons outside of replacement?

Draft motion together with Board
For 0, 2, or 4 Appointed Directors

Bylaws Article V, Section 2, b edit

Appointed Position Discussion

When should the Board appoint?

- Every even year following the election

Positive:

- Allows for the current (not outgoing) Board to determine how to use the tool

Negative:

- Requires 2x more new Director training for staff and less continuity for the Board

Appointed Position Discussion

Appointed Directors serve one 4-year term only

Positive:

- Ensures a range of graduates serving in the Appointed positions

Negative:

- Creates more turnover and less continuity

Draft motion together with Board
for appointing Directors on the even
year following an election

Bylaws, Article V, Section 3, b edit

Appointed Position Discussion

Should Appointed positions be able to run while serving?

- The off-cycle appointments raises this question
- Elections will be held during their 1st and 3rd appointment years

Recommendation:

- Appointed Directors cannot run for election until after their 4-year term is complete

Draft motion together with Board
explaining Appointed directors
cannot run for election until after
their 4-year term is complete

Bylaws, Article V, Section 3, c edit
or
Add “e” to section explaining

Appointed Position Discussion

Mechanics to even year appointees:

- Dial & Evans remain on the Board through April 2028
- Thompson & Walters remain on the Board through April 2030

Positives:

- Board maintains continuity and smoothly transitions to the new appointment format
- Predictable participation and configuration

Negative:

- Requires current appointees to serve 5-year terms.

Draft motion together with Board explaining Appointed directors serve one 4-year term, with carve out for current Appointed Directors

Bylaws, Article V, Section 3, c edit
or
Add “f” to section explaining

06. Requests for Staff & Directors

Communication Strategy with Awards

Staff Request:

1. We would like to see the Communication staff's plan to leverage former winners, Foundation and AOG Board members, and Class Advisory Senate (CAS) members to get the word out and solicit more applications and membership participation in the awards process.

Committee Suggestion: Social media & emails that individuals can copy & paste, to provide one consistent voice with the proper links, information, etc.

Positives:

- Standardizes messaging across the USAFA community
- Leverages the networks of former award recipients, CAS members, and AOG/AFAF Board members
- Encourages authentic engagement from trusted voices within the community

Negatives:

- Increases workload for staff
- Relies on each group's willingness and comfort level to copy, paste, and share the message

Election Information

Staff Request for information:

1. What is the number of candidates on the ballot during the 2019/2021/2023/2025 elections?
2. What is the number of people who used the 25-nomination option in 2019/2021/2023/2025?
3. What is the price point for each election round using the software vendor?
4. Is it possible to add video to the election ballot?
 - Some directors are curious if we can have it to offer a higher level of connection/scrutiny of each candidate.

Future Appointed Directors

Director Request:

We ask each Director to supply 1 name with the following information NLT 1 Sept 2025:

1. Two areas of expertise that drives your recommendation. Provide one sentence for each area.
2. Last Name, First Name
3. Class year
4. Email
5. AOG Number
6. Cell phone
7. Location (city, state)
8. Military status (active duty, retired, separated)
9. Gender (optional)
10. Ethnicity (optional)

Engagement Paradox

What the Data Reveals:

- 22.87% participation rate (Page 1) - yet 94.1% satisfaction with process mechanics (Page 8)
- Stark generational divide in participation that winnows to almost none

Strategic Insight: mirrors MIT's Election Lab research showing "higher education, older age" are strongly associated with higher voter turnout. Our issue isn't process failure—it's relevance failure for younger demographics.

Key Implication: high-quality process that isn't reaching the members who most need Board representation for long-term organizational health

USAFA Alumni Board Election Participation by Graduation Decade

2025 Board Election Results - Average participation rate by decade of graduation

Beyond Traditional Voting Theory

CIRCLE Academic Research Findings:

Shows "a 29-point gap in self-reported voter turnout between young people who were contacted at least once and those who were not contacted at all."

Gen Z and Millennials, those early in their career engage weekly when associations adopt technology effectively

Strategic Question: Are we treating all members the same when research shows different generations require fundamentally different engagement approaches?

Note: CIRCLE is the Center for Information & Research on Civic Learning and Engagement at Tufts University.

Appointed Director Timing Issue

The Confusion: Election results announced immediately, appointed directors selected immediately afterward - risk creating perception of predetermined outcomes

Research-Based Solution: MIT Election Lab research shows that transparency and clear processes are key factors in voter engagement. When people understand how systems work, they're more likely to participate.

Implementation Roadmap

Why 26% for Recent Graduates?

Current Reality:

- 44-percentage-point gap between 1970s (48%) and 2020s (4%) graduates
- Overall organizational average: 23% participation

Research-Based Target Logic:

- 26% represents closing the generational gap by exactly half
- Brings recent graduates slightly above organizational average
- Creates measurable benchmark: 44-point gap → 22-point gap

Implementation Timeline: 6 months:

4% → 6.5% | **12 months:** 6.5% → 10% | **18 months:** 10% → 15.5% | **24 months:** 15.5% → 21% | **2027 election:** 21% → 26%

Next Steps

Collaborative Team Effort from Grads Who Experienced the Election Process First-Hand

Erin Staine-Pine, 98, 33.1%

Ebony Johnson, 2000, 26.5%

Charlie Crouse, 2013, 17.4%

Incorporating the insights and feedback of grads who have already demonstrated a desire to serve in a volunteer capacity for the betterment of the graduate community

October 2025 Meeting → will bring recommendations and motions for the Board's consideration

Direct Feedback (Comments Section)

Strong Overall Satisfaction

- Majority praised the electronic voting process as efficient and user-friendly
- "This was a very efficient and effective voting process"
- "Simple and straightforward. One stop shop for candidates, bios, amendments, proposals etc."

Top 3 Improvement Areas Identified

- Technical Issues - Session timeouts causing lost votes
- Information Access - Ballot delivery problems and insufficient amendment context
- Data Privacy - Concerns about member information access and unauthorized communications

Technical Issues - Session Management & Platform Stability

"I needed more than one hour to reads all the bios and vote. I lost my ballot when I went over an hour. When I signed in again the ballot I'd been working on was gone and I had to start over."

"Ballot timed out before I was finished and wiped out all of the selections made up to that point. No warning that it was timed out until I tried to cast the ballot."

"I used the Vote Now link and completed and submission failed and brought me back to a blank form requiring me to reenter my selections and submit a second time."

Information Access & Data Privacy

"WAS PRETTY HARD TO GET A BALLOT. STILL DON'T HAVE AN EMAIL. THANKFULLY THIS WAS FOLLOWED UP WITH SNAIL MAIL."

"Arguments for and against the amendment would have been useful."

"I would've like to have more information on the rationale behind the changes to the bylaws."

"I think it's sketchy to receive mail from the Unity group. Who else is the AOG giving my information to?"

"Any candidate who exploited laws pertaining to obtaining my personal information to include my address should be identified on the ballot."

Motion on Giving Grads a Voice

Author: Director Rod Bishop

Motion: Move the Board of Directors provide the following directions to the AOG staff:

WHEREAS in February, 2025, AOG members elected new members of the AOG Board of Directors in part because of their pledge to try to cause the AOG to “give grads a voice” about the Air Force Academy, if elected;

WHEREAS in February, 2025, AOG members voted by a margin of 76%+ to change the Articles of Incorporation and the Bylaws of the AOG in part to “give grads a voice” about the Air Force Academy; and

WHEREAS AOG members are more likely to feel that their AOG supports them and, as a result, to support the AOG and the Air Force Academy if the AOG “gives grads a voice” by collecting and providing the Air Force Academy’s leadership information about the view of graduates about the Air Force Academy and other issues of concern to our graduate community, and also forwarding to applicable organizations or offices with the power to take action;

THEREFORE, the Board of Directors of the Air Force Academy Association of Graduates directs that its staff put on the AOG website a means of collecting the views of Air Force Academy graduates about the Air Force Academy, and other issues of concern to graduates, and of identifying appropriate information about those graduates and their concerns/suggestions. Additionally, the staff is asked to provide the AOG Board of Directors ideas and suggestions on additional ways to “give grads a voice” about the Air Force Academy and concerns/suggestions they might have.

Prior Action: None taken.

Purpose: Justification is in body of motion.

Motion on forming External Communications Committee

Author: Director Denny Merideth

Motion: Move that AOG Bylaws be amended to add paragraph e to Article VIII section 6 authorizing a standing External Communications Committee to develop relationships extending the visibility and influence of the AOG and AOG Board by adding the following:

External Communications Committee: The External Communications Committee (ECC) shall be composed of not less than 5 voting Directors and the AOG CEO as a non-voting member. Members shall be experienced in cultivating networks, public engagement, and communication. The ECC shall develop and execute engagement opportunities to build a supportive and synergistic network of relationships across the spectrum of organizations, boards, and entities that can positively impact the AOG's mission and the USAF Academy. The ECC will ensure relationships are supportive of the AOG CEO and BOD. A monthly report will be posted on the BOD internal management platform, and a consolidated report will be given at each scheduled board meeting.

Prior Action: Governance Committee acknowledged the motion, but no discussion or action followed.

Purpose: Members of the BOD have excellent standing with various entities and influence leaders. This committee is to leverage the skills and access of members of the BOD to "advance key mission-related concepts, build alliances, further the impact of the association, raise the confidence of stakeholders, and build trust in the association.

Motion External Communications Committee Appointments

Author: Director Denny Merideth

Motion: Move the following Directors be appointed to the External Communications Committee and the Committee Members select the Committee Chair at their first meeting: DT Thompson, Rod Bishop, Christopher Walker, John Cinnamon, and Alex Fogassy.

Prior Action: Governance Committee acknowledged the motion, but no discussion or action followed.

Purpose: Capture the outstanding capabilities of specific directors to build relationships in concert with the CEO. Each named director has superb credibility with a range of entities and can represent the AOG BOD in a truly impactful fashion.

Motion on BOD Resolution – Merit in the Military

Author: Director Christopher Walker

Motion: Move the Board of Directors adopt the following resolution and the AOG CEO ensure delivery to appropriate congressional leadership.

Resolution – Merit in the Military

WHEREAS, the United States Armed Forces bear the solemn duty to defend the nation and, at all levels, require the best-qualified leaders to ensure mission success and to optimize warfighters' safety;

WHEREAS, the principle of merit-based advancement is fundamental to military effectiveness, requiring personnel actions—including accessions, training, assignment, and promotion—to be based strictly on demonstrated performance, capability, technical competence, and fitness;

WHEREAS, race, ethnicity, and national origin have no correlation with leadership ability, and their consideration in military personnel decisions would violate the constitutionally mandated equal protection of the laws and undermine selection of the best-qualified individuals;

WHEREAS, the use of demographic goals, targets, or preferences in military personnel decisions can erode trust, weaken morale, and diminish unit cohesion, ultimately degrading combat effectiveness;

WHEREAS, DoD civilian employees are protected by statutory prohibition (Title VII) against race-based discrimination, but uniformed service members lack such statutory protection, necessitating clear legislative safeguards; and

WHEREAS, Congress has the constitutional duty under Article I, Section 8 to regulate the armed forces and to ensure military personnel policies align with equal protection principles as much as possible; now, therefore, be it

RESOLVED, by The United States Air Force Academy Association of Graduates, at its Board of Directors meeting on July 25, 2025, that merit-based criteria should be used in all Department of Defense military personnel actions, explicitly prohibiting the use of race, ethnicity, and national origin, to ensure the highest level of combat effectiveness and military readiness.

Motion to form an Advisory Council Task Force

Author: Director Denny Merideth

Motion: Move that the Board of Directors establish an Advisory Council Task Force to determine the feasibility of forming an Advisory Council for the AOG Board of Directors. The Advisory Council would serve as an independent sounding group, provide advice, expertise, and special project leadership. The size of the Council, selection of members, stating objectives, defining clear organizational lines, and lines of synchronization are to be among the recommendations of the Advisory Council Task Force. A key objective is for the Council to provide awareness to the Board on the effectiveness of hearing the voices of graduates and the effectiveness of outreach to graduates from both the AOG and the AOG Board of Directors. An initial report of the Task Force will be due to the Board of Directors at the October 2025 scheduled board meeting.

Prior Action: Governance Committee briefly discussed the motion, but no definite action followed.

Purpose: The benefits of a positively structured and charged advisory council or advisory committee can be significant. Establishing an advisory body can expand the active involvement of graduates, provide both a depth and breadth of knowledge to be tapped for advice, and enhance the transparency of the BOD. There are advisory bodies at other institutions and non-profits that can be researched for whether the concept is effective or not. The potential benefits of an advisory body justify the formation of a task force to make recommendations and to refine an approach to implementation.

Motion on BOD Resolution - Pardon & Amnesty

Author: Director Rod Bishop

Motion: Move the Board of Directors adopt the following resolution and the AOG CEO ensure delivery to appropriate administration leadership.

WHEREAS federal courts have ruled that the military's anthrax and COVID vaccine mandates violated federal law and the President of the United States and the Secretary of Defense have stated in writing that the military's COVID vaccine mandate was "unjust" and "unlawful as implemented," respectively;

WHEREAS, thousands of military members, **including USAFA graduates**, negatively impacted by these illegal military vaccine mandates deserve remedies they have not received;

WHEREAS, the means of obtaining these remedies, including through the Boards for Correction of Military Records, which can be costly and time-consuming, are not timely, effective or otherwise satisfactory;

THEREFORE, the Board of Directors of the Air Force Academy Association of Graduates strongly endorses the recommendation of other organizations that the President of the United States grant pardons/amnesty to all those who have been negatively impacted by the military's anthrax or COVID vaccine mandates.

This resolution will be posted on our Association of Graduates website and included in updates sent to graduates of the United States Air Force Academy.

Prior Action: None taken.

Purpose: Justification is in body of resolution.

Motion Regarding Appointed Directors to the AOG BOD

Author: Director Dan Bohlin

Motion: Move that the AOG Board directs that the Governance Committee report to the Board proposed changes to the Bylaws, NLT than its next regular meeting, that ensure the Board only makes future Director appointments to the Board to fill elected Directors' vacated positions.

Prior Action: Governance Committee acknowledged the motion, and incorporated ideas into the larger discussion of appointed directors but no action followed.

Purpose: In March and April 2025 following the issues surrounding appointments there were many graduates who voiced concerns about the process. This motion honors their request of BOD having no appointed Directors except to fill a vacated elected Director's position for the remainder of that Director's term.

Motion on Aligning Bylaws with USAFA and DAF Terminology

Author: Director Dan Bohlin

Motion: Move that the AOG Board amends the AOG Bylaws as reflected in the following:

Article I. Vision, Mission, Guiding Principles, Section 2. Mission: to read, “. . . support USAFA in its mission to forge leaders of character, motivated to a lifetime of service, and developed to lead our Air Force and Space Force as we fight and win our Nation’s wars.”

Article I. Vision, Mission, Guiding Principles, Section 3. Guiding Principles: para. d. by changing “U.S. Air Force” to read “Department of the Air Force (DAF).” [*Director Fogassy recommends “U.S. Air Force and U.S. Space Force” instead of Department of the Air Force (DAF) for this line*]

Article III. Membership, Section 5. Honorary Members: by inserting “the Space Force,” between the Air Force and the Academy.

Article III. Membership, Section 9. Termination or Denial of Membership: para. c. by inserting “the Space Force,” between the Air Force and the Academy.

Prior Action: Governance Committee discussed the motion and Chair Krauth stated that prior proposals by the committee for like changes would be incorporated into the final motions. General consensus to support the changes.

Purpose: Update the guidance to incorporate changes made to the alignment of the Space Force, Department of the Air Force and USAFA mission and vision statements.

Motion on Review of Appointments

Author: Director Denny Merideth

Motion: Move that the Board of Directors direct the Governance Committee to conduct an outreach process to gather AOG member inputs on Board appointment of directors, review requirements, establish a timeline of actions, and prepare a proposed amendment addressing BOD appointments of directors. to be voted upon by the AOG Board of Directors at the October 2025 scheduled board meeting.

Prior Action: Governance Committee discussed at two committee meetings with general agreement on concept and wording. Primary clarification needed on date as the initial motion identified December meeting and at most recent committee meeting a general agreement was that the April 2026 meeting would give time to prepare. Additional discussion on the group to task led to a consideration of a joint committee made up of the Governance Committee and the Nominations Committee.

Purpose: There are several issues raised concerning BOD makeup, term length, appointments, and voting as well as several motions put forward to amend guidance in reference to the wide range of questions. Establishing a responsible committee or task force with an expected completion date consolidates the linked issues.

Motion on Amendment for Appointments

Author: Director Denny Merideth

Motion: Move that the AOG Board of Directors amend the Bylaws to make Appointed Directors non-voting positions except in the case where a director is appointed to replace an elected Director vacancy by making the following changes:

Change Article II Section 5 to read: **Appointed Directors:** AOG graduate members appointed to the Board of Directors as non-voting Directors pursuant to the requirements set forth in Article V”.

Change first line of Article V Section 2b to read: “There shall be no more than four non-voting appointed directors ...”

Change first line of Article V, Section 5d to read “The Secretary shall be an elected ~~or appointed~~ director and shall serve as...”

Change Article V Section 10a to read: A quorum of two-thirds of the total number of directors eligible to vote must be present for the Board to act on any issue.

Change Article V Section 10b to read: Each elected director, and any director appointed to fill an elected vacancy, is entitled to one vote on every issue., ~~except that appointed directors eligible for reappointment may not ratify their own appointment.~~

Prior Action: Governance Committee acknowledged the motion, but no discussion or action followed.

Purpose: In March and April 2025 following the issues surrounding appointments there were many graduates who voiced concerns about the process. This motion honors their request for the BOD to consider the voting privileges of appointment Directors.

Motion on Surviving Spouse Amendment

Author: Director Alexander Fogassy

Motion: Move that AOG Bylaws be amended to add a category of membership to Article III titled “Surviving Spouse Member” by making the following changes:

Replace Article III Section 2 with the following: **“Surviving Spouse Members:** Surviving spouses of Graduate Members are invited to opt-in for a lifetime membership in honor of their spouse’s Graduate Membership with all benefits except they may not vote in elections.”

Renumber the remaining sections to 3 through 10 accordingly.

Prior Action: Governance Committee discussed the motion and CEO Mark Hille provided additional input as to the current recognition of Surviving Spouses. The discussion included a determination that the category of Surviving Spouse would be for the spouse at the time of a member’s death. The details of how to incorporate the added category with ongoing recognition efforts would be the responsibility of the AOG staff.

Purpose: Throughout a lifetime of service and commitment to the AOG the spouses of many graduates are just as invested as their graduate spouse. The addition of the category of “Surviving Spouse” recognizes the service and commitment that a spouse has given through lifetime of association with the AOG.

Motion on transparency Amendments

Author: Director Denny Merideth

Motion: Move that AOG Bylaws be amended to improve transparency by making the following changes:

Change Article V Section 7b to delete the following sentence: "Special meetings are not considered open meetings."

Delete the second sentence of Article V Section 8: "All Board meetings shall be open to all members who are able to attend in person. ~~This does not include attendance at committee meetings.~~"

Prior Action: Governance Committee discussed the motion and addressed whether the entire sentence should be deleted or just to remove the word "not" from first portion of motion. Either action achieves the same end point. The deciding point is whether a positive reference to "are open" is preferred versus the lack of any contrary statement about the meetings being closed.

Purpose: There has been a perception of a lack of transparency in BOD meetings and decisions. These two changes are fashioned to make improvements in both the perception and the practical application of transparency.

Motion - Justice Delayed Input to Board of Visitors Committee

Author: Director Rod Bishop

Motion:

Whereas justice delayed is justice denied.

Whereas AOG Board members have received extensive feedback from graduates, parents, cadets, and lawyers that the time involved in resolving military justice cases is excessive

Whereas excessive timelines in administering justice run contrary to the original intent of the military justice system and are extremely detrimental to the morale of a unit.

Whereas graduates, parents, cadets, and lawyers have informed AOG BOD members on other irregularities in the USAFA justice system also negatively impacting morale

It is so moved that the External Affairs Committee and /or the Association of Graduates' CEO communicate these concerns of our community to the organization that has oversight of the morale at USAFA – specifically the USAFA Board of Visitors – for their possible action.

Prior Action: No prior action.

Purpose: Captured in the body of the motion.

Motion on amendment to Clarify Article XII

Author: Director Denny Merideth

MOTION: Move that the AOG Board of Directors amend the Bylaws to clarify Article XII "Amendments to Bylaws and/or Article of Incorporation" by making the following changes (additions in red and deletions with strikethrough):

ARTICLE XII. Amendments to Bylaws and/or Articles of Incorporation

Section 1. Board Proposed: The Bylaws will be reviewed biennially by the Governance Committee. The Board may propose and approve amendments to the Bylaws **and may propose amendments to** ~~for the~~ Articles of Incorporation. All amendments must be approved by two-thirds majority of the entire Board. Bylaws changes are effective immediately upon approval, unless otherwise specified.

Section 2. Membership Proposed: A member may also submit proposed amendments for a vote of the membership by obtaining the signatures of members representing at least five percent of all voting members. ~~All membership-proposed amendments to Bylaws and Articles of Incorporation must be submitted to a vote of the members. A quorum of 10 percent of the membership eligible to vote is required for the vote to be valid. The amendment must be approved by the majority of that quorum. Once the vote is concluded, the revisions and amendments will be adopted upon certification by the Board Secretary.~~

Section 3. Membership Voting: All membership-proposed amendments to Bylaws and Articles of Incorporation **and all Board-proposed amendments to the Articles of Incorporation** must be submitted to a vote of the members. A quorum of 10 percent of the membership eligible to vote is required for the vote to be valid. The amendment must be approved by the majority of that quorum.

Motion on amendment to Clarify Article XII - cont.

Section 4. Non-Substantive Changes: The Board shall have the authority to make non-substantive wording and numbering changes to the Bylaws for the purpose of ensuring their consistency, grammatical correctness, and coherence.

Section 45. Effective Date of Adoption of Membership Proposed Bylaws and Amendments: Once the vote is concluded, and the revisions and amendments will be adopted upon certification of the election by the Board Secretary.

Prior Action: Governance Committee discussed the motion. Director Walters provided an insight on her view that section 4 regarding “Non-Substantive Changes” should be retained. The ensuing discussion was not closed and bears further review upon motion presentation.

Purpose: The amendment written and adopted that changed this portion of the Bylaws inserted some uncertainty and duplicated some language. The bulk of this motion clarifies and cleans up the language. The following explains the logic of the changes:

1. Section 1 change: amending the AOI is codified in the Aol and does not delegate the authority for changes to the BOD. This change aligns the Bylaws with the AOI.
2. Section 2 change: the verbiage deleted is repeated in Sections 3 and 4/5 so deleting the sentences is removing duplicated wording.
3. Section 3 change: adds the clarification of board proposed amendments for vote which aligns the guidance to the change in section 1.
4. Section 4 deletion: the concept is a holdover from previous Bylaws, at least as far back as the 2011 version. The point of the paragraph was to allow the BOD to make non-substantive changes so that mundane type of corrections or improvements did not need full membership approval. With the 2021 amendment giving the BOD authority to make all changes to the Bylaws there is no real need for the non-substantive paragraph.

MONITORING REPORT

DATE: 25 July 2025
POLICY TYPE: Executive Limitations
POLICY NUMBER: 2.5
POLICY TITLE: Asset Protection
POLICY DESCRIPTION: **The CEO shall not allow the assets of the AOG to be unprotected, inadequately maintained or unnecessarily risked. Accordingly, he or she may not:**

- 1. Fail to insure:**
 - a. against theft and casualty losses to at least replacement value, and**
 - b. against liability losses to Board members, staff and the organization itself in an amount at least equal to the average for comparable organizations.**

REPORT:

The AOG maintains a comprehensive set of insurance policies which provide protection against theft and casualty losses; the current policy covers the calendar year. The current year coverage for Doolittle Hall and surrounding area (including the Southeast Asia Memorial Pavilion and Plaza of Heroes) is \$14 million. Additionally, the AOG maintains a Directors and Officers policy in the amount of \$4.0 million, Employment Practices Liability coverage of \$4.0 million, and Fiduciary Liability Insurance of \$1.0 million, which are all sufficient coverage for an organization of our size. The AOG also maintains an umbrella liability policy of \$9.0 million, business auto liability and calendar year workers compensation coverage of \$1.0 million each, and a general liability policy (aggregate) of \$1.0 million. Our Cyber Insurance coverage is \$2.0 million to cover incident response, digital data recovery, network extortions, and payment card loss.

2. Allow on-bonded personnel access to material amounts of funds or fail to insure against employee theft and dishonesty.

REPORT:

The AOG employee theft and dishonesty policy has coverage of \$3 million for the new coverage year and provides protection to the organization for acts of theft by AOG employees; forgery and alteration of documents, computer fraud, credit card fraud, and other liabilities. Additionally, our internal operating and control policies provide for appropriate segregation of duties and responsibilities that ensure the proper handling for cash and credit card data.

3. Subject facilities and equipment to improper wear and tear or insufficient maintenance.

REPORT:

The AOG has a facilities staff who maintain our building. The organization, by direction of the Board, established and funded a Heritage Initiatives and Preservation Fund that provides for the purchase of equipment and payment for services incurred to maintain all areas of the

constructed and leased property, excluding Doolittle Hall. When needed, maintenance assets and equipment are purchased, and upkeep and upgrade operations are conducted regularly to maintain the property.

4. Unnecessarily expose the AOG, its Board or staff to claims of liability.

REPORT:

As previously mentioned, the AOG maintains Directors and Officers, Employment Practices and other insurance coverage to mitigate exposure for the organization. Our internal operating procedures, human resource policies and our building use and maintenance procedures are developed and designed to provide a reasonable, commonly accepted and legal approach to conducting our business. Additionally, issues of a questionable nature which may affect the AOG's legal liability are referred to available legal counsel for an appropriate opinion, when necessary.

5. Make any purchase:

a. wherein normally prudent protection has not been given against conflict of interest

REPORT:

The AOG has a Conflict-of-Interest policy which requires Directors and Officers to disclose any conflicts or affirm that no conflict exists. This policy is executed on an annual basis, and Directors and Officers are required to update the disclosure in the event an occasion arises that would create a potential conflict of interest. The Employee Handbook, given to and acknowledged by all employees, also states the organization's policy regarding employee conflicts of interest.

b. of over \$50,000 without having obtained comparative prices and quality

REPORT:

All major purchases for the organization are approved by both the CEO and the CFO. Organization policy requires the submission of three qualified estimates or bids, when possible, for purchases in excess of \$50,000.

6. Fail to protect intellectual property, information and files from loss or significant damage, in accordance with commonly accepted business practices.

REPORT:

The AOG maintains electronic files which are backed up regularly to cloud storage service. Additionally, internal hard copy files are kept in a central location, and are locked, with limited access, during off duty hours.

7. Fail to inventory and maintain physical property with safeguards to minimize/prevent loss, damage or theft.

REPORT:

Merchandise for sale is inventoried and kept under lock and key in a designated storage area with limited and controlled access. Additionally, a detailed inventory of all fixed assets is maintained in our accounting software.

8. Receive, process, or disburse funds under controls that are insufficient to meet the Board-appointed auditor's standards.

REPORT:

Counter cash for merchandise is balanced daily with the assistance of the Customer Service staff, a cash requirements list is approved by the Senior Director for Finance prior to printing and disbursing of checks, and transfers of operating funds to Schwab, our investments custodian, are approved in writing by two senior staff members before being authorized for transmittal. Petty cash is sparingly used and is kept locked in a hardened steel safe during the day and after hours.

9. Endanger the AOG's public image or credibility.

REPORT:

All employees on staff have received a copy of the updated January 2024 Employee Handbook which outlines employee responsibilities to the organization, in fact and in appearance.

10. Change the organization's name or substantially alter its identity.

REPORT:

In its meeting on October 18, 2024, the Association of Graduates board of directors approved a new brand and identity, including use of a shared brand with the Air Force Academy Foundation. Though the shared brand makes use of the name U.S. Air Force Academy Association & Foundation, the Association of Graduates' name remains the organizational identity, and the brand captures the mission and purpose of the AOG.

Board Remarks – July 2025

1. Good morning. My remarks today will be focused on two principal topics before handing over the floor to Baja/Kelly and Katie. First, I will offer some reflections on our organization after five years in this or an adjacent seat, and second, I will provide my traditional overview of our activity for the last quarter.
2. I'll begin with some history.
3. During the AOG election in February of 2019, the membership approved a change to the Bylaws, and with it, the adoption of the single CEO model. General Mike Gould was subsequently named the first CEO in the spring of 2020.
4. I returned to our Academy about that same time and have served, first as the president and now CEO... During those years, I've had a chance to observe several realities of this unique union.
5. One observation is that we are not alone. I'm often asked "what do West Point and Annapolis do?" West Point has a single organization and a single board – not unlike our AOG circa 2001. Annapolis, on the other hand, mirrors our organization today - two boards connected by a memorandum of agreement, sharing a single staff. The only difference is that our Annapolis colleagues have been at it for nearly 30 years instead of 5. Regardless of the governance model, in both instances the staff functions as a single unit. Alumni affairs, communications, development, stewardship...all integrated.
6. This is common in higher education and creates – from the staff perspective at least – significant operating efficiencies. There is a unified operating approach to our daily "external relations activities" without significant intramural squabbles, daily collisions or overlapping responsibilities.
7. From the board perspective, there are efficiencies in sharing staff as well. We save money. Several years ago we were paying for two finance offices, two HR functions, two communications departments, two payroll systems and separate benefits plans with smaller and more costly insurance pools. In combining the staff, we have eliminated duplicative support positions, cut cost and redeployed savings into the core business of engagement and fundraising...this is good.
8. But as the saying goes, there's no free lunch.
9. So, while the staff has a sense of being unified internally, we see the potential for competing priorities at the board level, and for tension. Which organization does the staff report to - both organizations fully, or to each one partially? What happens if the boards disagree about a response to Academy actions or policies? What happens if there are differing priorities for use of the staff? Indeed, it is not unreasonable to imagine that the boards may wrestle with these questions under the terms of the current arrangement. While each board retains full authority

to direct the activities of its organization, in a practical sense, each board's actions may significantly impact the future of the other.

10. In effect, each board has surrendered a bit of its autonomy to this greater joint enterprise, for the promise of a brighter future for all. These are boundaries yet to be tested, thankfully, and we will give everything we have to keep the system in its fine balance...but that balance does keep me awake at night.
11. I'll add a final wrinkle to this...the size of our boards. Between the two organizations we have 77 directors of which 70 are voting members serving on 21 different committees. We host seven board meetings and roughly 90 individual committee meetings each year, not including the activities of the Class Advisory Senate and other advisory councils. As an engagement tool, more is more...but from the standpoint of good governance and unity of purpose, I see a structural limit emerging. No doubt these issues were discussed six or seven years ago at the beginning of this arrangement – and those questions may need to be readdressed in the years to come.
12. **NEXT SLIDE:** Now to our performance over the last quarter.
13. One major development in terms of our first priority, **engagement**, is the addition of Baja Cornelius to the team, having taken over the responsibilities that Naviere held prior to her move to North Dakota and subsequent change in role. Recall that we sought an individual to round out our senior team who had significant Air Force experience, and Baja's presence and background is beginning to have the intended effect. Baja was only a few weeks into his tenure at the last meeting – now he is getting his arms around the work of graduate and parent relations...reunions, chapters, career services, Next of Kin support, graduate events.
14. Several of these programs are in need of renewed attention. As we aim to further expand alumni engagement around the country, we really do need to solve the **great question of chapters**. Chapters are wonderful instruments of local engagement, and in some places they are incredibly active organizations, to powerful effect. North Texas and South Carolina are two strong examples. But in many other locations, chapters are not active at all. Some chapters have broad representation of all grads living in that area... young, old, active duty, guard, reserve, retired and those in civilian careers. The Twin Cities Chapter stands out. Meanwhile others are unidimensional – a few classmates meeting for coffee at 10am.
15. Chapters come in all shapes and sizes, but each should be growing and reaching new members in their own way. Baja now has the challenge in the coming year to take the feedback from our strategic plan mid-course review, from chapters, and blend that to reinvest, and where necessary, reinvent our approach.
16. Another topic Baja has been tackling – which he will say more about in a moment – is our reunion program. We were delighted to receive a \$4mm gift last year to help make reunions more accessible, especially for the 10 and 20 year classes. But we have much work left to do to achieve our strategic goal of an 18-month planning window. Some classes naturally get there

(Class of '76 has been working on its 50th since the 45th), but others get behind the curve and the experience suffers.

17. Meanwhile, our membership for all program continues with current and soon-to-be graduates. We are also outpacing parent (non-voting) memberships from prior years. This, along with small improvements in our earned revenue activity in the last quarter means that we are trending in the right direction. I am pleased to report that in both the Association and Foundation, our net assets are growing, and we are meeting or exceeding operating results.
18. A particular bright spot provides an opportunity to compliment Naviere in her new responsibilities. Our NextGen Advisory Council is up and running, and may be among the most important efforts we will undertake during my tenure. Following both boards' direction two years ago, we have formed a council advising the boards and the CEO, and working to connect, engage and invite the participation of graduates under the age of 50. This weekend the Council is meeting for the first time – 23 of the most dynamic individuals have dedicated their time and significant resource to making a difference. This group will meet twice a year, including this weekend when they will be reviewing the results of a recently completed young grad survey. I would strongly encourage each of you to spend time getting to know members of the council.
19. In terms of **philanthropy**, the first half of the year has been a good one. We understood that this would be the year or 18 months of a “recovery breath” following the successful seven-year campaign. Many of our most loyal donors made stretch commitments during the campaign, and the key projects have been completed, or nearly so. This is our chance for a strategic pause as we gather information from the Academy and stakeholders and consider the framework of the next campaign. Kelly will talk about the process, but the future effort might amount to another seven years, and a half billion dollars of support.
20. We can already see some projects emerging as possibilities; a renovated Doolittle hall, a restored Carlton house, help with the Baseball Field and the Cadet Library renovation, and perhaps a Space Education Center if approved. There must also be support for academic and athletic programs, faculty and departmental endowments, cadet travel as well as unrestricted contributions. The total needs will almost certainly outstrip our capacity, so identifying the intersection what is needed and what donors will support is key.
21. This moment of campaign soul-searching coincides with significant transformation at our Academy. Civilian personnel cuts, talk of a staff reorganization and change across DoD all mean that the question of “wither goes thou” our Academy is the essential one.
22. Nevertheless, we've raised more than \$21 million in the first half of the year outpacing 2024 and several of our better years in the campaign... I'm also pleased to report that we have finished out all but one of the major campaign projects and priorities, the remaining one being the Tuskegee airman memorial, a priority set by our former superintendent and carried forward by this administration.

23. But back on the naughty list after a great year in 2024 is graduate participation. It seems that as soon as we move the needle in the positive direction, we take a step back. Consistency in participation, especially for graduates of the last three decades, is a real issue. I will invite Kelly to share more about this during her remarks – we work on participation every day.
24. Now let's turn our attention to our third strategic imperative, **stewardship**.
25. A moment ago I mentioned a renovated Doolittle Hall. That gives me an opportunity to talk about our stewardship imperative of the history and heritage of the Long Blue Line. The future of Doolittle Hall, this campus and the heritage trail is an obligation we take seriously. I am pleased to say that we inspirational images to get us launched on a fundraising effort to restore and enhance Doolittle Hall, ensuring that it is a heritage and events center for the future. Constructed in 1992, Doolittle Hall has been a marvelous asset of the Association of Graduates, but it was chopped up over the years with offices and it become more difficult to host events. With the completion of Wecker Hall and Yost Plaza, we are able to tackle a bold vision for the future of our AOG home. We are also proudly adding to the heritage trail...with ribbon cuttings set for fall of 2026.
26. **Communication**...One of the big demands of the strategic plan was to create and launch a combined brand for both the Association of Graduates and the Air Force Academy Foundation. Several recent comments from our graduate community, following the launch of the new website, have questioned the fidelity of the new brand to our heritage as an organization. Are we still the Association of **Graduates**? Are we also the Foundation? The answer is...yes. The organizations' names remain the Association of Graduates and the Air Force Academy Foundation. But rather than continue with two completely unrelated brands, we sought and received approval in 2024 for a combined representation of our organizations, abbreviated the association and foundation. I believe this multi-layer approach has merit, and would urge us to live with it for a period of up to 18 months before considering major adjustments, even as we sharpen our use of the individual and combined brands. Bill Boisture '67 – former CEO of Gulfstream and AOG director encouraged us to “spend behind the new brand” and tell the story of both organizations working together.
27. Amidst this, we are pleased to have launched a new website on July 1, and not a moment too soon. The AOG website was nearly 20 years old, and it showed. I bet you didn't know that every time we wanted to change a sentence, add a period, post a photo or a new set of minutes we needed a computer programmer to change code... this is how websites were constructed 20 years ago. Modern websites are far more nimble. We now have a website platform that allows our team to quickly respond with changes and new functionality. We launched the new site with the majority, but not all, of the content we will ultimately have. Each week we're adding another 5 to 10%. By the end of summer we will be fully operational.
28. I also want a reference the quality of our social media and new media. Three years ago we had little if any social media presence and our new media presence was thin. I am proud to say that has changed. This may not mean much to some of us who consume information via hard copy or email... But to engage young graduates, this is an essential capability. I would ask you spend a

little bit of time orienting yourself to some of these improvements. Wyatt or Naviere would be delighted to walk you thru individually as well.

29. Finally, a reference about our **organizational excellence**. One of the more significant developments for our staff over the last year is what we call our leadership council. It is effectively the next line of leaders in our organization beyond the group that's here in the boardroom with you. All credit to Katie Willemarck for not only bringing this concept forward, but nurturing it as well. The strategic plan calls for thoughtful succession planning training our newer leaders, is part of that. The results are positive - a stronger sense of shared goals, reduced turnover, and increased productivity and professionalism. And of course the move to Wecker Hall has arrived right on time – further enhancing our ability to work efficiently together day in and day out.
30. In closing, on behalf of the staff I thank you for your continuing service and generosity. We serve a noble mission together, and we appreciate the care you provide to us amidst your duties for the Association and Foundation.
31. I'll pass the mic to Baja and Katie.

Financial Statements

For the fiscal year to date through June 30, 2025

Management Discussion and Analysis

Statement of Financial Position (Page 2)

The enclosed financial results for the fiscal year-to-date through June 30, 2025, were prepared in accordance with generally accepted accounting principles (GAAP).

The total assets of the organization were \$124 million, an increase of approximately \$5.1 million from 2024. The use of \$10M of Moller fundings for the Kucera Legacy Center at the Academy's direction has been offset by market growth over the past year in both investments and the beneficial interest. Cash has decreased year-over-year due to timing of the Moller trust. In 2024, the Moller June payment was invested in July. In 2025, the Moller June payment was moved into investments in June. Additionally, pledges and accounts receivable decreased year-over-year related to timing of sponsorship payments.

Total liabilities have increased by \$0.5 million related to timing of the intercompany payable expenses owed to AFAF and timing of deferred sponsorship contracts.

Total net assets have increased \$4.5 million from the use of \$10M of Moller funds for the Kucera Legacy Center combined with 2024/2025 market performance.

Operating Statement of Activities (Page 3)

Overall, we have a net surplus of \$2.4 million for the fiscal year to date, entirely due to investment gains. Shortfalls on revenue targets are being offset by overall savings in expenses.

Revenues (Highlights Page 3)

- Overall revenue is slower than budgeted. **Merchandising revenue** has been negatively impacted by base closures and not hosting Fam Fest on In-processing Day. **Advertising and Sponsorship revenue** remain behind and an area of focus for the AOG.

Expenses (Highlights Page 3)

- **Personnel costs** are lower than budgeted by \$236 thousand due to attrition.
- Overall, we are controlling our costs well particularly within events and employee travel.

Statement of Financial Position As of June 30, (Unaudited)

Nomination Recommendation for AOG Honorary Membership
Mr. Duane Boyle

Nomination Written by Lt. Col. (Ret.) Steven A. Simon, Class of '77
3 June 2025

I am proud to recommend Mr. Duane Boyle for honorary membership in the Association of Graduates. The AOG Bylaws state that “Honorary membership may be awarded to non-graduates who have rendered outstanding and conspicuous service to the Air Force, the Academy, and/or the AOG.” Mr. Boyle has served the Academy with distinction for parts of six decades. Since the Academy’s founding days, no one has been more responsible for the Academy’s strict adherence to the architectural standards that make our alma mater a cherished national treasure.

Duane Boyle is a native of Colorado Springs. He grew up on the Air Force Academy campus, utilizing facilities such as the Field House and the cadet library, and spending time on the Academy Terrazzo during high school. Those experiences inspired him to pursue a career in architecture. After graduating from Air Academy High School, he attended the University of Colorado, where he earned both his bachelor’s and master’s degrees in architecture. In May 1979, while awaiting his license, he took an internship in Colorado Springs with Skidmore, Owings and Merrill, the Chicago-based architectural firm that designed the Air Force Academy. Shortly afterward, the Academy requested SOM to prepare a master plan, as one had not been established since the original construction in the late 1950s and early 1960s. Boyle contributed to that project, which reinforced his interest in modernist architecture. After completing the updated master plan, SOM departed, leaving no one at USAFA to oversee the Academy’s architectural integrity and ensure that future structures maintained the necessary design quality to keep the campus thematically cohesive.

To address that shortcoming, visionary Academy officials brought Duane onto the Academy staff, despite there being no architect position available at the time. Over the next 40 years, he took part in every project that transformed the Academy’s fundamental appearance. He managed most of the Academy’s master planning, ensuring that each new proposal considered how the buildings relate to and enhance one another. His first project involved finding a location for and overseeing the construction of the B-52 static display near the North Gate. He played a crucial role in the Academy’s application for the Cadet Area to be included in the Department of the Interior’s National Register of Historic Places. That designation, authorized by the National Historic Preservation Act of 1966, is part of a national program aimed at coordinating and supporting public and private efforts to identify, evaluate, and protect America’s historic and architectural resources deserving of preservation. The Academy received this honor on April 1, 2004, the 50th anniversary of its founding.

Mr. Boyle played a pivotal role in the Academy's most significant architectural upgrades and campus transformations over the past four decades. He managed the renovation of the Air Garden, restoring it to its original design by noted landscape architect Dan Kiley. He brought an innovative approach to the design of Polaris Hall, proposing and overseeing a competition among designers to create the most iconic design possible. The success of his proposal is evident in the striking building that emerged from the competition. Until his retirement in December 2024, he oversaw the planning for the ongoing renovation of the Cadet Chapel,

leading the effort to ensure that the replacement aluminum matches the look, properties, and color profile of the original material.

He represented the Academy in numerous professional organizations and architectural forums throughout his career. He served two terms as President of the Colorado South Chapter of the American Institute of Architects. He also held the position of President at the Partnership for Community Design. As an Advisory Board Member for the City of Colorado Springs, he assisted in evaluating design proposals for public buildings. He was a Council Member for the Pacific Region of the Society for College and University Planning. The governor appointed him to the Colorado Board of Examiners of Architects, where he served as President and Board Member of the Colorado Department of Regulatory Agencies.

Mr. Boyle was generous in his commitment to both the written and spoken word, reflecting positively on the Academy. He authored several papers about the Academy and its unique architecture. In his service to the Academy, he played a key role in preserving its rich heritage. Duane was heavily involved in the seminal work on the design and construction of the Academy campus, "Modernism at Mid-Century: The Architecture of the United States Air Force Academy." The book's acknowledgement page thanks "Duane Boyle, who, charged with overseeing the preparation of this book from the Academy's side, made it a personal crusade." The book includes an interview he conducted with the then-Superintendent, Lieutenant General Brad Hosmer, a Class of '59 graduate. Boyle was a recurring guest lecturer at the University of Colorado. He spoke at the Saving Places National Conference on Historic Preservation and frequently appeared as a guest on Colorado Public Radio.

Even closer to home, Duane generously dedicated his time to support the Association of Graduates. He provided essential architectural facts and figures for many Checkpoints stories over the years, including features on the Air Garden renovation and the Cadet Chapel. This year, he also participated in a Heritage Minute Special podcast, a 90-minute oral history in which he recounted his career at the Academy. That interview is available on the AOG website's heritage page. Speaking of oral history, he was a longtime friend of many of the Academy's original architects and designers, especially SOM's lead designer, Walter Netsch. Mr. Boyle has offered to collaborate with the AOG to capture and preserve these invaluable insights and stories.

The Honorary Graduate program allows the Association of Graduates to recognize non-graduates who have championed the AOG's mission to "serve and support the United States of America, the United States Air Force, the United States Air Force Academy, and the graduate community." Awarding Mr. Duane Boyle honorary membership would demonstrate the AOG's appreciation for his exceptional contributions that have benefited these constituents.

Mr. Duane Boyle's long and distinguished career in service of the Air Force Academy and the Association of Graduates mark him worthy of inclusion in the pantheon of renowned individuals who have been recognized as Honorary Members of the Air Force Academy's Association of Graduates.

BOARD OF DIRECTORS ELECTRONIC VOTE

Motion to Approve the 2024 Audit, 2024 Form 990 and the 990-T for Submittal

07 May 2025

APPROVED

Board Voting Members Participating: Cathy Almand '90, Chair; Lee Krauth '72, Vice Chair; Christopher Walker '88, Secretary; Christian Evans '08, Treasurer; Hank Hoffman '63; Garry Dudley '68; Dan Bohlin '71; Bob Lowe '71; William Carpenter '73; Denny Merideth '73; Rod Bishop '74; David Thompson '85; John Cinnamon '91, President, Class Advisory Senate; Nathan Dial '10; Jennifer Walters '11; Alexander Fogassy '12

Background:

Audit

The auditors have issued an unmodified opinion which is the highest level of assurance that an auditor can give on the financial statements. We had no adjustments to the audit and the footnotes that accompany the audited financial statements are relatively unchanged from the prior year except for note 4 that goes into more details about the Cooperative Operating Agreement with the Foundation.

990

The 990 is an informational tax return and is a public document. A few things of note from the 990.

Page 13 (PDF)- All 2024 board members are listed within the 990. Additionally, under the common paymaster single employer we are now required to only list the compensation paid to employees by each individual organization on the 990.

Page 16 (PDF)- This page lists out our functional expense which shows that 87% of every dollar we spend go to support our mission. Industry standards are to be above 80%.

Page 22 (PDF)- The AOG derives 64.02% of its revenue from public sources. The IRS requires this to be at least 33 1/3% so we have well surpassed this requirement.

Page 38 (PDF)- The \$10,371,037 grant listed on Schedule I to the Foundation is the Moller Funding that General Clark designated to the Kucera Legacy Center (Falcon Stadium) project.

The AOG also files a 990-T tax return that reviews our potential taxable income derived from advertising (mainly from Checkpoints) however, we do not generate a profit from our digital advertising therefore, there is no tax owed.

The remainder of this return is information about the operations and financial statements of the AOG.

The AOG Board vote was conducted by email on 07 May 2025.

MOTION: Director Carpenter moves to approve the 2024 Audit, 2024 Form 990 and the 990-T for Submittal.

The motion passed with 12 yes, 4 abstain/ did not respond.

III. Agenda Approval

MOTION: Director Tonneson moved and Director Bledsoe seconded to approve the agenda. The motion was unanimously approved. The approved agenda is in Attachment 4.

IV. Staff Update (Attachment 5)

a. CEO Report

CEO Hille reported on the strong relationship with the Superintendent and Vice Superintendent, noting that he meets with them regularly, often weekly. The AOG continues to offer support, including with communications to graduates, parents, and friends. The Superintendent has clear priorities and is open to dialogue with Chair Bishop. CEO Hille then provided an update on the strategic plan using a stoplight chart to highlight key areas of engagement, philanthropy, stewardship, communications, and workplace excellence. All areas were green with the exception of the following areas:

- Reunion program (yellow): While the AOG has hosted 11 reunions this year, there are increasing capacity constraints at the Academy, so one of the focus areas in 2025 will be to have more effective planning for reunions with clear expectations.
- Satellite location (yellow): The AOG is moving closer to having a satellite location in the Cadet Area, potentially in Fairchild Hall. This will increase visibility of the AOG among cadets.
- Stewardship metrics (yellow): Better stewardship metrics are needed to ensure donors are recognized appropriately.
- Staff retention (yellow): Turnover has been uncomfortably high, but the trend this quarter is more positive. The AOG has put in staff retention efforts via the culture, pay, and benefits. They continue to break down stovepipes via cross-functional collaboration.
- Graduate participation in philanthropic efforts (red): The number of annual donors has fallen consistently since 2018, to approximately 10% of our graduate community. There are fewer donors, but they are donating more money. West Point and Annapolis are experiencing the same trend, but we have a lower participation rate to begin with. A focus area in 2025 will be on reversing this trend, especially with younger classes.

Executive Vice Chair Gould commented that the graduate survey has informed everything about the strategic plan. We have made tremendous progress in bringing the AOG and AFA Foundation together.

SVP Walkewicz highlighted the progress of alumni relations. The AOG now has a graduate membership rate of 71.19%. Graduates want to help, connect, and make a difference. There are currently 7,400 graduates on the graduate portal. The class presidents of 2024-26 are working to make this the class portal after graduation. She highlighted the work Directors Dial and Evans have done in relation to alumni relations and the fact that there are six events scheduled in 2025.

b. Brand Update

SVP Hornsby provided an update on the joint branding initiative for the AOG and AFA Foundation. They collaborated with a Milwaukee firm and conducted surveys with 200 graduate influencers to gauge reactions to three logo concepts. Key findings included that 72.2% felt the strategic priorities supported the needs of graduates and members, while 55% were enthusiastic about the brand message. The prop and wings logo were the clear favorite among participants, with 83.1% selecting it as their top choice.

The logo is intended to reflect the unifying vision of both organizations without competing with the Air Force logo. They will refine the design to avoid confusion with Army branding. There also will be organization-specific logos to use as needed. The development phase is nearly complete, with a full launch planned for spring, coinciding with a new website. Discussions included considerations for different branding strategies for younger alumni and the importance of maintaining a strong connection to the Academy. Overall, there was broad support for moving forward with the proposed branding, as they prepare for the implementation phase.

V. Committee Updates (also in Attachment 5)

a. Finance and Investment Committee

SVP Banet discussed plans to increase corporate sponsorship by 15% in the 2025 budget and noted that they had recently hired a Director of Corporate Sponsorship. The goal is to professionalize sponsorship efforts, targeting sectors such as airlines and beverages. An audit of current sponsorships is underway to improve access and build a stronger case for potential sponsors. The conversation touched on the differences between corporate sponsorships and donations, with insights on the types of sponsors they are seeking and the potential for collaboration with other USAFA organizations.

Committee Chair Strebe commented on the growing collaboration between the AOG and AFA Foundation. CFO Willemarck then outlined the 2025 budget, which anticipates modest revenue growth of 7%. Sponsorship changes are expected to drive further growth in 2026. There is a 4% expense growth driven by personnel costs and travel for engagement, but this will be offset by a detailed scrutiny of events. There will be an increased focus on our lines of business driven by the new EVP position. The proposed budget includes a total revenue of \$3.92 million (down from \$4.12 million in 2024) and total operating expenses of \$6.98 million (up from \$6.78 million in 2024). The subsidy from the AFA Foundation is expected to be \$350,000 in 2025.

MOTION: The Finance and Investment Committee moved to approve the 2025 budget. The motion was unanimously approved.

b. Governance Committee

Committee Chair Almand noted that we will review Governance Policy Chapter 4 and the calendar/schedule for the next meeting. She then talked about what, if any, action the Board should take regarding the Unity petition submitted for a Bylaws and Articles of Incorporation change on the ballot. Bylaws Article XII, Section 2 allows members to propose amendments by obtaining the signatures of members representing at least five percent of all voting members. A discussion ensued about whether we needed to clarify to the AOG membership what would be on the ballot. CEO Hille pointed out that the AOG communicated to the membership in May when the mailing list was released to the Unity group per Colorado law and again in September when the Unity letter was generated. In both cases, the AOG communication simply stuck to the facts. The conversation continued about whether we should discuss this further in executive session.

MOTION: Director Dial moved and Director Dudley seconded that we go into executive session (at the end of the day) IAW Bylaws Article V Section 8a with Executive Vice Chair Gould, CEO Hille, SVP Walkewicz, and SVP Hornsby staying. The motion passed with a vote of 12-3 (Directors Almand, Hoffman, and Krauth against; Director Bishop abstained).

c. Nominating Committee

Committee Chair Przybyslawski noted that there was no change to the election communication plan. The remainder of her presentation was held in executive session.

VI. Class Advisory Senate Update

Director Helms announced that CAS elections will take place from 7-17 November, with SVP Walkewicz assisting in the process. A survey-type ballot will be sent to each Senator, and they will transition to the new officers at the 21 January CAS meeting. The new CAS President will transition with Director Helms at our February meeting. Col. Marc Sands, the Senior USSF liaison to USAFA, will speak at the next CAS meeting, which will also cover the Unity letter.

Director Helms mentioned ongoing discussions regarding the toleration clause of the Honor Code. Under current rules, 4th- and 3rd-degree cadets are not required to report violations but must confront the individual, while 2nd- and 1st-degree cadets must report the violation. This topic will continue to be addressed in the January meeting. A short discussion ensued. Chair Bishop suggested inviting representatives from the Center for Character and Leadership Development to speak to the Board about the Honor Code.

VII. In-person Meeting Discussion

Director Lowe recommended holding an in-person meeting in February to maintain momentum and productivity, especially since the next in-person meeting isn't until April. He suggested this would be a good opportunity to address potential Bylaws changes, discuss the upcoming election, and brainstorm new ideas, possibly with a facilitator.

Chair Bishop reminded everyone that we had previously agreed to align our meetings with the AFA Foundation's and that we would use Zoom in between meetings as needed. He also noted that the election results would not be available in February, and that we would have a farewell for departing Board members at the April meeting. He suggested letting this cycle run for a couple of times. A discussion ensued about doing an optional Board retreat in February, attending the National Character and Leadership Symposium (NCLS) in conjunction with a meeting, the costs of having an in-person meeting, and the idea of adding an extra day to the April meeting for brainstorming. Chair Bishop reminded the group of the fact that the new Directors have a half-day training session the day prior to the April meeting.

MOTION: Director Lowe moved and Director Dudley seconded that we have a February in-person Board meeting focused on brainstorming. The motion passed by a vote of 12-0 (Directors Bishop, Almand, Evans and Dial abstained).

Discussion: Following the motion, the discussion turned more toward the idea of having a strategy summit meeting in February, to include the vision, and what problems we needed to solve, and how we could avoid moving to the tactical level. CEO Hille reminded the group that the current Strategic Plan has an imperative to review it in 2025. Chair Bishop requested the AOG to suggest what a strategic summit in February might look like, but noted that the Board needed to come up with the agenda. Directors Lowe, Carpenter, and Dial will address this.

Prior to going into executive session, Lt Gen (ret) Rod Bishop mentioned that graduates with questions about the Unity slate can visit a dedicated website. The petition has received over 2,000 votes and 650 comments.

MOTION: Director Evans moved and Director Tonneson seconded to go into executive session. The vote was 12-2 (Directors Hoffman and Kraus against; Director Almand abstained).

IX. Executive Session

The Board went into executive session IAW Bylaws Article V Section 8a at 11:21 a.m. MDT to discuss communication surrounding the Unity Bylaws changes that will be on the ballot.

MOTION: Director Tonneson moved and Director Bledsoe seconded to come out of executive session. The motion was unanimously approved.

X. Open Session

The Board went into open session at 12:02 p.m. MDT.

XI. Lt Gen Tony Bauernfeind '91, Superintendent

Lt Gen Bauernfeind began by providing an overview of the key staff positions, noting that the Vice Superintendent's position had been upgraded to a general officer position. He talked about staff restructuring and how we need to maintain our military as world-class to deal with current and future world problems. He discussed his three main priorities: 1) develop warfighters to win; 2) develop leaders of character and quality; and 3) develop critical thinkers to adapt. He highlighted the necessity of a culture of respect and announced a return to a four-class system for cadets to ensure they graduate with all the necessary leadership skills. This includes additional training for those who do not meet standards. Foundational elements for these priorities include:

1. Standards, readiness, and training, emphasizing readiness as a mindset.
2. Challenges, teamwork, and crucibles, highlighting the importance of teamwork in overcoming challenges.
3. Heritage, recognizing the importance of history while promoting accountability and service.
4. Perspectives, background, and problem-solving, focusing on cross-cultural communication and a zero-tolerance policy for misconduct.

He noted that he is demanding, not demeaning. The Superintendent concluded by asking for continued support and engagement.

XII. Executive Session

The Board went into executive session IAW Bylaws Article V Section 8a at 1:42 p.m. MDT to discuss the Board's internal survey and to approve the candidates on the ballot for the upcoming election. Chair Bishop, Director Helms, Director Bledsoe, and Director Walters did not attend this part of the meeting as they are running for re-election.

MOTION: Director Tonneson moved and Director Dudley seconded to come out of executive session. The motion was unanimously approved.

XIII. Open Session

The Board went into open session at 2:41 p.m. MDT.

Directors Hoffman, Carpenter, and Dial will take over looking at action steps from the Board's internal survey from Directors Mueh and Walters as their terms are ending.

MOTION: Director Kraus moved and Director Dudley seconded to rescind the 26 July 2024 motion (*The Nominating Committee moved that the AOG Board of Directors*

indicate the 10 candidates who have received the highest scores on the Nominating Committee skills and attributes matrix on the 2025 election ballot.). The motion was unanimously approved by a quorum of directors.

MOTION: The Nominating Committee moved to put the 17 candidates on the ballot. The motion was unanimously approved by a quorum of directors.

XV. Adjournment

Vice Chair Almand adjourned the meeting at 2:45 p.m. MDT.

Note: Portions of the minutes were rearranged from the time sequence to topical sequence.

Guests Present: Lt Gen (Ret) Michelle Johnson '81; Col Marc Sands '94, Space Force LNO to USAFA, Commander, Detachment 1; Lucky Ekman '63; Dan Bohlin '71; Ski Wagasky '72.

I. Call to Order/Chairman's Welcome

Chair Bishop called the meeting to order at 8:03 a.m. MDT on Friday, 26 July 2024.

II. Consent Agenda

The consent agenda included the 19 April 2024 Meeting Minutes (Attachment 1); 14 May 2024 E-Vote Minutes (Attachment 2); and CEO Monitoring Reports - 2.5 Asset Protection, 2.6 Investment Management, and 2.13 Address Major Audit Findings (Attachment 3).

MOTION: Director Tonneson moved and Director Carpenter seconded to approve the consent agenda. The motion was unanimously approved.

III. Agenda Approval

MOTION: Director Tonneson moved and Director Strebe seconded to approve the agenda. The motion was unanimously approved. The approved agenda is in Attachment 4.

IV. Staff Update (Attachment 5)

a. CEO Report

CEO Hille began by discussing his initial interactions with the new Superintendent who will assume command on August 2. His priorities are warfighting, leadership development, and critical thinking. There will be tighter uniform standards and a renewed intensity over deadlines.

CEO Hille then discussed the strategic plan using a stoplight chart to highlight areas of success and those needing additional work.

- Engagement: Annual giving and the Next Gen program are doing well, while alumni programs are showing incremental improvements. He commented that they need to ensure they focus on the most important efforts.
- Philanthropy: The campaign has exceeded \$300 million. As the campaign concludes, they will determine what comes next. They are looking at how to endow various programs such as *Checkpoints* and the next-of-kin program.
- Stewardship: They are moving to a quarterly grant-making cycle, which was formerly done on an ad-hoc basis. Construction is everywhere to include the Madera Cyber Innovation Center, stadium, North Gate projects, and Space. One area where they have struggled this quarter is in earned revenue. It is lagging, but they are controlling operating costs to match, so our net income is on budget.
- Communications: Rebranding efforts are taking shape and he assured the Board that we would not be surprised with the resulting logo.
- Organizational excellence. Staff turnover is too high, but some of that is related to factors they cannot control such as the availability of higher-paying jobs with more flexibility. The staff climate survey, which was conducted in May 2024, pointed to stovepipes. For example, because some elements only have a single person, they may not know what the person down the hall is doing. To remedy this, they are focused on cross-functional collaboration and internal communication. In addition, Wecker Hall will house the entire team so they will not be as scattered as they are currently. The survey also showed that individuals have a strong connection to the team and leadership, they live the USAFA core values daily, and it is clear that the staff cares about each other.

Executive Vice Chair Gould then added his thoughts. The fact that he is away from day-to-day activities has allowed him to watch the strategic movements, and he believes we are on course. He noted that CEO Hille's visit to the new superintendent was at the superintendent's request, which is a positive sign. He also commented on staff turnover. While people like working at the AOG, there are many other opportunities available to them. On a positive note, when AOG staff members decide

to leave the organization, they do not point to their senior staff as a factor. A brief discussion ensued about potential methods to keep staff.

b. Quarterly Financial Update

CFO Willemarck provided the second quarter financial review. We made some aggressive revenue goals but are currently 17% behind those largely due to merchandise sales. She explained the factors behind that and the fact that they have implemented *Shopify* for online sales. She noted that West Point has sales of \$12 million in merchandise. Another area where we are falling short is in sponsorship and advertising. We increased the goal from last year, and while we are ahead of where we were at the same time in 2023, we are still behind the goal. They are focusing on staff to improve sponsorship and advertising sales. A short discussion ensued concerning what companies we would like to have as sponsors, our relationship with the Air Force Academy Athletic Corporation (AFAAC) as far as merchandise is concerned, marketing as part of the Olympic Training City, and other potential venues where we might sell merchandise. Chair Bishop asked Mark to give the Board a sense of the types of companies they are looking at and to possibly preview it at the October Board meeting.

In total operating revenue, we are down \$756,000 from this time last year, but we are also under budget on expenses. Part of this is related to timing of payroll, and \$73,000 is because of merchandise. They have put several measures in place for cost-savings and have a finance liaison for everyone who owns a piece of the budget. The overall operating loss is better than it was last year (\$719,000 today versus \$751,000 last year) and we are doing very well in investments. CEO Hille noted that we function on operating loss, so it is expected that the investments will fill that. Overall, net assets are up \$6.1 million.

V. Committee Updates (also in Attachment 5)

a. Governance Committee

Committee Chair Almand explained that the committee reviewed Governance Policies Category 3 and found only administrative changes, which are shown below. (New wording is in italics).

3.1b. If Board members or committees request information or assistance without Board authorization, the CEO can refuse such requests that require, in his/her opinion, a material amount of staff time or funds *and/or pose disruption to staff duties.*

3.2 The Board will instruct the CEO through written policies that prescribe the organizational Ends to be achieved and describe organizational situations/actions to be avoided, allowing the CEO to use any reasonable interpretation of these policies.

3.2a. The Board will develop and maintain policies instructing the CEO to achieve certain results, for certain recipients *in a prioritized scheme.* These policies will be

developed *systematically and called Ends policies*. All issues that are not Ends issues, as defined here, are Means issues.

3.2b. The CEO will make inputs to the development of Board policies, including *organizational Ends*, to the Board as he/she deems appropriate.

Chair Almand then discussed a proposed resource document that would provide a more user-friendly reference document for Board members. Directors could then look at the Bylaws and Governance Policies for more specifics. The Board agreed it was a good idea so the Governance Committee will continue to pursue creating the resource document with a goal of having it ready for review before the new Board is in place in April.

Finally, the group discussed the idea of having a permanent AFA Foundation member as a voting AOG Board member and vice versa. While we currently attend each other's Board meetings as non-voting members, the proposal would identify a specific Board member who is also on the other Board. We would need to have a membership vote on something of this magnitude. Chair Bishop suggested that this move was too soon, and perhaps we could consider making it an additional duty for someone.

b. Nominating Committee

Committee Chair Przybylski began by providing an election update including the timeline, the number of Board positions coming open, candidate recruiting, and election ballot endorsements. Candidate submissions opened in June 2024 and submission closes on 7 October. We need a minimum of 10 names on the ballot since we are losing five elected members. If the package is incomplete and it is prior to 7 October, the Nominating Committee will contact the person to tell them it is incomplete. The cutoff date for someone to become an AOG member for voting purposes is 20 December. The election runs from 3 February to 3 March. The group discussed the fact that the Bylaws state that if someone is running for election, they cannot serve on the Nominating Committee.

In the past, if a package was sent to the Nominating Committee, they were put on the ballot. This raised the question of whether there was a possibility of having an exorbitant number of candidates and whether everyone should be required to have 25 AOG member signatures. The Nominating Committee recommended that the Board endorse five candidates in the upcoming election. They proposed scoring the candidates based on the skills and attributes matrix and coming to the October meeting with a slate of eight candidates which the Board would reduce to five. VP Hornsby then discussed the communication plan for the election and the details of the three phases in the plan.

CEO Hille noted that he had spent a significant amount of time talking to folks about the election and that it was important to ensure everything was in the open. He pointed out that when we talk to others to run for the Board, we need to know that they are truly qualified. Director Helms noted that when he discussed the idea of an

endorsed slate with the Class Advisory Senate (CAS), seven senators came up to him afterward against the idea. No senator said they were for the idea.

A lengthy and vigorous discussion ensued about whether we should identify the top candidates based on the skills and attributes matrix. The discussion included the fact that we did not want it to appear that the Board “had a thumb on the scale,” but also that we needed to be responsive to the individuals on the election survey who expressed concern with having to do independent research on the many candidates in the last election. The idea that we should do nothing was also discussed. After much debate, the sense of the Board was that we wanted scoring of some sort.

MOTION: The Nominating Committee moved that the AOG Board of Directors indicate the 10 candidates who have received the highest scores on the Nominating Committee skills and attributes matrix on the 2025 election ballot. The motion was approved by a vote of 14-2 (Directors Dudley and Hoffman against).

c. Finance and Investment Committee

Committee Chair Strebe provided an investment update. He noted that the portfolio has continued to grow despite helping to fund AOG operations. He talked about taking money out of investments to be used where needed (rebalancing). The areas that need money include Falcon Stadium (\$3 million from the Moller Trust), Tuskegee Memorial (\$1 million from Bennett Soaring) and Q4 Operational (\$500,000) for a total of \$4.5 million. The committee goes through rebalancing every quarter. He then talked specifically about the Bennett fund. In 2016, the Board designated that the unrestricted Bennett fund restrict \$3 million for the Soaring Program. The fund has grown to \$4.7 million, but they have only granted \$178,000 over the life of the fund. They need money to construct a new pavilion and exhibit to honor the Tuskegee Airmen.

MOTION: The Finance and Investment Committee moved to approve the redesignation of \$1 million from the Francis C. Bennett Soaring Margin of Excellence Fund to support construction of the Tuskegee Airmen Memorial. The motion was approved by a vote of 14-1 (Director Dudley against).

The estimated distribution timeline will be \$400,000 in Q4 2024 and \$600,000 in Q1 2025.

VI. Lt Gen (Ret) Michelle Johnson '81

Lt Gen (Ret) Johnson relayed a concern a graduate had brought to her about an AOG chapter event. The individual felt uncomfortable because the chapter was very active politically, including having a political action group, newsletter, and a blog. She read us the DOD directive that said we are federal agency adjacent and should not be advocating a political party. In addition, the AOG Articles of Incorporation state: “The corporation shall at no time be used in any way to support or oppose any political ideas,

organizations, or candidate.” Chair Bishop will work with CEO Hille to reinforce the fact that we are not supposed to use the chapters for politics. Lt Gen (Ret) Johnson concluded by discussion the Harmon Memorial and the quotes about character, education, and leadership.

VII. Col Marc Sands ’94, Space Force LNO to USAFA

Col Sands provided an overview of the USSF at the Academy. He stressed that we have one academy for two services and that “until we are no longer on earth, the USSF Academy will be at USAFA.” His job is to educate, train, and inspire cadets to become officers of character motivated to lead the U.S. Space Force. About 100 cadets go into the USSF. He then talked about how his organization drives the accession process for how USAFA Guardians are selected, synchronizes Guardianship programs across USAFA missions, provides support to “all things space,” and develops and executes the Summer Azimuth programs. He provided details on the USSF selection process, funding, the five career fields, and their five lines of effort. He ended his comments with a note that the best path to becoming an astronaut was still via the Air Force.

VIII. Class Advisory Senate Update

In addition to the comments about the election noted in Section V.b., Director Helms noted that the CAS had updated the CAS Procedures. The two changes were to include a term limit of four 2-year terms for the CAS President and that the election would be in November.

IX. NextGen Task Force Update

Task Force Lead Dial began by noting that the purpose of the task force was to come up with ways to increase the participation of graduates in the classes of 2000 and beyond. There was a short discussion about the factors that made 2010 participation so much higher than the other 21st Century classes (18% versus 3-4% for others).

He noted that the information on the slides was for all of us to use in the get-out-the-vote campaign. Chair Bishop wanted to ensure we are not crossing into what the AOG staff is doing. CEO Hille would like SVP Walkewicz to help coordinate. They will discuss this offline to make sure we are not working at cross purposes.

He reviewed the NextGen Task Force ideas to include:

- 1) continuing the Long Blue Line Socials (focusing on six cities with the highest percentage of graduates);
- 2) engaging with the USAFA Careers and Networking Facebook Group and the class Facebook Groups;
- 3) creating a “Demystifying the AOG Board” presentation;

- 4) having purposeful network communication (e.g., at job drop and 100's Night); and
- 5) supporting the USAFA alumni soccer team playing in "The Soccer Tournament" (TST 2025) with a tailgate.

MOTION: Director Bishop moved and Director Tonneson seconded to go into executive session to discuss an update on the Board self-assessment and the AOG succession plan. The motion was unanimously approved.

X. Executive Session

The Board went into executive session IAW Bylaws Article V Section 8c at 2:44 p.m. MDT.

MOTION: Director Tonneson moved and Director Dial seconded to come out of executive session. The motion was unanimously approved.

XI. Open Session

The Board went into open session at 3:18 p.m. MDT.

MOTION: Chair Bishop moved and Director Bledsoe seconded that subsequent to the Board self-assessment, the Board has determined that the three areas of strategic clarity, engagement, and transparency are areas where we want to focus our attention and resources. We will establish periodic benchmarks and milestones to ensure we are meeting our requirements as a Board. The motion was unanimously approved.

XII. Chair's Comments

Chair Bishop commented on the timing of the Long Blue Line awards dinner tonight.

XIII. Adjournment

Chair Bishop adjourned the meeting at 3:22 p.m. MDT.

Note: Portions of the minutes were rearranged from the time sequence to topical sequence.

MONITORING REPORT

POLICY EFFECTIVE DATE: 18 October 2024

POLICY TYPE: Executive Limitations

POLICY: Compensation and Benefits

POLICY NUMBER: 2.8

POLICY DESCRIPTION:

With respect to employment, compensation, and benefits to employees, consultants, contract workers and volunteers, the CEO shall not cause or allow jeopardy to fiscal integrity or public image.

Accordingly, he or she may not:

- 1. Change his or her own compensation and benefits, except as a change in benefits is consistent with a package for all other employees.**

REPORT:

The CEO's total compensation is approved by the Board of Directors, and agreements with the CEO are approved and signed by the Chair of the Board. There have been no requests or orders to change the CEO's compensation without approval of the Board.

- 2. Promise or imply anything other than "at-will" employment.**

REPORT:

The Human Resources Director completes the in-processing for new employees and communicates to each new hire that their employment with the organization is "at-will". Furthermore, each employment agreement with each new hire specifically states that "employment may be terminated at-will by either party..."

- 3. Establish current compensation and benefits which deviate materially from generally accepted salary ranges within the industry and geographic area/region for employees with similar experience, expertise, and responsibilities.**

REPORT:

For calendar year 2024, the budget approved by the Board of Directors and administered by the CEO set a cost-of-living market adjustment of 4% for employees who started after April 1, 2023 (prorated based on start date). Additional compensation adjustments not exceeding 2% of the total salary pool were made to aid retention of high performing and key staff. The Board approved the budgeted compensation and benefits as part of its overall budget for 2024.

4. **Create obligations over a longer term than revenues can be safely projected, and in no event longer than one year.**

REPORT:

There have been no new obligations established that would exceed expected revenues to be generated. Any such contracts would, at a minimum, include a cancellation clause in case of default or non-performance.

5. **Establish or change retirement benefits so as to cause unpredictable or inequitable situations.**

REPORT:

Retirement benefits were updated on January 1, 2024, as part of the Board-approved single employer model. Benefits are in line with the market for non-profits in Colorado and comply with all relevant statutes to ensure predictability and fairness for all employees.

Financial Statements

For the fiscal year ending September 30, 2024

Management Discussion and Analysis

Statement of Financial Position (Page 2)

The enclosed financial results for the fiscal year-to-date September 30, 2024 were prepared in accordance with generally accepted accounting principles (GAAP).

The total assets of the organization were \$117.9 million, an increase of approximately \$4.4 million from 2023. The increase is mostly related to the increase in investments and the beneficial interest in the value of the Moller Trust. Total liabilities have increased by \$1.2 million related to growth of agency fund balances for reunions and timing of the intercompany payable for expenses owed to AFAF.

Total net assets have increased \$3.2 million from 2023 primarily related to investment growth.

Operating Statement of Activities (Page 3)

Overall, we have a net income of \$3.5 million for the fiscal year, entirely from investment gains.

Revenues (Highlights Page 3)

- **Advertising and Sponsorships** are lower than the budget by \$182,000. As we are transitioning this team to have a sole focus on sponsorship sales we have had a gap in revenue. The team has been hired and have begun their strategic plan to enhance this line of business.
- **Conferences for SAAC sales** have been slower and lower than budgeted due to a change in shared revenue for these conferences.

Expenses (Highlights Page 3)

- **Personnel costs** are lower than budgeted by \$383,000 due to timing of budgeting single employer changes, attrition and lower benefit participation than anticipated. A portion of this is timing that will catch up in the fourth quarter, however, it is anticipated that some savings will remain.

Enthusiasm for Overarching Brand Message

How do you feel about the new direction of the U.S. Air Force Academy Association & Foundation's brand messaging?

The U.S. Air Force Academy Association & Foundation's combined branding and messaging is a shared effort. It is intended to celebrate the experiences, heritage and pride of members and donors. Our new organizational identity will not stand apart from graduates or donors, but beside them. It will reflect the shared values and experiences instilled in graduates by the United States Air Force Academy. Graduates feel strongly about the Academy and each other, and our brand will reflect those connections and enduring bonds across decades and generations.

Prop and Wings Concept – Comments

- “Anyone familiar with USAFA will instantly recognize the organization behind logo 1.”
- “Prop and wings are required.”
- “Putting ‘Association’ and ‘Foundation’ next to each other clearly shows the bond between the two in a simple line. Powerful and unambiguous.”
- Need nod to Space Force.
- “This is the only logo I felt connected to as a graduate and will stand the test of time as well.”
- “Prop and Wings are important, but seems such a 90s look.”
- Make sure similar to what cadets wear.
- “Prop and wings inappropriate since graduates not in name.”
- “Love prop and wings but could use taste of future as well.”
- It visually links the Academy (i.e., prop and wings) to the organizations (i.e., “Association” and “Foundation”).
- Ensure icon is AF-distinct (looks similar to Army)

Discussion

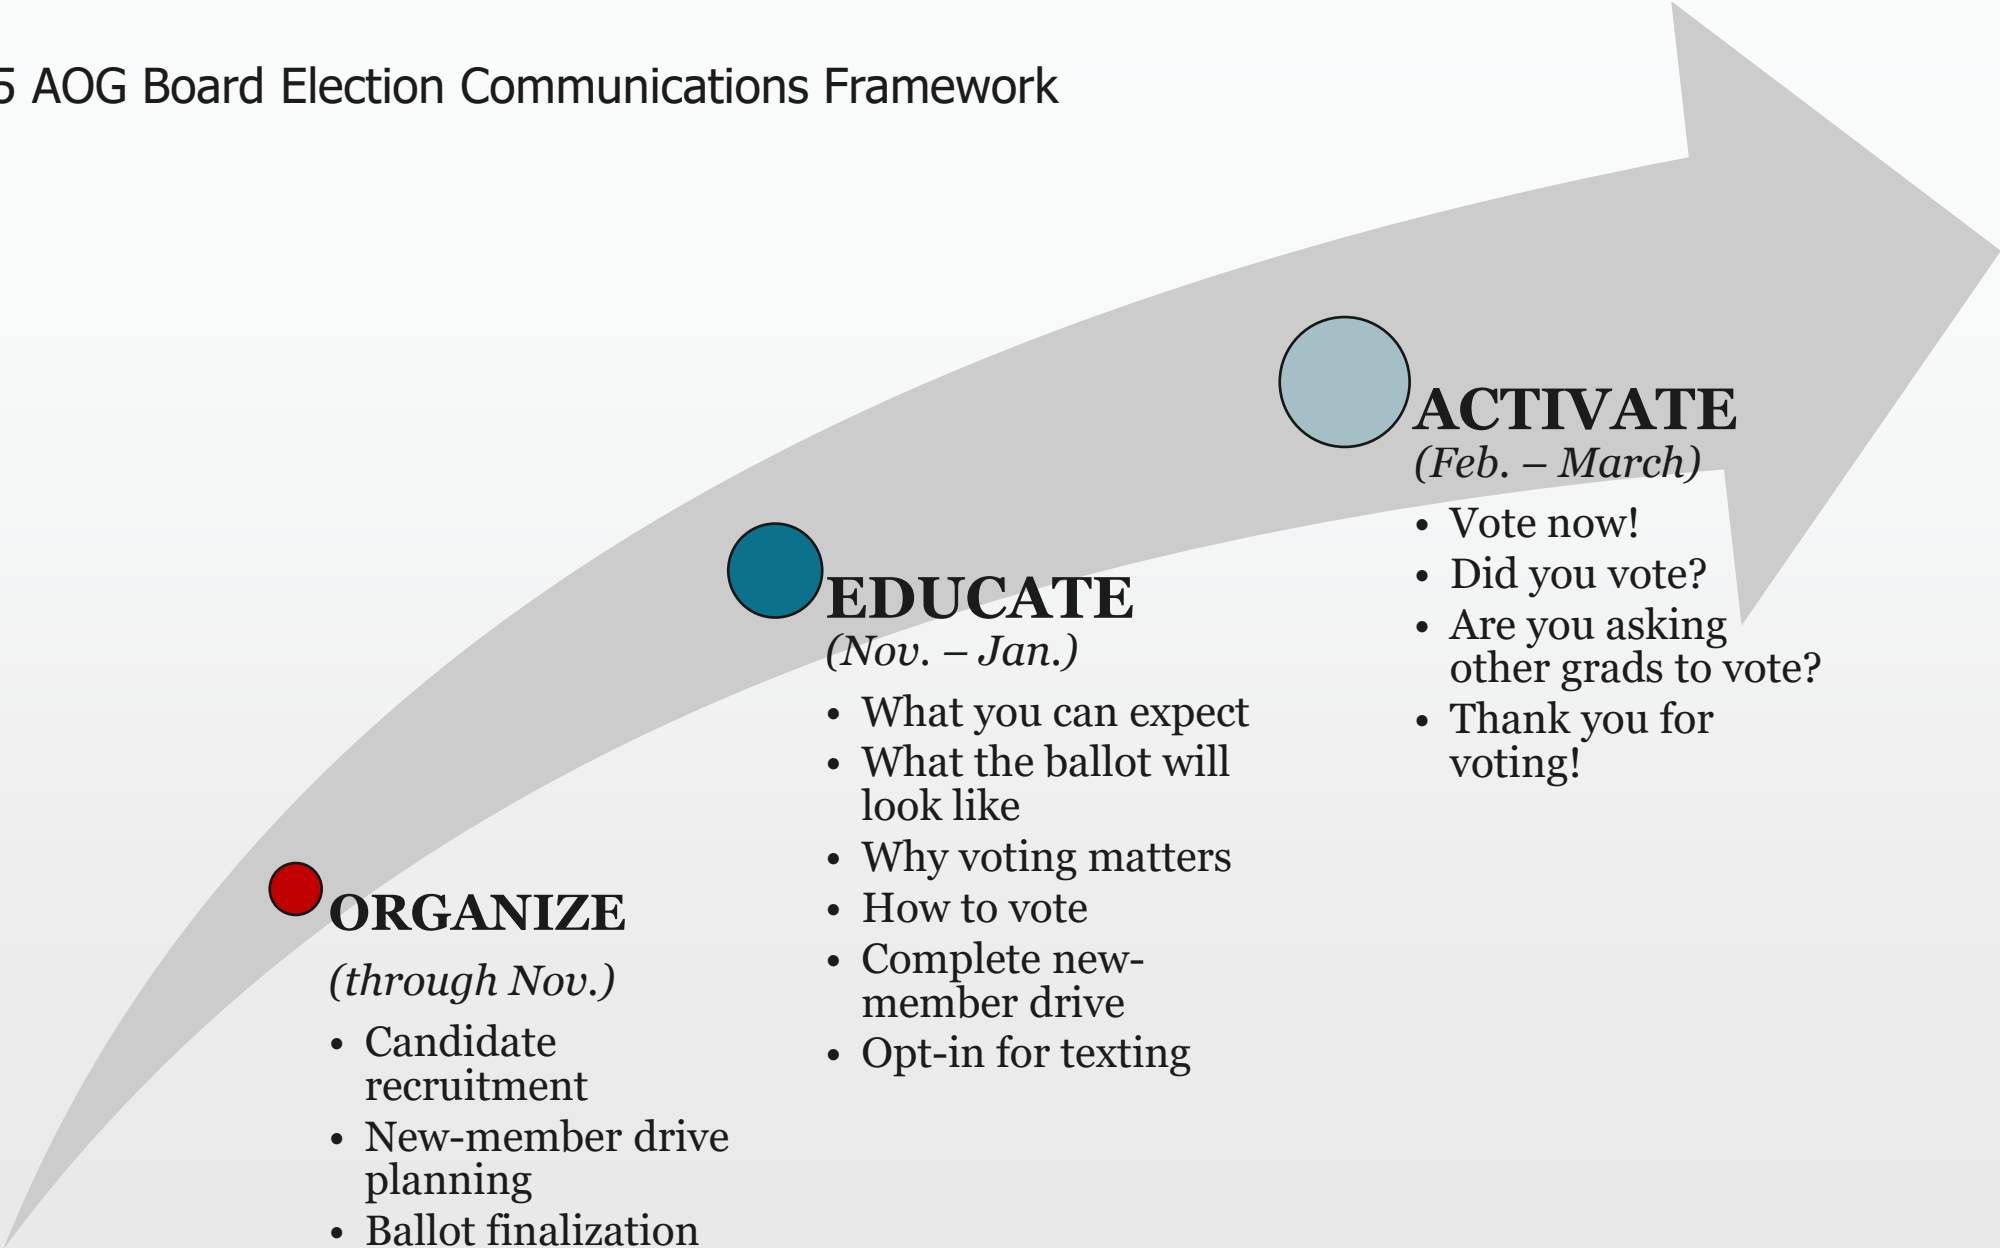

- What action should Board take?
 - none
 - make a recommendation to members
 - up or down vote on petition as presented
 - coordinated comms or statement on ballot?
 - somewhere in between
- Highlighted need for better communication with members
 - Implication Association doesn't provide feedback to USAFA leadership
 - Messaging to include regular meetings between CEO and Supt
 - Promote CAS as avenue for two-way communication
 - Opportunity to promote organization as unifying agent supporting Academy when nation is so divided
 - Remain Politically neutral
 - Support all grads
 - Academy's direction will change as administrations change

Class Advisory Senate

- CAS Officer Elections are scheduled for 7-17 November
- New Officers installed at 21 Jan 2025 CAS meeting
- CAS Speaker for 24 October is Col. Marc J. Sands '94, Senior USSF liaison to USAFA
- Unity letter discussion

In Person AOG BOD Meeting

Low

Recommendation

- In Person Board meeting in Colorado early February '25
 - Board has good chemistry and momentum
 - ZOOM sessions over 1 hour are not productive
 - 6 month dormant period not wise
 - Early February meeting will coincide with Election kickoff
 - Avoid 9 Feb Super Bowl weekend
 - Potential election interference may require Board review/action
 - Review/address potential Bylaws changes?
 - Reinforce Political Neutrality
 - Good opportunity to stay/meet/tour Hotel Polaris off season
 - Brainstorm "NEXT BIG IDEA"
 - How better promote CAS as avenue for two-way communication?
 - Review improved support for Academy when nation is so divided
 - Brainstorm better ways to support Grads
 - Promote respectful dialogue on key issues

MONITORING REPORT

DATE: 11 April 2025

POLICY TYPE: Executive Limitations

POLICY NUMBER: 2.1

POLICY TITLE: Treatment of Members and Other Constituents

POLICY DESCRIPTION:

With respect to interactions with members and other constituents, the CEO shall not cause or allow conditions, procedures, or decisions which are unfair, unsafe, undignified, untimely, unnecessarily intrusive, or which fail to provide appropriate confidentiality or privacy.

REPORT:

Accordingly, he/she shall not:

- 1. Use application forms that elicit information for which there is no clear necessity.**
The AOG has a written Policies and Procedures manual, in addition to an Employee Handbook, that addresses appropriate interactions with members and other constituents. The manual contains policies on the methods of collecting, reviewing, transmitting, or storing member information that protects constituents from improper access of the material elicited.
- 2. Use methods of collecting, reviewing, transmitting, or storing member information that fail to protect against improper access to the material elicited.**
The AOG secures employee access to the database with individual permissions and policies that ensure only people with appropriate access and training can make changes, review, and transmit member data. The data is stored with a third-party who implements industry standard security measures.
- 3. Fail to communicate to members a clear understanding of what may be expected from the service(s) offered.**
The AOG uses extensive print and online media formats to communicate to members a clear understanding of what may be expected from the service(s) offered. In addition, the AOG's customer service department facilitates follow-up contact by an appropriate AOG staff member to clarify all issues and concerns.

Status: In Compliance

MONITORING REPORT

DATE: 11 April 2025

POLICY TYPE: Executive Limitations

POLICY NUMBER: 2.9

POLICY TITLE: Board Awareness and Support

POLICY DESCRIPTION:

The CEO shall not permit the Board to be uninformed or unsupported in its work. Accordingly, he or she may not:

REPORT:

- 1) **Fail to have a current plan to achieve the Board's Ends.** The CEO has a plan specifically tied to the Board's Ends.
- 2) **Neglect to submit monitoring data required by the Board (see policy on Monitoring CEO Performance in Board/Staff Linkage, Policy 3.4) in a timely, accurate and understandable fashion, directly addressing provisions of Board policies being monitored.** The CEO has developed a plan for submitting specified monitoring reports at each Board meeting. All 14 reports are submitted annually to the Board in a specified rotation each year.
- 3) **Let the Board be unaware of relevant trends, anticipated adverse media coverage, or material external and internal changes, and particularly changes in the assumptions upon which any Board policy has been previously established. Notification of material planned internal changes is to be provided to the Board in advance, when feasible.** The CEO briefs the entire Board quarterly and sends out periodic updates to all directors. He maintains regular contact with Public Affairs and the Academy senior leadership to encourage them to provide information before it hits the papers. Upon receiving new information, he calls the Board Chair, committee chairs and individual directors as appropriate.
- 4) **Fail to advise the Board if, in the CEO's opinion, the Board is not in compliance with its Bylaws or its own policies on Governance Process and Board/Staff Linkage, particularly in the case of Board behavior, which is detrimental to the work relationship between the Board and the CEO.** When the CEO has identified areas of concern, he has reported them to the Board Chair. The CEO reviews the bylaws to remain aware of necessary requirements of the bylaws to ensure that no requirements are overlooked.

- 5) **Fail to provide for the Board as many staff and external points of view, issues and options as needed for fully informed Board choices.** The CEO routinely provides graduate, member, and staff viewpoints. He conveys the views of the Superintendent and other Academy senior leaders and arranges for those leaders to address the Board at its quarterly meetings.
- 6) **Present information in unnecessarily complex or lengthy form or in a form that fails to differentiate among information of three types:**
 - a. **Monitoring**
 - b. **Action Item, and**
 - c. **Incidental (“FYI”).**

The CEO provides concise, clear information in briefing, email, and report forms. The CEO calls for Board involvement as required, provides monitoring reports such as this one, and provides “FYI” materials as appropriate.

- 7) **Allow the Board to be without reasonable administrative and logistical support for official Board, officer or committee communications and functions.** The CEO provides staff support for arranging quarterly meetings and tele/video conferences, preparation and publication of minutes, arranging for billeting and meals for Board meetings, and providing workspace for visiting directors.
- 8) **Fail to deal with the Board as a whole except when:**
 - a. **Fulfilling reasonable individual requests for information, or**
 - b. **Responding to officers or committees duly charged by the Board.**

The CEO deals solely with the Board as a whole for all action items and fulfills director, officer and committee requests for information and support.

- 9) **Fail to report in a timely manner any actual or anticipated noncompliance with any policy of the Board.** The CEO seeks to uncover all infractions of Board policy, take corrective action, and report the results to the Board.
- 10) **Fail to provide for the consent agenda all items delegated to the CEO yet required by law or contract to be Board approved, along with the monitoring assurance pertaining thereto.** The CEO ensures that all items requiring Board approval are presented to the Board and that all consent agenda items delegated to him are placed in the minutes.

U.S. Air Force Academy Association & Foundation Brand Launch Timeline

MASTER BRAND

LEGAL ENTITY BRANDING

ORGANIZATIONAL SUB-BRANDS

**Brand Architecture**

The architecture follows a “branded house” mentality with all sub-brands stemming directly from the master brand. This allows the brand to maintain cohesion while expanding into new areas.

The legal entities of the “Air Force Academy Foundation” and “Association of Graduates” are to be utilized in legal contexts and should not be outwardly facing in a large capacity.

All of the organizational sub-brands will follow a step-by-step process of creation to maintain the integrity of the architecture.

Awards Process & Affinity Groups

Awards Process

- Three awards: Distinguished Graduate, Leadership Achievement, & Young Alumni Excellence
 - DG: ~40+ years
 - LAA: 16-39 years
 - YAEA: <15 years
- Each award seeks graduates that positively represent USAFA through outstanding performance, character, & integrity
- Nominations received 1 Sep – 31 Dec and can carry over year-to-year; scoring due end of Jan with final selection and approval by the Board in Feb
- Committee formed for each award to review candidates and score using standardized rubric; composition varies by award type
- Challenge: nomination totals are less than .001% of total communications (ex: <40 noms for 40K+ emails)
- Recommendation: Create a more regular communication battle rhythm (min of quarterly) and across various communication methods, broken out by award type (not all three lumped together)

Alumni Affinity Groups

- Three general categories:
 - Identity-based
 - Interest/career-based
 - Cadet experience-based
- 16 affinity groups; 6 in good standing
 - Cadet clubs, including those with corresponding alumni affinity groups, are under evaluation by USAFA pursuant to the 20 Jan Executive Order
- 4 have 501(c)(3) status*
- Recommendation: Establish a board working group to engage with and ask questions to current Alumni Affinity Groups

Committee Updates

Governance Committee

Governance Policies Category 3

- Remove/Replace “AOG Operational Plan” instances with “Joint Strategic Plan”

Governance Policies Category 4

4.1.d

The Board will direct, control and inspire the organization through the careful establishment of broad written policies reflecting the Board's values and perspectives about Ends to be achieved and means to be avoided. The Board's major policy focus will be on the intended long-term impacts outside the organization, not on the administrative or programmatic means of attaining those effects.

The Board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, participation, preparation for meetings, policymaking principles, ~~and~~ respect of roles, and ensuring the continuance of governance capability. Continual Board development will include orientation of new Board members in the Board's governance process and periodic Board discussion of process improvement.

Governance Policies Category 4 cont.

- **4.2.a**
All policies of the Board are contained in this document, the Financial Management and Investment Policy (FMIP), Directors' Guide, or the AOG/AFA Foundation Cooperative Operating Agreement (COA), and they remain in effect, unless amended or deleted by Board action.
- **4.2.b**
Ends policies are results-based. Thus, their revision as well as the development of new Ends policies will be a continuing, periodically-assessed priority of the Board.

Governance Policies Category 4 cont.

- **4.3.a.1**

Needs Assessment: The Board, **working with the AOG staff**, will ~~strive to~~ identify the needs of the membership as they relate to the AOG's activities and scope of influence and shall translate such knowledge into the articulation of Ends policies.

- **4.3.c**

The Board will assure effective CEO performance (achievement of Ends and compliance with Executive Limitations) **in the accomplishment of the Joint Strategic Plan**.

- ~~• **4.3.e**~~

~~The Board will have final approval of changes to the life membership dues.~~

Governance Policies Category 4 cont.

- ~~4.4 The Board's Strategic Plan described in this section lays out how the Board will perform its role in governing the AOG.~~ The Board Strategic Plan is executed over a two-year cycle. The Board documents its governance process in the Bylaws, Governance Policies, FMIP, **Directors' Guide**, ~~Resource Document~~, and the AOG/AFA Foundation ~~Cooperative Operating Agreement (COA)~~. The **AOG** Board has four core products: 1) linkage to the membership, 2) explicit governance policies, 3) assurance of AOG performance, and 4) AOG/AFA Foundation COA. ~~The outcome of the Board Strategic Plan is new or changed policies, where needed, for each of its four core products:~~
- **4.4.b.1** Bylaws will be reviewed biennially by ~~a task force appointed by the~~ Governance Committee. **Any recommendations will be presented to the Board for their approval.**~~hair. The Task Force will conduct its review and report its recommendations to the Board.~~

Governance Policies Category 4 cont.

- **4.4.b.4**

The Board's ~~two-year Strategic Plan~~ is developed at the end of each ~~two-year Board cycle~~. Motions for changes to the Strategic Plan will be ~~presented at the last meeting before the new Board sits~~. The Strategic Plan is then ~~reviewed and updated as necessary midway through the two-year cycle~~., in partnership with the AFA Foundation Board, will endorse the Joint Strategic Plan that will guide the staff. The plan will be reviewed at predetermined intervals to update and make necessary adjustments.

- **4.4.b.5**

The Board will follow ~~review and update~~ the Board Meeting Calendar ~~at~~ to guide content development of each meeting and -to plan for the subsequent meeting.

Governance Policies Category 4 cont.

- **4.4.c.1**
Board performance will be assessed at least biennially through a Board assessment survey. The Board may choose to seek outside review when deemed useful. At a minimum, the Board Chair will designate a director(s) to oversee the review and discussion of the survey results in order to practically implement survey insights. At each biennial survey, a different director should be appointed to lead the next review. ~~during the Strategic Plan Mid-Cycle Review and will include but not be limited to:~~
- **4.4.c.2, 4 and 5** Deleted
- **4.4.c.3**
 - CEO performance will be assessed jointly by the AOG Board and the AFA Foundation Board annually in December. ~~through the Joint CEO Evaluation and Compensation Committee (JCECC) against written policy annually.~~ CEO performance will be measured against the Joint Strategic Plan.

Governance Policies Category 4 cont.

- **4.4.d.2**

~~The Chair will nominate, for Board approval, a task force to re-negotiate the COA with the AFA Foundation with time to present the COA for approval prior to current MOU expiration. Negotiations will be done by the task force members approved by the Board and will be directed at achieving the Board's objectives.~~ The COA renews automatically unless either Board determines it is necessary to terminate the agreement and provides 60 day prior written notice.

- **4.4.d.3**

~~The Chair will nominate, for Board approval, a Joint Coordinating Committee (JCC) to represent the Board on matters directed by the COA. Negotiations will be done by the task force members approved by the Board and will be directed at achieving the Board's objectives.~~ The Joint Executive Committee, consisting of the officers from each Board, will mediate disputes, conflicts of interest, or other issues between the AOG and AFA Foundation, including recommending solutions to the CEO or Board chairs.

Governance Policies Category 4 cont.

- **4.4.e.1** The two-year cycle begins at the start of the new Board year (~~April~~May meeting in odd- numbered years). Immediately after an election, nominees for the Chair are solicited through email among the existing and incoming Directors. Information is then sent out to all ~~April~~May meeting members describing the candidates. The first order of business at the ~~April~~ ~~May~~ meeting following an election is to elect the Chair. The nominee(s) for Chair should coordinate a meeting agenda for the first meeting if there are more than one.
- **4.4.e.2** The Chair is responsible for developing ~~Board~~~~OD~~ meeting agendas for Board approval and ensuring that there are responsible parties assigned for upcoming tasks.
- **4.4.e.3** The Board will review its meeting schedule ~~at least annually at each meeting.~~ The Board schedule is policy but may be changed by Board approval without the requirements of the motion- to-vote process.

Governance Policies Category 4 cont.

- **4.4.e.5**

The meeting agenda and packet are to be distributed to the Board **as soon as possible, aiming for two weeks**~~at least seven days~~ prior to the scheduled Board meeting.

- **4.4.e.5.b.i**

~~i. A request from any director will remove an item from the consent agenda and that item will be added, for discussion, to the regular agenda.~~
(duplicate of previous sentence)

- **4.5.a**

The job ~~result~~ of the Chair is **to ensure** that the Board behaves consistently with its own rules and those legitimately imposed upon it from outside the organization.

Governance Policies Category 4 cont.

- **4.7.f**

Contributions – Each Board member is encouraged to make an annual financial contribution to the AOG (such as the Long Blue Line Fund) of at least \$1,000. Additionally, Directors have the option to make in kind donations in lieu of requesting travel reimbursement.

- **4.8.c**

Board committees cannot exercise authority over staff. Coordination through ~~Because~~ the CEO and Chair is required. ~~works for the full Board, executive action is not constrained by committees (partial representations of the Board). the Board will not impede the delegation of authority to the CEO by requiring any approval of executive action by a Board committee.~~

Governance Policies Category 4 cont.

- **4.8.e**

Committees will be used sparingly and, except as specified in the Bylaws, other short-term tasks should be accomplished by **virtual meeting**~~teleconference~~. Each Board committee shall be assigned specific goals to be accomplished, within the limits of its authority.

- **4.8.h**

Periodically, the Board may establish task forces ~~or councils~~ that will serve for a limited time to accomplish a limited task. ~~A council may be established to provide advice and recommendations on issues of special concern.~~ Unless otherwise stated, a task force ceases to exist as soon as its task is complete. **In some cases, the task force may be transferred to different directors who will pursue subsequent evolutions of the original task.**

Governance Policies Category 4 cont.

- 4.8.i

The Board Chair shall nominate the Chair and Director members of the committees for approval by the Board. The Committee Chair shall nominate additional members for the committee for approval by the Board. The Chair and CEO shall be considered members of all committees and task forces but shall not count against AOG Director or member requirements or have voting privileges unless **approved by** the Board. ~~approves their committee membership.~~

March 12, 2025

Ladies and Gentlemen,

A notice was posted on March 11, 2025, for an AOG Board of Directors (BOD) Special Meeting on March 19, 2025. According to the posted agenda the purpose of the meeting is to “Conduct a Board election to select candidates to fill Board of Director appointed positions.”

The purpose of this letter is to object to that meeting and its purpose. Our bottom line objections are that this meeting should not be conducted without having provided the proper notice required by the AOG bylaw Article 5, Section 7c; since that required notice was not provided, the meeting must be cancelled; no member of the BOD should be appointed instead of elected; and any appointment by a BOD should be by the **new** BOD recently elected by AOG members, not by the current BOD consisting of some members who were not re-elected.

A review of prior meeting minutes and previous versions of the Bylaws has been instructive but also frustrating. Of note is the improvement in meeting minutes and capturing actions over the last few years. However, it is difficult to establish an awareness of the evolution of policies and a continuity of purpose, or absence thereof, as there are unfortunate gaps of details, including purpose and intent.

The following points make the case for the BOD not to fill the appointed positions at the March 19th meeting:

- **Appointed Positions Optional:** The Bylaws state that the BOD “will consist of not more than 16 Directors” and “no more than four appointed directors.” A smaller board of 9 to 14 directors can be more effective, continue to get the mission done, and operate as a cohesive team. A review of the size of the board and subject matter expert advice should be sought to determine if a reduction in size of the board is warranted.
- **Timing of Appointments:** Appointed directors “can be done at anytime.” If, upon further analysis, appointed directors are necessary then appointments can be made at that time with due regard to purpose and mission.

- **Intent of Appointed Positions:** There is not an easily found logical trail to the initial intent of appointed positions leading to the current use of appointed positions.
 - Snippets of comments in meeting minutes and actions appear to point to the intent of appointed positions to be founded in the idea of providing expertise to the board that may be absent from the elected directors and the board staff.
 - Use of appointed positions to over-ride the election results and instead insert an additional candidate onto the BOD who AOG members voted not to re-elect is contrary to and may be viewed by AOG members as contemptuous of the will of the voters who voted the losing candidates out of office.
 - A review of recent documents does not identify the skills missing from the make-up of the current board or from AOG staff. In the absence of a determined and necessary purpose for an individual appointee, no appointment should be made.

With all due respect to the current BOD and the admirable performance of the AOG staff, we request that the current BOD not meet unless and until it has published a “minimum of ten days notice” as required by AOG Bylaw Article 5, Section 7c, and that the current BOD not appoint any member of the BOD.

Further, we request that any decision to add to the BOD by appointment be made by the newly elected BOD expressing the most recent will of the AOG members, not by the outgoing BOD AOG members voted to be replaced. If the outgoing BOD appoints any member to the new BOD, large numbers of AOG members may perceive that as an attempt by the outgoing BOD to “shape” the members of the new BOD contrary to the will of the AOG members who voted in the recent election. That especially is true if the outgoing BOD appoints on the new BOD a member of the outgoing BOD who failed to be re-elected to the BOD in the recent election.

Very best regards,

Rod Bishop

AOG BOD Members Elect

To: Brian Bishop, Chairman of the Board, USAF Academy Association of Graduates (AOG)

From: Newly Elected AFA AOG BOD members Rod Bishop, Dan Bohlin, Alexander Fogasy, Denny Merideth, Christopher Walker

March 18, 2025

Mr. Chairman,

Thank you for your response to our letter dated March 12, 2025. Your letter fails to address some of the concerns expressed in our letter, and does not answer satisfactorily some of our concerns that you do address.

Bylaw Article V, Section 7c states in part “[a]ll special meetings will be called with a minimum of ten workdays notice, if possible.” That clearly means that at least ten workdays public notice must be provided before a special meeting, if possible, not just notice to the other BOD members. Please identify any notice to the public that was provided regarding this special meeting. If no public notice was provided, then the special meeting should be rescheduled until proper public notice is provided.

Article V, Section 4d states that the Board of Directors will “[o]perate in an open fashion and guide the AOG toward achieving its mission.” Section 8 of Article V states that “[a]ll Board meeting shall be open to all members who are able to attend in person.” The notice of February 18th was not done in a manner that was available to all AOG members and as such did not meet the full intent of Article V, Section 7c.

Perhaps the Board perceives or assumes that since the single item on the agenda concerns appointed positions, the meeting must be in executive session. However, nothing requires that the March 19th meeting be held in Executive Session, and the new Board electees ask that it not be held in Executive Session. Indeed, Article V, Section 8 states only that “[b]oard meetings, or specific sessions of such meetings, may be held in executive session” (emphasis added) and that an Executive Session of the Board “may include other invited attendees. . . .” We ask that this special meeting not be held in Executive Session secrecy but, instead, be held in the open so all AOG members, including those who plan to attend, can see what the Board discusses and does. If the Board insists on holding this special meeting in Executive Session, we ask that us newly elected Board members be invited to attend as observers, as provide by Article V, Section 8.

Moreover, Board meetings are not called to order in executive session and should be in open session both at the beginning and end of the meeting. Again, contrary to some who might misinterpret Article V, Section 8c, there is no need for this Special Meeting to be conducted in Executive Session, but if you insist in this Special Meeting being held in Executive Session, we ask that you allow us who recently were elected to attend the Executive Session to enable us to receive your training and a better understanding of why you are doing this.

In the absence of a very specific bylaw dictating otherwise, good judgment must be used in the decision to have the Special Meeting and whether or not to actually make any appointments to the BOD. Since transparency is an element of concern with the AOG membership, every effort should be taken to be as open and transparent as possible. Discussing whether to appoint and whom to appoint to the BOD, with the possible effect of determining what will be a voting majority on the future BOD, is not something that must or should be done in Executive Session out of the view of the AOG membership.

Since no appointments are required and there remains questions about what are the purpose and the effect of any appointments, there should not be any rush to make any appointment at this time; discussion about any appointment should be in public session for AOG members to view; and any appointment should be made by the new elected BOD expressing the most current will of the AOG membership.

Very best,

Denny Merideth Alexander Fogassy Dan Bohlin

FROM: Newly Elected AFA AOG BOD members Rod Bishop, Christopher Walker, Dan Bohlin, Alexander Fogassy, Denny Merideth

Ladies and Gentlemen,

As newly elected Directors to the Air Force Academy Association of Graduates (AOG) Board of Directors (BOD) we express our appreciation for your service on the current BOD and we look forward to working with all Directors forming the new BOD on April 25th. We are enthusiastic about the potential to advance transparency, increase opportunities for graduate voices to be heard, and expand relationships with nodes of influence. All of these will do much to support graduates, cadets, the Air Force Academy, and both the Air Force and Space Force. We know that all of you and us as Directors have the best interests of the AOG and the Academy deep in our hearts as we work together.

Unfortunately, governance documents have not kept pace with the needs of the AOG and the accepted practices of conducting Board business, though well intentioned, have not promoted transparency. An important goal that we, newly elected members, want to deal with on the new Board is to take action that properly aligns governance documents with best practices and make every reasonable effort for transparency.

Although we look forward to what is possible together on the new Board, we must highlight the actions taken regarding the recent Special Meeting and to clearly state our objections to your appointment on March 19, 2025, of two individuals as **voting** members of the BOD; and to ask that the current BOD either revoke its two appointments or, if it chooses not to do so, it make the two appointees *ex officio* members having no authority to vote; or, if the BOD will not revoke the appointments or the two members’ right to vote, we ask the two appointees to voluntarily agree to not accept the right to vote.

We make those requests for the following reasons:

1. 2522 AOG members signed a petition to put on the February, 2025, AOG election ballot amendments to the Articles of Incorporation and the Bylaws of the AOG, to change AOG policies and the BOD members.

2. 813 signers of that petition wrote comments, viewable at [Comments from Graduates](#), overwhelmingly expressing dissatisfaction with current policies/practices of the AOG and/or the Air Force Academy.
3. The results of the February, 2025, election were that 76.4% voted for the amendments; the five undersigned were elected to the BOD by receiving the most votes; and the 3 BOD incumbents who sought re-election were not re-elected.
4. Following the election, the first official action of the existing BOD, which remains in effect until the newly elected BOD is deemed to start on April 25, 2025, was to hold a “special” meeting, held mostly in Executive Session, on March 19, 2025. At that meeting, the incumbent BOD unilaterally redefined the makeup of the new BOD by **appointing** two individuals as **voting** members of the newly elected BOD.
5. We object to these appointments of **voting** members of the newly elected BOD, for at least the following reasons:
 - A. The probable effect with these two new appointments after the February, 2025, BOD election is to shift a narrow majority **for** change without the appointments to a narrow majority **against** change with the appointments. Thus, the effect of these appointments by the incumbent BOD probably will, and certainly may, thwart/undermine the overwhelming desires by the AOG membership to change AOG policies and the direction and composition of the AOG BOD.
 - B. These appointments were optional and not required.
 - C. One of the appointees was appointed even though that person’s attempt to be re-elected to the BOD was not successful.
 - D. There was and is no clearly stated need for an appointed BOD member, and certainly no need for an appointed BOD member having the authority to vote on the BOD.
 - E. Even if there were appointments to fulfill one or more specialized needs other than shifting the balance of voting power on the new BOD, those needs could be fulfilled by *ex officio* BOD members who are non-voting, or by volunteers or paid staff.
 - F. Any appointment to the BOD should have been made by the newly elected BOD instead of by the incumbent BOD because the newly elected BOD reflects the views of thousands of AOG members who voted for the new BOD members and the amendments. The appointments having been made by the incumbent BOD instead of by the newly elected BOD reflects the elitist view, actually expressed by some, that the incumbent BOD knows the needs

of the AOG better than does the newly elected BOD that reflects the most recent views, needs, and desires of the AOG membership.

- G. A public notice of and agenda for the March 19, 2025, meeting was not provided “with a minimum of ten business days notice, if possible” of the meeting, as required by Article V, Section 7c of the AOG Bylaws, and in accordance with Colorado Revised Statutes Sections 7-127-102 and 7-127-104.
- H. Bylaws Article V, Section 8, states that “[a]ll Board meetings shall be open to all members who are able to attend in person [but] does **not** include attendance at committee meetings or special meetings.” (Emphasis added.) One or more elected BOD members were prohibited from attending meetings of the Nominating Committee, resulting in the inability to observe how the Nominating Committee selected the nominees for appointment to the BOD. We strongly believe that all elected BOD members should have been, and should be, allowed to attend all BOD committee meetings.
- I. Bylaws Article V, Section 7B, states that “[s]pecial meetings are **not** considered **open** meetings” (emphasis added). However, that requirement for secrecy contradicts Colorado state law providing when and how a “nonprofit corporation shall hold a **special** meeting **of its members**.” CRS Section 7-127-102 (emphasis added). Similarly, see CRS Section 7-127-102(b)(2)(“**members** entitled to demand a **special** meeting”), (b)(4)(“**Special** meetings **of the members**”), (b)(5)(“**special** meeting **of the members**”)(emphasis added). A meeting that is not “open” to its members is not a meeting “of” its members. Moreover, the BOD discussed its selection of the appointees in Executive Session, meaning privately instead of in view of the AOG membership. Appointments, if any, to the BOD should be discussed by the BOD in open session.

It would be non-reflective of the will of the voters, and considered absurd, if after voters had elected a Greens Party majority to the US House of Representatives, a Libertarian controlled “lame duck” US House of Representatives were to appoint additional Libertarians to the newly elected House membership in order to “shape” and to maintain Libertarian control in the newly elected House of Representatives. Similarly, we believe that it is inappropriate for the incumbent BOD to appoint voting members to the newly elected AOG BOD. Therefore, we ask that the incumbent BOD or the appointees themselves take the actions stated above.

The five undersigned newly-elected AOG BOD members ran on a platform of "transparency" and "giving grads a voice." Appointing an additional two members to the BOD by vote of only 13 grads and doing so using a "special," "secret" Executive Session meeting in which the graduate community was effectively barred from attending, certainly is NOT "giving grads a voice" and being "transparent!"

Regardless of the current BOD good intentions, the optics of the March 19th Special Meeting is not positive and therefore warrants our stated objections. Our intention is to take up our positions on the BOD with eyes forward committed to developing a close professional working relationships with all members of the BOD. Together there is no doubt we can take many positive steps for all stakeholders.

Respectfully,

Rod Bishop

JOINT STRATEGIC PLAN

Mid-course Update • 2025-2028

Vision

To be an Association and Foundation of influence and impact, supporting the Academy's enduring mission of developing leaders of character for the nation and providing a lifetime of service to the Long Blue Line.

Mission

Together, we support the Academy, serve our graduates and preserve the heritage of the institution.

ENGAGEMENT

Cultivate lifelong relationships and provide valued service to the Academy and our graduates

I. Create and foster lifelong connections between the Long Blue Line and the Academy

A. Grow membership across the entire Long Blue Line

- *Metric: Achieve 85% membership of all graduates by 2028 – OPR Alumni Relations*
- *Metric: Achieve 25% participation in the 2027 AOG Election – OPR Engagement*
- *Metric: Increase the breadth of Class Advisory Senate participation – OPR Alumni Relations*

B. Revitalize and reinvest in graduate chapters and affinity programming

- *Metric: Host a chapter leadership conference and recraft chapter support program in 2026 – OPR Alumni Relations*

MONITORING REPORT

POLICY EFFECTIVE DATE: 17 October 2025
POLICY TYPE: Executive Limitations
POLICY: Compensation and Benefits
POLICY NUMBER: 2.8
POLICY DESCRIPTION:

With respect to employment, compensation, and benefits to employees, consultants, contract workers and volunteers, the CEO shall not cause or allow jeopardy to fiscal integrity or public image.

Accordingly, he or she may not:

- 1. Change his or her own compensation and benefits, except as a change in benefits is consistent with a package for all other employees.**

REPORT:

The CEO's total compensation is approved by the Board of Directors, and agreements with the CEO are approved and signed by the Chair of the Board. There have been no requests or orders to change the CEO's compensation without approval of the Board.

- 2. Promise or imply anything other than "at-will" employment.**

REPORT:

The Human Resources Director completes the in-processing for new employees and communicates to each new hire that their employment with the organization is "at-will". Furthermore, each employment agreement with each new hire specifically states that "employment may be terminated at-will by either party... "

- 3. Establish current compensation and benefits which deviate materially from generally accepted salary ranges within the industry and geographic area/ region for employees with similar experience, expertise, and responsibilities.**

REPORT:

For calendar year 2025, the budget approved by the Board of Directors and administered by the CEO set a cost-of-living market adjustment of 4% for employees who started after April 1, 2024 (prorated based on start date). Additional compensation adjustments not exceeding 2% of the total salary pool were made to aid retention of high performing and key staff. The Board approved the budgeted compensation and benefits as part of its overall budget for 2025.

- 4. Create obligations over a longer term than revenues can be safely projected, and in no event longer than one year.**

REPORT:

There have been no new obligations established that would exceed expected revenues to be generated. Any such contracts would, at a minimum, include a cancellation clause in case of default or non-performance.

5. Establish or change retirement benefits so as to cause unpredictable or inequitable situations.**REPORT:**

Retirement benefits were updated on January 1, 2024, as part of the Board-approved single employer model. Benefits are in line with the market for non-profits in Colorado and comply with all relevant statutes to ensure predictability and fairness for all employees.

MONITORING REPORT

DATE: 17 October 2025
POLICY TYPE: Executive Limitations
POLICY TITLE: Programs /Events /Services
POLICY NUMBER: 2.10

POLICY DESCRIPTION:

Regarding the programs/events produced and services provided by the AOG, the CEO shall not fail to ensure that these meet or exceed industry standards for excellence in programming, safety, and participant/audience amenities.

Programs/events produced, and services provided are of high quality and are seen as such by attendees/consumers. The AOG has received numerous letters and emails praising the quality of the programs/events/services. All required safety protocols are complied with. Complaints about programs/events are rare.

Accordingly, he or she may not:

- 1. Fail to produce and implement operational planning to ensure that the event(s)/services are well organized and are safe for all attendees.**

REPORT:

Programs/Events are operationally planned by a professional AOG Alumni Relations and Events staff and briefed to the CEO (or President) prior to implementation.

- Timeline/Flow of Events/Scripting (as applicable) are submitted in writing.
 - Proper AOG staffing is assigned based on duties, numbers, and duration.
 - Standard safety protocols required by event venues are followed.
- Examples of Events
 - On-campus events (Groundbreaking Ceremonies, Socials, Memorials)

 - Sabre Society Series
 - Board Director/Class Advisory Senate Meetings
 - Chapter President Calls

2. Fail to design logistical plans which comply with all applicable legal requirements and which facilitate crowd comfort, safety and enjoyment of the event(s).

REPORT:

Programs/Events are logistically designed and planned by staff and briefed to the CEO (or President) prior to implementation.

- a. Legal/Safety requirements are satisfied by adhering to applicable guidance and venue guidelines.
- b. Crowd comfort and enjoyment of the events are satisfied by both pre-planning and on-the-scene adjustments, as necessary, by the AOG Alumni Relations staff.

Examples of Events (See Number 1)

3. Fail to purchase supplies for resale to members, when appropriate, leverage group buying power.

REPORT:

Materials are purchased for resale to members primarily through the Alumni Relations Merchandise Department.

- a. Breakpoints are examined and negotiated to lower costs
 - Bulk purchases are accomplished when feasible and economically appropriate. (Ex: Doolittle Outfitters merchandise, lanyards for reunions)

4. Fail to provide appropriate support and financial management functions, as specified in Memoranda of Understanding (MOU) or other agreements.

REPORT:

- a. Support and financial management functions are carried out as agreed in memoranda and agreements.

Top on the list for how the AOG could better supports its graduates is in helping them make career connections, with 79% of graduates saying they would be interested in AOG helping with this. Second was to connect graduates who can help one another through mentorship and advice at 66% and third was providing graduates with greater access to the Academy for visits, tours and events at 62%. Beyond these top three, interest falls below the 50% mark.

	Total	% "Interested"					
Helping graduates make career connections or transitions	79%	85%	81%	79%	78%	69%	66%

"Definitely the AOG has catered more to helping cadets which is all well and good. But helping transitioning grads or even counseling them on their career would be better. Even getting a mentorship program going where new grads can get help in navigating the real Air Force. I was certainly clueless upon graduating in this." (Not Valued)

Proposal to Create an External Communications Committee

Gen (Ret.) DT Thompson '85
17 October 2025

Task

Develop and submit for Board approval a proposal to establish an External Communications Committee of the Association of Graduates Board of Directors.

ByLaws

ARTICLE VIII. Committees

Section 1. Creation/Designation of Committees: The Board may establish standing and special committees. Committees report to the Board. The Board will establish the composition of each committee except as otherwise specified in the Bylaws.

Proposed Purpose of the Committee

To support the Vision, Mission and activities of the Association of Graduates by facilitating purposeful, proactive and consistent engagement with external stakeholders and the Graduate Community.

Provide AOG Board members and staff with a current, consistent set of themes and messages to support them in their activities and engagements, both official and as desired, unofficial.

Proposed Committee Responsibilities

Working with AOG Staff, develop and submit for Board approval enduring themes and messages as related to the Association of Graduates purpose and major initiatives.

Working with AOG Staff, develop and submit for Board approval an annual external engagement plan that includes but is not limited to the Board of Visitors, Congress, the Department of the Air Force and leadership of the United States Air Force Academy.

Working with AOG leadership and staff, develop and submit for Board approval proposed messages and engagements for emerging issues, hot topics and special interest items.

Assemble and maintain for Director and Staff use a “Smart Book” that includes but is not limited to the current “Roadshow” slide deck, annual themes and messages, talking points for hot topics and example “elevator speeches” for use as desired.

Proposed Committee Battle Rhythm

- **Not Less Than Annually**
 - Review, update and submit enduring themes and messages for Board approval
 - Develop and submit a recommended annual engagement plan for Board approval
- **Between Board Meetings**
 - Identify potential emerging issues, hot topics and special interest items; recommend themes and messages as required
 - Monitor engagement activity, including those related to special interest items
 - Review enduring themes and messages, propose adjustments (as necessary)
- **As Needed**
 - Call for out-of-cycle Board meetings to address external communications needs related to emerging and urgent issues
 - Entertain and act on out-of-cycle external engagement needs and proposals

Director Rights and Responsibilities

Act as an official representative of the Board only with approval.

When speaking as a representative of the Board, use only approved themes and messages.

Submit proposed themes, messages, special interest items and engagement recommendations for Board consideration through the committee.

As desired, advise the Committee when meeting with external stakeholders that may also serve as an engagement opportunity.

Notes:

1. Directors retain the right to communicate personal opinions independent of Board positions.
2. The CEO retains the authority and responsibility to engage and communicate externally without the need for explicit Board approval.

Proposed Committee Membership

Gen. (Ret.) DT Thompson, Chair

Mr. Mark Hille, CEO (by position)

Col. (Ret.) John Cinnamon, CAS President (by position)

Lt. Gen. (Ret.) Rod Bishop

Mr. Chris Evans

Primary AOG Staff Support: Mr. Wyatt Hornsby, SVP Marketing & Communications

Other Possible Members

Generational? (Director Walters or Fogassy)

At Large?

Proposed Actions for Prior to Next AOG Board Meeting

- Finalize proposed language for ByLaws and other governing documents; submit to the Board for approval
- Develop proposed enduring themes and messages for Board approval (use current road show deck as the starting point)
- Identify any hot topics, emerging issues and special interest items; propose associated positions and messages
- Begin development of an annual External Engagement plan

Motion – Establishment of an External Communications Committee As a Standing Committee of the Association of Graduates Board of Directors

Proposed Motion: The Board of Directors approves the establishment of the External Communications Committee as a standing committee of the Association of Graduates Board of Directors with roles, responsibilities, tasks and membership as described in the preceding brief and amended in Board deliberations.

Finance and Investments Committee

Director Evans

Board Restricted Funding Motions

Board Designated Fund	Original Use	Fund Balance	Motion
Reserve Fund	Board designated reserve fund created in 2017; Never been used and combining with operating fund simplifies having two operating reserve funds	\$1,338,455	Move reserve fund balance to operating fund
Graduate Engagement Fund	Quasi-endowed by the board for graduate engagement which allows for \$3K to be used annually on engagement; not an impactful amount	\$83,041	Remove quasi endowed restriction and designate these funds to be used to offset the cost of tailgates in 2025/2026

Review Governance Policies 3.1 – 3.3

POLICY 3.0: Governance – Management Connection

POLICY CATEGORY III: Board/Staff Linkage

POLICY NARRATIVE: The Board’s sole connection to the operational organization, its achievements and conduct will be through a Chief Executive Officer (CEO).

3.1 Only officially passed motions of the Board are binding on the CEO.

- a. Decisions or instructions of individual Board members, officers, or committees are not binding on the CEO except in rare instances when the Board has specifically delegated this authority.
- b. If Board members or committees request information or assistance without Board authorization, the CEO can refuse such requests that require, in his/her opinion, a material amount of staff time or funds or are disruptive.
- c. The Board may be involved in employee issues as indicated in the AOG personnel guide.
- d. The Board will view CEO performance as identical to organizational performance, so that organizational accomplishment of Board-stated Ends and compliance with Executive Limitations will be viewed as successful CEO performance.

Review Governance Policies 3.1 – 3.3

3.2 The Board will instruct the CEO through written policies that prescribe the organizational Ends to be achieved, and describe organizational situations and actions to be avoided, allowing the CEO to use any reasonable interpretation of these policies.

- a. The Board will develop and maintain policies instructing the CEO to achieve certain results, for certain recipients at a specified worth or priority. These policies will be developed systematically from the broadest, most general level to more defined levels, and will be called Ends policies. All issues that are not Ends issues, as defined here, are means issues.
- b. The CEO will make inputs to the development of Board policies, including organizations Ends, to the Board as he/she deems appropriate.
- c. The Board will develop and maintain policies which limit the latitude the CEO may exercise in choosing the organizational Means that support the AOG Operational Plan. These limiting policies will describe those practices, activities, decisions and circumstances that would be unacceptable to the Board even if they were effective in accomplishing the AOG Operational Plan. These policies will be developed systematically from the broadest, most general level to more defined levels, and they will be called Executive Limitations policies.
- d. As long as the CEO uses any reasonable interpretation of the Board's approved Ends and Executive Limitations policies, the CEO is authorized to establish all further policies, make all decisions, take all actions, establish all practices and develop all activities.
- e. The Board may change its Ends and Executive Limitations policies, thereby shifting the boundary between Board and CEO domains. By doing so, the Board changes the latitude of choice given to the CEO. However, as long as any particular delegation is in place, the Board will respect and support the CEO's choices.

Review Governance Policies 3.1 – 3.3

3.3 The Board will monitor and evaluate CEO performance in such a way as to have systematic assurance of policy compliance, and successful execution of the AOG Operational Plan. Monitoring of CEO job performance will be against the expected CEO job outputs: development of the AOG Operational Plan, organizational execution of the Operational Plan, and organizational operation within the boundaries established in the Executive Limitations. To assist the Board's monitoring of CEO performance, the CEO will:

- a. Annually: Present to the Board the AOG's upcoming fiscal year Budget for Board review and approval. Linkages between the Budget and the AOG Operational Plan will be highlighted.
- b. Annually: Present an update of the AOG Operational Plan for Board at the Board meeting immediately preceding the annual presentation of the coming year Budget.
- c. Annually: Present a year-end Financial Report.
- d. Quarterly: Present a Financial Report of the previous quarter performance.
- e. Quarterly: Present metrics linked to the Operational Plan showing progress toward accomplishment of the AOG Operational Plan, and present any changes made to the execution of the Operational Plan in the previous quarter.
- f. Quarterly: Present one quarter the number of Monitoring Reports, which will detail continued adherence to the General Executive Constraints in Policy 2.0, along with any explanation of pertinent information.

Preview of Change to AOG Bylaws Article XI, Section 1

Section 1. Director Conduct: No director, officer, or committee member of the AOG shall request or accept any interest or favor (financial or otherwise) that might influence his or her actions relating to the AOG or its affiliated organizations...

a. For these purposes, a conflict of interest shall be deemed to arise whenever a matter under consideration involves the potential for significant benefit to a director or to any business, financial, or professional organization of which the director or a member of such director's immediate family is an officer, director, member, owner, or employee.

b. Whenever any matter comes before a meeting of the Board which gives rise to potential conflict of interest, the affected director shall make known the conflict to the remaining directors present at such meeting, shall, after answering any questions posed by the other directors, withdraw from the meeting for as long as the matter is under consideration, and shall neither be present, nor cast a vote.

...

e. As with all other matters coming before the Board, the disinterested directors shall pass upon a matter that poses a conflict of interest for another director in a manner which they reasonably and in good faith believe to be in the best interests of the AOG.

f. In the event an issue is not resolved at the committee or Board level, the matter shall be referred to the Governance Committee for review. For the purposes of ethics oversight, the Governance Committee may request participation by at least one friend of the AOG not actively involved in activities of the Board who is qualified to assist in ethics advice.

g. Directors may not be nominated, or receive, any awards or honors that are issued, selected, or endorsed by the Association of Graduates or its affiliated entities during their term of service. Directors are also prohibited from nominating other individuals for such awards.

Motion 2 – Award Eligibility (Bylaw Change)

Joint Committee Vote: 6-4 supporting the change

The Board of Directors approves the corrections and changes to language in the AOG Bylaws (Effective 4 March 2025) as presented by the Joint Nominating and Governance Committee that codifies the changes to the process for AOG Directors nominating other and receiving awards under the Board of Director's purview.

02. Single Election Ballot Pathway

Synopsis - Single Pathway to Election Ballot

Joint Committee Vote: 8-2 supporting the change

There is one way for a member to get on the ballot for election to the Board of Directors:

- a. All candidates must submit a complete nomination package. This package must include at least 100 verified signatures from AOG graduate members in good standing. Each signature must consist of the graduate's full name, signature (digital or handwritten), and AOG member number. There are no alternative pathways to be placed on the ballot.

Document Changes:

1. There are five places where this change impacts the Bylaws and Governance Procedures

Pardon & Amnesty Updated - Vaccine Mandate Motion

Author: Director Rod Bishop

Board Resolution On Assisting Fellow Graduates (and Potentially Cadets) Who Have Been Harmed by the Anthrax or COVID Vaccine/COVID Mandates

Motion: I move that the AOG BOD adopt a resolution endorsing that the President of the United States grant pardons/amnesty to all who have suffered harm from the anthrax or covid mandates and recommend to OSW P&R that the vaccine task force be established to evaluate all the transgressions that occurred during the mandate period against our military personnel. Additionally, the AOG BOD recommends OSW P&R explore all options to expedite the processing of correction of military records and provide relief through the VA for those who have been harmed by the vaccine if not eligible for military-related healthcare.

WHEREAS federal courts have ruled that the military's anthrax and COVID vaccine mandates violated federal law and the President of the United States and the Secretary of Defense have stated in writing that the military's COVID vaccine mandate was "unjust" and "illegal as implemented," respectively;

WHEREAS, thousands of military members, including USAFA graduates, negatively impacted by these illegal military vaccine mandates deserve remedies they have not received;

WHEREAS, the means of obtaining these remedies, including through the Boards for Corrections on of Military Records, which can be costly and me consuming, are not timely, effective or otherwise satisfactory;

THEREFORE, the Board of Directors of the Air Force Academy Association on of Graduates strongly endorses the motion that the AOG BOD adopt a resolution endorsing that the President of the United States grant pardons/amnesty to all who have suffered harm from the anthrax or covid mandates and recommend to OSW P&R that the vaccine task force be established to evaluate all the transgressions that occurred during the mandate period against our military personnel. Additionally, the AOG BOD recommends OSW P&R explore all options to expedite the processing of correction of military records and provide relief through the VA for those who have been harmed by the vaccine if not eligible for military-related healthcare.

Motion on Amendment for Appointments

Author: Director Denny Merideth

Motion: Move that the AOG Board of Directors amend the Bylaws to make Appointed Directors non-voting positions except in the case where a director is appointed to replace an elected Director vacancy by making the following changes:

Change Article II Section 5 to read: **Appointed Directors:** AOG graduate members appointed to the Board of Directors as non-voting Directors pursuant to the requirements set forth in Article V”.

Change first line of Article V Section 2b to read: “There shall be no more than four non-voting appointed directors ...”

Change first line of Article V, Section 5d to read “The Secretary shall be an elected ~~or appointed~~ director and shall serve as...”

Change Article V Section 10a to read: A quorum of two-thirds of the total number of directors eligible to vote must be present for the Board to act on any issue.

Change Article V Section 10b to read: Each elected director, and any director appointed to fill an elected vacancy, is entitled to one vote on every issue., ~~except that appointed directors eligible for reappointment may not ratify their own appointment.~~

Prior Action: Governance Committee acknowledged the motion, but no discussion or action followed.

Purpose: In March and April 2025 following the issues surrounding appointments there were many graduates who voiced concerns about the process. This motion honors their request for the BOD to consider the voting privileges of appointment Directors.

Motion Regarding Appointed Directors to the AOG BOD

Author: Director Dan Bohlin

Motion: Move that the AOG Board directs that the Governance Committee report to the Board proposed changes to the Bylaws, NLT than its next regular meeting, that ensure the Board only makes future Director appointments to the Board to fill elected Directors' vacated positions.

Prior Action: Governance Committee acknowledged the motion, and incorporated ideas into the larger discussion of appointed directors but no action followed.

Purpose: In March and April 2025 following the issues surrounding appointments there were many graduates who voiced concerns about the process. This motion honors their request of BOD having no appointed Directors except to fill a vacated elected Director's position for the remainder of that Director's term.

Motion - Justice Delayed Input to Board of Visitors Committee

Author: Director Rod Bishop

Motion:

Whereas justice delayed is justice denied.

Whereas AOG Board members have received extensive feedback from graduates, parents, cadets, and lawyers that the time involved in resolving military justice cases is excessive

Whereas excessive timelines in administering justice run contrary to the original intent of the military justice system and are extremely detrimental to the morale of a unit.

Whereas graduates, parents, cadets, and lawyers have informed AOG BOD members on other irregularities in the USAFA justice system also negatively impacting morale

It is so moved that the External Affairs Committee and /or the Association of Graduates' CEO communicate these concerns of our community to the organization that has oversight of the morale at USAFA – specifically the USAFA Board of Visitors – for their possible action.

Prior Action: No prior action.

Purpose: Captured in the body of the motion.

Motion on BOD Resolution – Merit in the Military

Author: Director Christopher Walker

Motion: Move the Board of Directors adopt the following resolution and the AOG CEO ensure delivery to appropriate congressional leadership.

Resolution – Merit in the Military

WHEREAS, the United States Armed Forces bear the solemn duty to defend the nation and, at all levels, require the best-qualified leaders to ensure mission success and to optimize warfighters' safety;

WHEREAS, the principle of merit-based advancement is fundamental to military effectiveness, requiring personnel actions—including accessions, training, assignment, and promotion—to be based strictly on demonstrated performance, capability, technical competence, and fitness;

WHEREAS, race, ethnicity, and national origin have no correlation with leadership ability, and their consideration in military personnel decisions would violate the constitutionally mandated equal protection of the laws and undermine selection of the best-qualified individuals;

WHEREAS, the use of demographic goals, targets, or preferences in military personnel decisions can erode trust, weaken morale, and diminish unit cohesion, ultimately degrading combat effectiveness;

WHEREAS, DoD civilian employees are protected by statutory prohibition (Title VII) against race-based discrimination, but uniformed service members lack such statutory protection, necessitating clear legislative safeguards; and

WHEREAS, Congress has the constitutional duty under Article I, Section 8 to regulate the armed forces and to ensure military personnel policies align with equal protection principles as much as possible; now, therefore, be it

RESOLVED, by The United States Air Force Academy Association of Graduates, at its Board of Directors meeting on July 25, 2025, that merit-based criteria should be used in all Department of Defense military personnel actions, explicitly prohibiting the use of race, ethnicity, and national origin, to ensure the highest level of combat effectiveness and military readiness.

Motion on Review of Appointments

Author: Director Denny Merideth

Motion: Move that the Board of Directors direct the Governance Committee to conduct an outreach process to gather AOG member inputs on Board appointment of directors, review requirements, establish a timeline of actions, and prepare a proposed amendment addressing BOD appointments of directors. to be voted upon by the AOG Board of Directors at the October 2025 scheduled board meeting.

Prior Action: Governance Committee discussed at two committee meetings with general agreement on concept and wording. Primary clarification needed on date as the initial motion identified December meeting and at most recent committee meeting a general agreement was that the April 2026 meeting would give time to prepare. Additional discussion on the group to task led to a consideration of a joint committee made up of the Governance Committee and the Nominations Committee.

Purpose: There are several issues raised concerning BOD makeup, term length, appointments, and voting as well as several motions put forward to amend guidance in reference to the wide range of questions. Establishing a responsible committee or task force with an expected completion date consolidates the linked issues.

Honorary Member of AOG Motion (1 of 3 pages)

Author: Director Rod Bishop

Motion: I move that Charlie Kirk be recognized as an honorary graduate of the USAFA Association of graduates for all of the reasons listed in the proclamation.

Proclamation

Whereas Charles “Charlie” James Kirk, born October 14, 1993, was a courageous American patriot, a member of the USAFA Board of Visitors whose life was tragically and unjustly cut short in an act of political violence on September 10, 2025, at Utah Valley University;

Whereas Charlie Kirk has been nominated and will receive the highest civilian award given in the United States of America—The Presidential Medal of Freedom.

Whereas Charlie Kirk was a devoted man of faith, who boldly lived out his faith with conviction, courage, and compassion;

Whereas Charlie Kirk was a dedicated husband to his beloved wife, Erika Kirk, and a loving father to their daughter and son, exemplifying the virtues of faith, fidelity, and fatherhood;

Whereas Charlie Kirk was a fierce defender of the American founding and its timeless principles of life, liberty, limited government, and individual responsibility;

Whereas Charlie Kirk, at 18 years old, founded Turning Point USA in 2012, a student movement with the mission to “identify, educate, train, and organize students to promote the principles of fiscal responsibility, free markets, and limited government;”

Whereas Charlie Kirk became one of the most prominent voices in America, engaging in respectful, civil discourse across college campuses, media platforms, and national forums, always seeking to elevate truth, foster understanding, and strengthen the Republic;

Whereas Charlie Kirk personified the values of the First Amendment, exercising his God-given right to speak freely, challenge prevailing narratives, and did so with honor, courage, and respect for his fellow Americans;

Whereas Charlie Kirk’s commitment to civil discussion and debate stood as a model for young Americans across the political spectrum, and he worked tirelessly to promote unity without compromising on conviction;

Whereas the assassination of Charlie Kirk was not only a heinous act of violence, but a sobering reminder of the growing threat posed by political extremism and hatred in our society;

Whereas such acts of politically motivated violence are antithetical to the principles of a free republic, in which differences of opinion are to be debated—not silenced—with civility, reason, and mutual respect;

Whereas the rise in targeted violence against individuals for their political beliefs undermines the very fabric of our constitutional democracy and chills the free exchange of ideas essential to a healthy civic society;

Whereas leaders at every level—government, education, media, and beyond—must stand united in unequivocal condemnation of political violence, regardless of their ideology;

Honorary Member of AOG Motion (2 of 3 Pages)

Whereas the tragic loss of Charlie Kirk must not be allowed to deepen the divides in our Nation, but instead serve as a turning point to recommit ourselves to better angels, and to the timeless American principles of liberty governed by truth and the virtues of peaceful dialogue;

Whereas Charlie Kirk would not have us respond to his death with despair, but rather with renewed purpose—to speak truth with courage, to stand firm in faith, to seek unity while standing firm in principle, and to serve as living reminders of the values he championed: faith, family, and freedom;

Whereas on March 17, 2025, Charlie Kirk was appointed by President Donald J. Trump, the Commander-in-Chief of the United States Armed Forces, as a member of the United States Air Force Academy Board of Visitors; and

Whereas Charlie Kirk admonished at a meeting of the United States Air Force Academy Board of Visitors on August 7, 2025, the following regarding the importance of teaching Air Force Academy cadets about American Exceptionalism:

“The importance of this institution goes back to one other thing I know this board wants to focus on [which] is that when we’re educating them, we need to educate them towards “being something,” towards being a warrior, but for what?

It’s one thing to strip away the DEI and Critical Race Theory— of which we’re going to be continually, politely bothering you on with questions.

But also we want to make sure that the cadets over the course of four years can articulate and they can feel in their soul American Exceptionalism, what they’re willing to die for. What is that Constitution that they’re swearing an oath to?

It shouldn’t just be here’s American history. We want them to be on fire because good leaders can articulate “The Why”.

Of course, there’s a self-selection, they’re coming here for a reason, because they love the country. But we want them to understand at a deeper, more fundamental level, American Exceptionalism.

If I could submit a recommendation in the curriculum education department: what does success look like when they throw their cap up in the air after four years?

That they are an advocate for the Exceptionalism of this project, not just a tool for the military, but they are able to articulate it, that they’re able to tell the people that they’re going to be leading in those tough days: here’s why we’re fighting so hard, here’s why we’re sacrificing.

It’s not enough just to say we want them to be good at programing AI and flying drones and being able to lead. But what are they leading towards?

Well, we want America to dominate this century and in order to dominate, we have to know what we are and who we are. It’s imperative that these cadets know that we are the greatest nation ever, and those roots. Not any sort of question about that.

That’s what makes this institution different. This is not Harvard. This is not Dartmouth, where they can spread anti-American ideas. If you don’t want to defend the country, that’s fine, you can go to University of Colorado Boulder. There’s plenty of people that don’t want to do that.

But Air Force cadets are here to understand the beauty of this country. I want to see even more of that. And I know that’s there.” (Emphasis added.)

Whereas, the Air Force Academy Association of Graduates Board of Directors agrees with the words of Charlie Kirk quoted above;

Honorary Member of AOG Motion (3 of 3 Pages)

Now, therefore, be it Resolved, that the Air Force Academy Association of Graduates:

- (1) Condemns in the strongest possible terms the assassination of Charles “Charlie” James Kirk, and all forms of political violence;
- (2) Commends and honors the dedicated law enforcement and emergency personnel for their tireless efforts in finding the suspect responsible for the assassination of Charlie Kirk and urges the administration of swift justice to the suspect;
- (3) Extends its deepest condolences and sympathies to Charlie Kirk’s family, including his wife, Erika, and their two young children, and prays for comfort, peace, and healing in this time of unspeakable loss;
- (4) Honors the life, leadership, and legacy of Charlie Kirk, whose steadfast dedication to the Constitution, civil discourse, and Biblical truth inspired a generation to cherish and defend the blessings of liberty and the American Creed;
- (5) Calls upon all Americans—regardless of race, party affiliation, or creed—to reject political violence, recommit to respectful debate, uphold American values, and respect one another as fellow Americans; and
- (6) Pronounces that Charlie Kirk hereby is an Honorary Member of the United States Air Force Academy Association of Graduates.

Motion: I move that the USAFA award Charlie Kirk an honorary BS Degree from the USAF Academy for all the reasons in the accompanying Resolution

Resolution

Whereas Charles “Charlie” James Kirk, born October 14, 1993, was a courageous American patriot, whose life was tragically and unjustly cut short in an act of political violence on September 10, 2025, at Utah Valley University;

Whereas Charlie Kirk has been nominated and will receive the highest civilian award given in the United States of America—The Presidential Medal of Freedom.

Whereas Charlie Kirk was a devoted Christian, who boldly lived out his faith with conviction, courage, and compassion;

Whereas Charlie Kirk was a dedicated husband to his beloved wife, Erika Kirk, and a loving father to their daughter and son, exemplifying the virtues of faith, fidelity, and fatherhood;

Whereas Charlie Kirk was a fierce defender of the American founding and its timeless principles of life, liberty, limited government, and individual responsibility;

Whereas Charlie Kirk, at 18 years old, founded Turning Point USA in 2012, a student movement with the mission to “identify, educate, train, and organize students to promote the principles of fiscal responsibility, free markets, and limited government;”

Whereas Charlie Kirk became one of the most prominent voices in America, engaging in respectful, civil discourse across college campuses, media platforms, and national forums, always seeking to elevate truth, foster understanding, and strengthen the Republic;

Whereas Charlie Kirk personified the values of the First Amendment, exercising his God-given right to speak freely, challenge prevailing narratives, and did so with honor, courage, and respect for his fellow Americans;

Whereas Charlie Kirk’s commitment to civil discussion and debate stood as a model for young Americans across the political spectrum, and he worked tirelessly to promote unity without compromising on conviction;

Honorary Degree CK from USAFA (2 of 4 Pages)

Whereas the assassination of Charlie Kirk was not only a heinous act of violence, but a sobering reminder of the growing threat posed by political extremism and hatred in our society;

Whereas such acts of politically motivated violence are antithetical to the principles of a free republic, in which differences of opinion are to be debated—not silenced—with civility, reason, and mutual respect;

Whereas the rise in targeted violence against individuals for their political beliefs undermines the very fabric of our constitutional democracy and chills the free exchange of ideas essential to a healthy civic society;

Whereas leaders at every level—government, education, media, and beyond—must stand united in unequivocal condemnation of political violence, regardless of their ideology;

Whereas the tragic loss of Charlie Kirk must not be allowed to deepen the divides in our Nation, but instead serve as a turning point to recommit ourselves to better angels, and to the timeless American principles of liberty governed by truth and the virtues of peaceful dialogue;

Whereas Charlie Kirk would not have us respond to his death with despair, but rather with renewed purpose—to speak truth with courage, to stand firm in faith, to seek unity while standing firm in principle, and to serve as living reminders of the values he championed: faith, family, and freedom;

Whereas on March 17, 2025, Charlie Kirk was appointed by President Donald J. Trump, the Commander-in-Chief of the United States Armed Forces, as a member of the United States Air Force Academy Board of Visitors; and

Whereas Charlie Kirk admonished at a meeting of the United States Air Force Academy Board of Visitors on August 7, 2025, the following regarding the importance of teaching Air Force Academy cadets about American

Exceptionalism:

“The importance of this institution goes back to one other thing I know this board wants to focus on [which] is that when we’re educating them, we need to educate them towards “being something,” towards being a warrior, but for what?

It’s one thing to strip away the DEI and Critical Race Theory— of which we’re going to be continually, politely bothering you on with questions.

But also we want to make sure that the cadets over the course of four years can articulate and they can feel in their soul American Exceptionalism, what they’re willing to die for. What is that Constitution that they’re swearing an oath to?

It shouldn’t just be here’s American history. We want them to be on fire because good leaders can articulate “The Why”.

Of course, there’s a self-selection, they’re coming here for a reason, because they love the country. But we want them to understand at a deeper, more fundamental level, American Exceptionalism.

If I could submit a recommendation in the curriculum education department: what does success look like when they throw their cap up in the air after four years?

That they are an advocate for the Exceptionalism of this project, not just a tool for the military, but they are able to articulate it, that they’re able to tell the people that they’re going to be leading in those tough days: here’s why we’re fighting so hard, here’s why we’re sacrificing.

It’s not enough just to say we want them to be good at programing AI and flying drones and being able to lead. But what are they leading towards?

Well, we want America to dominate this century and in order to dominate, we have to know what we are and who we are. It’s imperative that these cadets know that we are the greatest nation ever, and those roots. Not any sort of question about that.

That’s what makes this institution different. This is not Harvard. This is not Dartmouth, where they can spread anti-American ideas. If you don’t want to defend the country, that’s fine, you can go to University of Colorado Boulder. There’s plenty of people that don’t want to do that.

But Air Force cadets are here to understand the beauty of this country. I want to see even more of that. And I know that’s there.” (Emphasis added.)

Whereas, the Air Force Academy Association of Graduates Board of Directors agrees with the words of Charlie Kirk quoted above;

Now, therefore, be it Resolved, that the Air Force Academy Association of Graduates:

- (1) Condemns in the strongest possible terms the assassination of Charles “Charlie” James Kirk, and all forms of political violence;
- (2) Commends and honors the dedicated law enforcement and emergency personnel for their tireless efforts in finding the suspect responsible for the assassination of Charlie Kirk and urges the administration of swift justice to the suspect;

- (5) Calls upon all Americans—regardless of race, party affiliation, or creed—to reject political violence, recommit to respectful debate, uphold American values, and respect one another as fellow Americans; and
- (6) Recommends that the United States Air Force Academy award, and seek the authority to award if necessary, Charlie Kirk an Honorary Degree.

Motion on Establish AOG Award to U.S. Citizen (1 of 2 pages)

Author: Director Denny Merideth

Motion: The Board of Directors establish The Ronald R. Fogelman award to be presented by the Association of Graduates to a U.S. citizen whose accomplishments and service reflect the ideals of the United States Air Force Academy. The Board requests the CEO in coordination with the Awards Recognition Committee determine a professional process for the award and presentation of the award.

Prior Action: None.

Purpose: Establishing an award to be given to a citizen of the United States, other than a USAFA graduate, ‘whose outstanding character, accomplishments, and stature in the civilian community draw wholesome comparison to the qualities for which’ the USAF Academy, in keeping with the values of “Integrity First, Service Before Self, and Excellence in all We Do”

Motion on Establish AOG Award to U.S. Citizen (2 of 2 pages)

- The USMA Thayer Award is the model for this award.
- Establishing a prestigious award presented to nationally recognized recipients honors the recipients. It also furthers the vision and mission of the Association of Graduates to be an "association of influence and impact" while "promoting the heritage of the Academy, our common traditions, and the accomplishments of our graduates."

Motion on AOG DC Presence

Author: Director Denny Merideth

- **Motion:** The Board of Directors directs the AOG CEO to evaluate the feasibility of establishing an AOG presence in the National Capital Region and report his findings at the next scheduled Board of Directors meeting.
- **Prior Action:** Informal discussions.
- **Purpose:** There are several potential benefits of an extended AOG active presence located in the National Capital Region which could enhance the AOG’s stated vision to be an “Association of influence and impact.” An evaluation of the possibilities should focus on various levels of presence, relationship opportunities, costs, risks, return on investment, and benefits. The scope of the evaluation should not be determinative in nature but should explore the range of options and present to the board courses of action that are insightful and sustainable.

Governance Committee (GC) to Deliberate Appointed Director Motions

Author: Director Dan Bohlin

In consideration of the Governance Committee's duties stated in the AOG Bylaws, **Article VII. COMMITTEES, Section 6, Standing Committees, para d. Governance Committee (GC)**, I move the Board:

1. Assign to the GC the responsibility to deliberate on the three (3) postponed motions pertaining to appointed directors made at the Board's 25 JUL 2025, regular meeting and the GC provide an interim report to the Board, NLT its next regular meeting, regarding: (a) key assumptions, (b) considerations and (c) possible courses of action; then

2. At the following regular Board meeting, the GC will provide a final report to the Board for its consideration; the report will include proposed action item

Note: RONR, 12th ed., p.468, Section 50, para 50:10, last sentence:

“ A special committee may not be appointed to perform a task that falls within the assigned function of an existing standing committee.”

Motion to Pass RESOLUTION re AOG Chapters

Author: Director Rod Bishop

Motion: To Provide Additional, Substantial and Adequate Support to AOG Chapters

Whereas a primary purpose of the Air Force Academy Association of Graduates (“AOG”) is, as a Colorado non-profit corporation, to support the AOG members;

Whereas a significant means of supporting AOG members is through a world wide network of AOG Chapters;

Whereas the number and activities of the AOG Chapters have declined dramatically during recent years;

Whereas AOG Chapter Presidents have complained to AOG leadership for years about the neglect of and declining support for AOG Chapters by the AOG, resulting in little or no positive change;

Whereas multiple AOG Chapter Presidents have ideas and recommendations for improving AOG Chapters that the AOG Board of Directors should hear, consider and, when appropriate, implement;

Whereas those Chapter Presidents have no effective means of getting their ideas and recommendations for improving AOG Chapters considered and implemented by the AOG Board of Directors;

Whereas the AOG should provide significant improved funding and other support to AOG Chapters to better serve AOG members;

Now, therefore, be it Resolved, that the Air Force Academy Association of Graduates Board of Directors will:

- (1) Provide significant additional funding to support Chapter activities;
- (2) Provide significant additional employee support for Chapter activities;
- (3) Arrange an annual conference at the Air Force Academy for Chapter Presidents, in conjunction with Parents Clubs, only, as in past years;
- (4) Provide funding to pay the expenses of Chapter Presidents to attend annual AOG Chapter Conferences at the Air Force Academy;
- (5) Provide a structured method by which Chapter Presidents can provide information about Chapter activities directly to the AOG Board of Directors, similar to the methods of communicating to and participating with the AOG Board provided to Class Senators;
- (6) Designate a committee of the Board to consider and report to the Board about recommendations from a committee of Chapter Presidents to be formed and supported by the AOG;
- (7) Allow at least two Chapter Presidents to address the Board about changes recommended to better support the Chapters;
- (8) Provide better, more efficient and effective means for AOG Chapter Presidents to communicate by email with the AOG members within the geographic area of their Chapters; and
- (9) Create a process whereby the AOG will arrange, when possible, for Chapters to be sent prominent officials to speak at annual Chapter Founders Day events and to be notified reasonably in advance who will be those speakers.

Substitute Motion: Motion to Provide Substantial and Adequate Support to APG Chapters

Author: Original Author Director Rod Bishop; substitute motion proposed by Director Denny Merideth

Motion: The Board of Directors (Board) recognizes the need to renew support and priority to AOG Chapters. The Board directs the AOG CEO to elevate the effort to revitalize the AOG Chapter program. The Board requests that the AOG CEO present to the Board the enhancements at the next regular Board meeting and coordinate a panel of AOG Chapter Presidents to supplement the presentation.

Purpose: Incorporated in original motion for a resolution.

Special Committee (SM) to Deliberate Appointed Director Motions

Author: Director Dan Bohlin

Per previous notice given at the Board's 28 AUG Adjourned Meeting and IAW AOG Bylaws, Article VIII. COMMITTEES, Section 1, Creation/Designation of Committees, and applicable paragraphs in RONR, 12th ed., Chapter XVI, BOARDS AND COMMITTEES, Sections 50-51, I move the Board:

1. Establish a special committee (SC) composed of no more than six (6) elected Board members plus the CAS President, who select their Chairperson, to
2. Deliberate on the three (3) postponed motions pertaining to appointed directors made at the Board's 25 JUL regular meeting and provide an interim report to the Board at its next regular meeting regarding: (a) key assumptions, (b) considerations and (c) possible courses of action, then
3. At the following regular meeting, the SC will provide a final report to the Board for its consideration; the report will include proposed action item(s) and a final approval suggestion.

Note: Neither the AOG Bylaws nor RONR, 12th ed., discusses nor has any provisions for a "joint committee" that shares duties among two or more established standing committees. Both sources of AOG Board governance cite conduct, rules, etc. only for either a standing or a special committee. In consideration of the Governance Committee's duties stated in the AOG Bylaws, **Article VII. COMMITTEES, Section 6, Standing Committees, para d. Governance Committee (GC)**, I move the Board:

MOMENT OF SILENCE/ PLEDGE OF ALLEGIANCE

**SHARED VALUES
&
DUTY OF CARE, LOYALTY, AND
OBEDIENCE**

Shared Values: Character (Space Force Handbook 1-1)

- ***Character above all.*** We defend the Constitution and serve the nation. Serving the nation presents us with difficult dilemmas daily, and effectively navigating those dilemmas requires us to be principled in our approach.
- Character is the first value because it lays the foundation for trust, teamwork, and good order and discipline. Without it, the other three values are diminished
- **I will act with integrity, honesty, candor, and dedication to the team.** Integrity and honesty mean being completely truthful. Guardians do not hide truths, present partial information, or misrepresent.
- **I will be accountable to you and the team for my decisions and actions.** When individuals take personal responsibility for their actions, it builds trust and provides opportunities to learn and grow. Accountability to the team also reinforces the idea that we put the team's interests first.
- **I will uphold the highest standards and live our values.** This is a personal affirmation that each one of us will do our best to maintain high character and live in a manner that generates trust.

Duty of Care, Duty of Loyalty, Duty of Obedience

Duty of Care:

- Directors must act:
- In good faith; With prudence and diligence
- In a manner the Director reasonably believes to be in the best interests of the nonprofit

Duty of Loyalty:

- Directors are obligated to put the organization's interest ahead of any personal, private or competing interest,
- Included in the Duty of Loyalty is the Duty of Confidentiality
- Directors must not disclose confidential information discussed at a board meeting,
- Directors must not disclose personal information that they've received as part of their position on the Board;
- Directors must not share outside the AOG information obtained as part of their position, including sharing discussions and/or arguments within Board deliberations once the Board has decided on the matter.

Duty of obedience:

- Directors responsible for ensuring the organization complies with federal, state, & local laws
- Directors must ensure the organization's and their individual activities comply with the AOG's stated mission and purpose, as well as the Board's own internal guidance, bylaws, and policies;
- Directors must carefully guard against any conflict of interest This includes not merely financial conflicts of interest, but any conflict of interest with a Director's other personal, business, social and political interests

Year in Review

Engagement

- Reunions, Next of Kin, Career Services
- Next Generation Advisory Council
- Prepared Graduate survey in 2026 – 8,000 additional members since 2021

Philanthropy

- Fundraising results exceed final year of campaign – improved balance sheet
- Graduate donor count down 5% from 2024; flat from 2023
- New endowments for graduate programs and key heritage projects

Year in Review

Stewardship

- Stronger controls on gift funds – working on similar capability at USAFA
- Expanded 2025 reporting, with further expansion in 2026
- Advertising & sponsorship revenue still lags

Communications

- Brand and website launch complete
- Merchandise hit record in 2025 - quality and impact of offerings important

Organizational Excellence

- Incorporating results from employee survey and feedback
- Move into Wecker Hall in June, growing impact on team performance

Chapters & Affinity Groups

• Chapters

- ~50 active Chapters, with 11 Distinguished Chapters for 2025 - two new additions (**highlighted**)
- Weekly and quarterly calls being conducted with Chapter Presidents in alignment with our 2026 Operating Plan
- Chapters now integrated with Long Blue Leadership Podcast Network (Gradcast)
 - Rick Wright (N TX), Mike Rose (SC), & Joe Facenda (LA-CA) have joined us so far ; Blue Chile is next!

• Affinity Groups

- 13 active Affinity Groups, with three new additions (**highlighted**)
- USAFA Women is actively engaged in the 50th Anniversary celebration of women at the Military Service Academies
- Academy Boxing is active in Coach Weichers' gym dedication/fundraiser, as well as the Wing Open

Firstie Departure

- Firstie Departure dovetails with USAFA's Officer Launch Program, which has core (mandatory) lessons
- Core lessons are provided by squadron commanders as part of baseline knowledge for all Firsties (e.g., myPay, LES, TSP, SGLI, etc.)
- Elective lessons have significant overlap with topics of interest from a Class of '26 survey (~30% response rate), but can't be completely covered via traditional means
 - Real Estate (91%)
 - First Duty Station Expectations (89%)
 - Finance, Budgeting, Insurance, & Retirement Planning (89%)
 - Marriage, Money, & Military Life (77%)

- In coordination with the Cadet Wing, we are developing a multi-layered solution to reinforce learning without the associated demand on time
- Expert Podcast: Invite cadets to participate in a recorded discussion with a (graduate) subject matter expert on the highest-rated topics from the survey
 - This would be part of our **Long Blue Line Podcast Network** and available on our website for on-demand access by cadets and graduates alike
 - Graduate volunteers would be interviewed by cadets to share their experiences across the various topics of interest
- This also aligns with our **NextGen** strategy, **career services** and transition support efforts, and provides another avenue for graduates to give back to USAFA

Vanguard Total Stock Market Index Fund Admiral Shares

The investment seeks to track the performance of the CRSP US Total Market Index that measures the investment return of the overall stock market. The fund employs an indexing investment approach designed to track the performance of the index, which represents approximately 100% of the investable U.S. stock market and includes large-, mid-, small-, and micro-cap stocks. It invests by sampling the index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full index in terms of key characteristics. The fund is non-diversified.

Travel Stipend – Director Hoffman

While offering everyone \$800 for travel pay sounds fair, it really only covers the bill at the Rampart Inn, and for those flying in, it means we out-of-towners have to pay for all airfare. So if you live here or someplace close enough to drive, it's OK, but if you're on the east coast, you end up making an unplanned donation to the AOG. So what sounded fair is not fair to those of us who are farther away.

Most of us already have planned gifts to the AOG that don't account for what could be an additional \$3000 a year, and all of us have different financial circumstances, whether income or assets.

I say pay my fair travel costs and let me decide how much I will donate.

Travel Stipend Overview & Path Forward

Background: In 2025, the Finance Committee discussed moving from a direct expense reimbursement model to a travel stipend for Directors. Director Evans presented the change to the board. Stipend was based on GSD rates for travel to CO.

Reason for the change:

- The AOG Travel Policy does not allow for travel upgrades (flight seat selections/upgrades, rental car upgrades, etc.).
- The AOG Travel Policy also requires air travel to be booked at a minimum of 14 days in advance.
- AOG board hotel rooms are reimbursed at the Rampart Lodge, several AOG Directors expressed the desire to stay at Hotel Polaris.
- Difficulty getting expense reports submitted to A&F Finance Team for reimbursement (incomplete expense reports, bookings inside the 14-day travel window, flight upgrades and missing receipts)
- Offering a stipend allows Directors to upgrade flights and hotel to their preferences. No expense report needs to be submitted.
- Many nonprofit boards do not reimburse any travel or board incurred costs

Options:

1. Go back to direct expense reimbursement: Board follows our A&F Travel Policy and Rampart Lodge hotel for lodging
2. Increase stipend per meeting (previously \$800-\$900 depending on month of travel)
3. Both options still allow Directors to donate their travel and receive a tax donation letter

William Parks 2007

Lieutenant Colonel William “Skate” Parks, a 2007 graduate of the U.S. Air Force Academy, distinguished himself through courageous service as Commander, 480th Expeditionary Fighter Squadron, while engaged in combat operations. In this role, Skate led 12 F-16s and 56 Airmen through an eight-month deployment supporting Operations PROSPERITY GUARDIAN, INHERENT RESOLVE, SPARTAN SHIELD, and ROUGH RIDER. Under his command, the squadron earned an unparalleled record of 108 aerial victories against enemy Unmanned Aerial Systems and Land Attack Cruise Missiles.

His actions led to him earning the Bronze Star and Silver Star in 2025

Discussion and Voting in Executive Session

02. Election Timeline Preparation

Election Timeline Preparation

Staff Questions to Answer by 15 March for the April Meeting:

1. What was the cost of the last election?
2. Can individuals sign up for the AOG and vote on the same day?
 1. What would the cost of this model be?

Nominating Committee questions to answer for April Meeting:

1. Should there be a maximum number of candidates?
 - The minimum is 12 for the election, but there is no maximum per the bylaws
2. Voting System
 1. Standard up to 6 votes | Rank Choice Voting | Other?
 2. Can current directors endorse candidates on the ballot? If so, How?
 3. If so, will the endorsement be visible on the ballot?
3. If there is a petition submitted by the membership, how do we display it?
 1. Should the board have a collective statement endorsing/denouncing an outcome?
 2. Should there be two statements in each direction that directors can endorse?
4. Are there any items that the Board want to place on the ballot for membership vote/feedback?

03. Replacement Director Pool

Replacement Appointed Directors Pool

Originally 36 people in the pool

- Multiple emails went to the pool between 1 Dec and 31 Dec 2025 asking for submissions

Only 14 responded with a desire to serve and submitted package

- Some candidates in the pool indicated recent actions of the AOG, namely the Charlie Kirk motions from October, gave them pause and declined to submit.

Application had three components: Basic Contact Info | CV/Resume | 3 long form questions

1. How have you stayed connected to USAFA since graduation, and why do you desire to be a part of the AOG Board of Directors?
2. Our Board of Directors, like the country, represents a diverse range of perspectives. How do you plan to bridge divides and help the Board move forward constructively? Can you share an example of a time when you disagreed with a group decision and how you handled the situation?
3. What initiatives do you plan to pursue/prioritize to help further the AOG mission, and how would you help the board stay relevant and sustainable for future generations of graduates?

External Communications Committee Update

Gen (Ret.) DT Thompson '85
19 February 2026

Approved Actions from Prior AOG Board Meeting

- Finalize proposed language for ByLaws and other governing documents; submit to the Board for approval
- Develop proposed enduring themes and messages for Board approval (use current road show deck as the starting point)
- Identify any hot topics, emerging issues and special interest items; propose associated positions and messages
- Begin development of an annual External Engagement plan

Approved By-Laws: 17 Oct 2025

Section 6. Standing Committees: The Board shall have, as a minimum, the following standing committees:

a. Finance and Investment Committee: The Finance and Investment Committee composition and size shall be determined by the Board and will include at least two directors. The Finance and Investment Committee shall be chaired by a director. Members shall be experienced in financial or business management. The Finance and Investment Committee shall review the AOG's Financial Management and Association of Graduates Investment Policy (FMIP), financial condition, investment portfolio and budget, and make recommendations to the Board for modifications as appropriate. The Finance and Investment Committee may establish in the FMIP an investment subcommittee composed of highly qualified professionals to make and manage investments.

b. Audit Committee: The Audit Committee composition and size shall be determined by the Board and will include at least two directors. Members of the Audit Committee shall have financial experience and at least one member shall be a certified public accountant, if possible. The Audit Committee shall oversee the auditing process of the AOG's books and records.

c. Nominating Committee: The Nominating Committee shall be composed of at least two directors, one of whom will serve as chair, and five AOG graduate members at large.

i. The Nominating Committee shall maintain a pool of candidates eligible to serve as directors or committee members.

d. Governance Committee: The Governance Committee composition and size shall be determined by the Board and will consist of AOG graduate members, at least two of whom must be directors. The Governance Committee shall be chaired by the Vice Chair of the Board. Duties of the committee include:

i. Overseeing and evaluating the governance of the AOG as well as the functioning of the Board and the Class Advisory Senate.

ii. Addressing ethics issues and adjudicating conflicts of interest.

iii. Biennially conduct a review of the AOG Bylaws and ensuring that AOG practices are consistent with the Bylaws.

iv. Coordinating periodic board performance evaluations.

Recommended Add to By-Laws

- c. Working with AOG leadership and staff, develop and submit for Board approval proposed messages and engagements for emerging issues, hot topics and special interest items. (As needed)
- d. Assemble and maintain for Director and Staff use a “Smart Book” that includes but is not limited to the current “Roadshow” slide deck, annual themes and messages, talking points for hot topics and example “elevator speeches” for use as desired.

3. Nominal Term: Two years beginning with odd year April Board meeting

4. Meetings: As needed, but not less than between every full meeting of the AOG Board

Hot Topics, Emerging Issues and Special Interest Items

- On-Going and Coming Change of USAFA Leadership
- Staff Reductions and Changes in the Curriculum and Civilian/Military Faculty Ratio
- Facility and Infrastructure Needs of the Academy
- Executive Order on Correction of Military Records
- Charlie Kirk

Example: Change of USAFA Leadership

Theme	Message	Audience	Posture
Current USAFA leadership	"It has been an honor and privilege to serve and support USAFA under <leader's name> leadership. We wish them all the best in their future endeavors."	All	Active. Press release or statement/Checkpoints
Incoming leadership	"<leader's name> has a long and distinguished service record. We look forward to continuing to serve and support USAFA under their leadership."	All	Active. Press release or statement/Checkpoints
Circumstances surrounding change of leadership	"All senior military leaders serve at the pleasure of the President. It would be inappropriate for the AOG to speculate on circumstances surrounding the change."	All	Passive/Respond to Query. Refer to DAF for further comment.

Proposed Task Allocation for Upcoming Boards

- Finalize proposed language for ByLaws and other governing documents; submit to the Board for approval
- Develop proposed enduring themes and messages for Board approval (use current road show deck as the starting point) – July Board
- Identify any hot topics, emerging issues and special interest items; propose associated positions and messages – Not Later Than April Board
- Begin development of an annual External Engagement plan – October Board

Governance Committee

- Review of Director submitted motions
- Revision of entire Governance Committee Manual Cat II for approval by AOG BOD

Revised/ Updated Governance Policy Manual Category II - Motion

The GC moves that the BOD remove and replace the current Governance Policy Manual Cat. II with the revised Governance Policy II as attached. If approved by the BOD this revised policy will be effective immediately.

Purpose / Rationale:

In the GC biannual review of the Governance Policy Manual Cat. II, we found the current policy to be cumbersome, outdated, very difficult to understand, and redundant. Also appears to be micromanaging day to day activities.

Financial or Operational Impact (if any):

This has been reviewed by the President and CEO who feel these changes will enhance the operations of the AOG without any negative financial impact.

Revised/ Updated Governance Policy Manual Category II – Proposed Version

POLICY NARRATIVE:

As a fiduciary to the Association of Graduates, the CEO is bound by the Duty of Care, Duty of Obedience, and the Duty of Loyalty

2.1 Duty of Care

a. Members: With respect to interaction with members or those applying to be members, the CEO shall take care that members' personal information is appropriately safeguarded, and that personal information collected is limited to that necessary to accomplish AOG objectives and reasonable member expectations.

b. Professional staff and volunteers. The CEO shall take care to ensure working conditions for professional and volunteer staff which are safe, dignified, and professional.

1. The CEO shall prepare, update, and maintain an employee handbook, ensuring staff members are properly trained thereon, and which shall, *inter alia*, provide for the handling, processing and resolution of grievances;
2. All employment of professional staff is to be "at will."
3. Grievances, complaints, and professional disagreements brought by employees in good faith and based upon credible evidence through prescribed processes shall not be the basis for retaliatory action;
4. A grievance may be brought directly to the Board of Directors through the Chair of the Audit Committee when:
 - (i) Internal grievance processes have been exhausted; and
 - (ii) Resolution is not possible through internal mechanisms and processes

c. Financial planning

1. The CEO and staff shall align financial planning with the Board's Ends priorities, and
2. Financial planning shall contain sufficient information to enable projection of revenues and expenses and distinguish between capital and operational expenses;
3. The CEO and staff shall strive for a balanced budget, exceeding budgetary limits only for good cause shown and with the approval of the Board of Directors; and
4. Promptly discharge payroll and other obligations, taking care that the AOG is not over-obligated from the approved budget. In this regard, the CEO shall not:
 - a. Approve a single purchase or commitment greater than \$100,000 without Board approval or as authorized by the approved budget;
 - b. Acquire, encumber or dispose of real property, except that AOG may lease its real property;
 - c. Revenue and fundraising:

Revised/ Updated Governance Policy Manual Category II – Proposed Version

1. All revenue and sources thereof shall be in accordance with law and the mission and values of the AOG;
2. Donor-restricted funds shall only be spent in accordance with and bounded by the limits of the Donor’s direction;
3. All Federal and State requirements for tax and fundraising reporting shall be timely filed;
4. The CEO shall ensure that necessary documentation to keep the AOG in good standing with the Colorado Secretary of State is timely filed .
 - e. Continuity – the CEO will have no fewer than one and preferably two other members of the executive/management team who are familiar with Board and CEO duties, processes, and relationships and who are able to seamlessly assume their duties.
 - f. The CEO and staff shall strive to produce programs/events/services exceeding industry standards and achieving excellence in all respects. This includes but is not limited to:

1. Planning and producing well-organized events and services which comply with applicable legal requirements;
2. Providing appropriate support and financial management functions as specified in the Cooperative Operating Agreement;

2.2 Duty of Obedience

- a. The CEO in coordination with the CFO shall use best efforts to conform AOG budgeting, financial posture, and fiscal policy to the AOG mission, Board objectives, sound principles of financial management, and Colorado and Federal law pertaining to nonprofit 501(c)(3) organizations; This includes, but is not limited to:
 - i. Timely settlement of payroll and accounts payable
 - ii. Ensuring expenditures match budgeting and priorities;
 - iii. Ensuring expenditures are consistent with the purposes of and limitations on nonprofits under State and Federal law and regulation;
 - iv. Conforming to the federal and state requirements for filing, payments and disclosures of financial, employment and personnel information;
 - v. Ensuring fundraising complies with all state and federal requirements;
 - vi. Establishing controls to ensure compliance with legal and regulatory requirements ;
 - vii. Ensuring transactions are transparent, lend themselves to professional audit, and are in conformance with generally acceptable accounting practices;
 - viii. Putting processes in place to ensure timely filing of tax returns and annual re-certification of the AOG with the Colorado Secretary of State
- b. The CEO shall honor and adhere to the provisions of the current AOG/AFA Foundation Cooperative Operating Agreement as approved by the Board of Directors

Revised/ Updated Governance Policy Manual Category II – Proposed Version

2.3 Duty of Loyalty

1. The CEO and management staff owe a duty of loyalty to the AOG and the Board of Directors. In particular, the CEO shall be proactive to protect the AOG and the Board against actions or neglect tending to discredit or reflect adversely upon the AOG. Such actions include but are not limited to:
 - a. Employee theft, casualty losses, and liability claims;
 - b. Exposure of the AOG, its Board and staff to liability claims;
 - c. Adverse publicity or situations tending to tarnish the AOG's public image or credibility;
2. The CEO shall keep the Board of Directors informed of relevant trends and anticipated adverse media coverage, and in coordination with the Board Chairman shall take action to ensure the AOG is in front of such trends or coverage;
3. Where, in the CEO's opinion, the Board and/or individual Directors are not in compliance with its Bylaws and/or policies on Governance Process, disregard fiduciary duties, or exhibit behavior detrimental to Board/Staff working relationship, advise Board leadership and take action in coordination therewith to address the noncompliance and correct it;
4. The CEO shall provide the Board through its Chair with reasonable administrative and logistical support but may refuse such support if it poses an unreasonable burden on staff, or comes from individual members or committees outside of the Board's processes.
5. As a general rule, the CEO shall deal with the Board as a whole except as may be necessary to fulfill reasonable requests for information, or a director or committee duly charged by the Board.

Task Force Updates

Director Walker

Implementation Task Force Transparency & Graduate Engagement

Directors Walker, Hoffman, and Cinnamon

Objectives

- Review current challenges around nonpartisanship and transparency
- Discuss mechanisms for graduate communication and engagement
- Evaluate options for opening and recording board meetings
- Identify legal and governance considerations
- Align on implementation recommendations for the board

Context and Participants

- Implementation Task Force working session
- Focus: Amended bylaws and articles implementation
- Key participants:
 - Director Walker
 - Director Hoffman
 - Director Cinnamon

Nonpartisanship Challenges

- Board members hold diverse, sometimes conflicting views
- Risk: Perceived political or ideological bias
- Need: Structures that enforce nonpartisan behavior
- Challenge: Balancing open dialogue with neutral governance

Graduate Voice and Representation

- Many graduates disengaged from current processes
- Difficulty assessing “majority opinion”
- Disconnect between graduates and their senators
- AOG Chapters feel unheard
- Concern about noisy, unstructured feedback channels

Technical and Process Friction

- Screen-sharing and access issues during meetings
- Inconsistent visibility into discussions for stakeholders
- Ad hoc approaches to communication and documentation

Opening Board Meetings

- Make board meetings accessible to all graduates (C-SPAN style)
- Record meetings for later viewing
- Increase visibility into deliberations and decisions
- Address disengagement through transparency

Centralized Communication Mechanism

- Route graduate messages through the AOG website
- Display Senators' information clearly
- Engage the AOG Chapters more rigorously and give them what they need to grow and thrive (including ability to be heard by the Board)
- Collect and archive messages centrally
- Enable analysis of themes and frequency (AI?)

Transparency & Public Records

- Clarify that messages may be treated as public records
- Use website disclaimers to set expectations
- Reinforce accountability for both senders and recipients

What Does Transparency Mean?

- Different board members interpret “transparency” differently
- Need a shared, operational definition
- Dimensions: meeting access, record availability, decision rationale
- Must balance transparency with legal and privacy constraints

Legal Considerations

- Current lack of dedicated staff attorney
- Need for consistent legal guidance on transparency measures
- Potential to leverage foundation's legal resources
- Ensure compliance with Colorado law and governing documents

Internal Board Communication

- Concerns about limited information flow from chair
- Frustration with opaque decision-making processes
- Need for more consistent, timely updates
- Role of transparency inside the board, not just outward-facing

Implementation Recommendations

- Open and record board meetings for graduate access
- Centralize graduate communications via the AOG website
- Define and adopt a clear transparency framework
- Secure consistent legal representation
- Keep board actions nonpartisan and mission-focused

Next Steps

- Compile Implementation Task Force suggestions into a formal proposal
- Present recommendations to the full board
- Iterate based on board feedback and legal review
- Develop timelines and ownership for implementation

Motions

Resolution of Commendation for Class Advisory Senate

Director Merideth moves for Board approval of the following resolution:

Resolution of Commendation: Honoring the Class Advisory Senate of the United States Air Force Academy Association of Graduates

WHEREAS, the continued strength and success of the United States Air Force Academy Association of Graduates (AOG) depend upon the thoughtful engagement, informed counsel, and steadfast commitment of its volunteer leaders; and

WHEREAS, the Class Advisory Senate has consistently demonstrated sincere dedication to the mission and long-term vision of the AOG, offering candid insight, constructive guidance, and principled engagement on matters essential to the welfare of the graduate community; and

WHEREAS, the Senators, representing classes across generations, have served as a vital conduit between the AOG and the broader graduate body, ensuring that various perspectives are heard, respected, and integrated into strategic decision-making; and

WHEREAS, their professionalism, integrity, and collaborative spirit have strengthened the AOG's ability to serve graduates, cadets, and the Academy with excellence;

NOW, THEREFORE, BE IT RESOLVED, that the Association of Graduates formally commends the Class Advisory Senate for its sincere advice and enduring commitment to advancing the vision and values of the AOG; and

BE IT FURTHER RESOLVED, that this expression of appreciation be presented to the Class Advisory Senate and attached to the minutes of the Board of Directors meeting as a lasting acknowledgment of the Senate's meaningful contributions to the Association of Graduates and the United States Air Force Academy.

Purpose: To present a Resolution of Commendation recognizing the Class Advisory Senate (CAS) for its sincere advice, support, and sustained contributions to the vision and mission of the Association of Graduates (AOG).

Rationale: The Class Advisory Senate serves as a representative body for USAFA graduate classes, providing structured feedback, informed perspectives, and strategic insight to the AOG. Senators serve as a critical link between the AOG and the broader graduate community, ensuring that class viewpoints, concerns, and priorities are communicated effectively.

The CAS has consistently played a particularly meaningful role in advising on strategic initiatives, strengthening engagement efforts, and supporting the long-term vision of the AOG. Their commitment has enhanced transparency, improved communication channels, and reinforced alignment between the AOG and its membership.

Financial or Operational Impact (if any)

No financial impact and no significant operational impact.

Committee on Policy Manual

Director Merideth moves that the Board Chair establish a Committee for Review and Replacement of the Board of Directors Governance Policies Manual. The committee shall be composed of both Directors and non-director subject matter experts.

Purpose / Rationale

The *Policies Manual* served its purpose when first adopted but is not fully adhered to by the Board of Directors' leadership. The model followed in writing the initial *Policies Manual* in many is not conducive for current BOD actions. Consequently, complete review and replacement of the manual is necessary for re-establishing a solid form of governance for the Association of Graduates Board of Directors.

Financial or Operational Impact (if any)

The absence of good governance leads to failure to adequately execute fiduciary and operational responsibilities.

Remove & Replace AOG Bylaws, Article V., Section 6.

Director Bohlin moves to remove all the text of Article V., Section 6 and replace the text to read:

Section 6. Parliamentary Authority: The rules contained in the current edition of *Robert’s Rules of Order Newly Revised* (RONR) shall govern the AOG and the Board in all cases to which the rules are applicable and in which they are not inconsistent with these Bylaws and any Special Rules of Order the Board may adopt.

Purpose / Rationale

The **Bylaws:** (1) understandably lack complete governance rules; (2) do not clearly identify the parliamentary authority for how the AOG Board, as a deliberative body using parliamentary procedures, conducts its business and (3) in Art.V.Sec. 6, use the word “should” instead of the more definitive word “shall,” and the words “as a guide,” making the full sentence lack needed clarity and precision.

By more thoroughly identifying RONR as the Board’s source for parliamentary authority, the replacement sentence clarifies and expands RONR’s role in Board governance. Additionally, using RONR maintains the hierarchy of present/future documents relevant to AOG governance (i.e., AOG Bylaws are subject to the Colorado Revised Nonprofit Corporation Act and the Articles of Incorporation.)

Supporting Documentation

See RONR, (12th ed.) - cited by section/subsection titles and paragraph(s) related to several relevant topics:

1. Section 2, **Rules of an Assembly or Organization:** 2:1-3;
2. Subsection of Section 2, **Constitution; Bylaws,** 2:8-13;
3. Subsection of Section 2, **Rules of Order,** 2:14-16 and
4. Section 56, **Content and Composition of Bylaws,** 56:1-2; 56-11.

Financial or Operational Impact

Adopts a uniform, well-recognized parliamentary authority with clear guidance across the spectrum of Board governance – encompassing related Board matters well beyond only the conduct of Board meetings.

Parliamentarian Duties

Director Merideth moves that the Association of Graduates Bylaws Article V, Section 5, Paragraph d be revised as follows:

“The Secretary shall be an elected or appointed director ~~and shall serve as parliamentarian~~ and will perform ~~other~~ duties as directed by the Chair and those required by Colorado law. In the event of the permanent absence of both the Chair and Vice Chair, the Secretary shall convene a meeting of the entire Board to select a new chair.”

Purpose / Rationale

The Secretary is perhaps the most important position of all the officers. The Secretary is responsible for record-keeping, minutes, maintaining a record of all meetings and actions of the Board of Directors as well as all committees. It is extremely critical that the secretary certifies any board amendments to the bylaws and articles of incorporation. During meetings, the Secretary should be attentive to all comments, directions, motions, and Director discussions to accurately record and capture the essence of the meeting. It is not efficient to also charge the Secretary with the duties of the Parliamentarian, especially considering there is no guarantee the Secretary has the knowledge, experience, or skills to accomplish the Parliamentarian duties.

A knowledgeable parliamentarian is an adviser to the presiding officer, members of the board, and committees on procedural matters. The chair and board members must understand enough about parliamentary procedure to do their jobs properly. A skilled and knowledgeable parliamentarian is necessary for the proper conduct of proceedings and to ensure fiduciary responsibilities are met. A parliamentarian for the AOG BOD can, and should, be an outside professional to advise and assist with procedural matters. The Chair should nominate and the board approve a Parliamentarian Adviser to the Board.

December 2025 GAO Report Service Academies: “Clarifying Guidance would Enhance Effectiveness of Honor and Conduct Systems”

Due Process, Honor,
Disenrollment and IC
Soccer

Due Process, Honor, Disenrollment

GAO tasked by Congress with investigating the Academies' (West Point, USAFA, Navy, Coast Guard, Merchant Marine) due process for honor and conduct;

- Covered calendar years 2019-2025 (encompassing three COVID years)
- Resulted in 13 recommendations – three pertinent to USAFA
 - Superintendent should update honor and conduct system guidance to ensure cadets fully understand the due process protections available to them
 - USAFA was alone among academies in not necessarily having a conduct/disenrollment hearing
 - USAFA needs better data points to enable better tracking of conduct, honor, cases
 - Superintendent needs to develop better tracking of conduct and honor cases and overcome challenges interfering with timely access to honor cases

25 January 2026 Colo Spgs Gazette

Headline: “Academy should improve due process” is not really what the GAO concluded

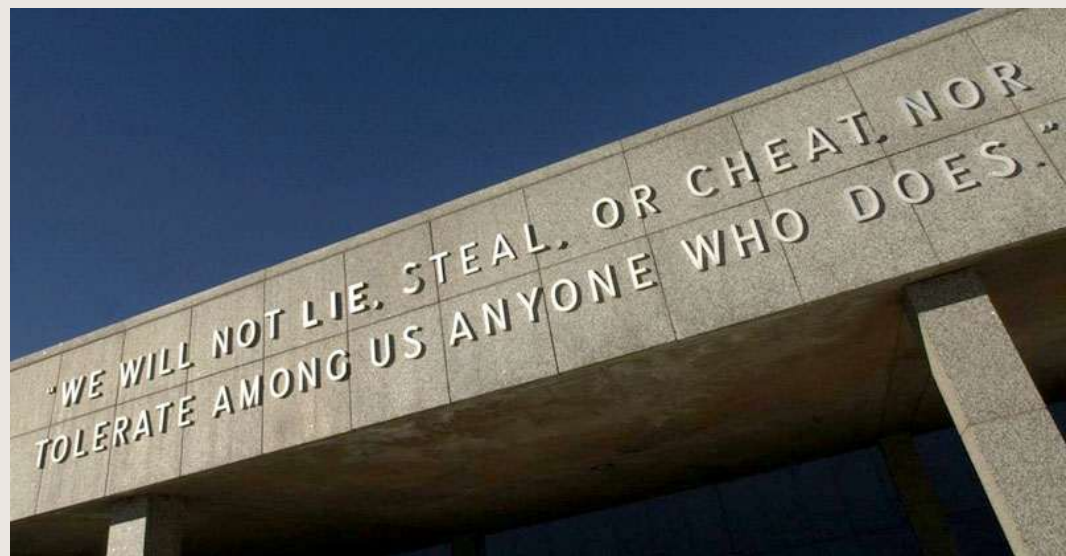

- i. The suggestion was that USAFA did not clearly articulate to cadets what their rights were, (and weren't)
- ii. The most glaring distinction between USAFA and West Point and Navy was that there was not a hearing to adjudicate “serious misconduct” for USAFA
- iii. Alone among the Academies the Supe was the final discharge authority, so “appeal” was largely meaningless

Due Process, Honor, Disenrollment

Most concerning for the graduate community was probably cadet surveys showing:

- “Reluctance to report honor violation.” A substantial percentage of cadets would never turn in a fellow cadet for an honor violation, and a majority stated they would be unlikely to do so
- USAFA cadets least likely to report an honor violation, with 42% stating they were “moderately likely or very likely” to report an honor violation. (West Point 58% and Navy 52%)
- USAFA had lowest percentage of cadets who thought the Honor System mostly fair or fair. (56%)
- This corresponded to the survey on fairness of conduct offense findings, with 44% thinking it unfair. Similar to West Point (44%) and Navy (40%).

IC Soccer

VARSITY SOCCER TEAM

Gazette reported the incident at the same time, but it was a coincidence that the GAO report was released shortly thereafter.

Stemmed from two varsity initiations in fall semester of 2024.

- Very similar to Lacrosse and Swim team investigations in 2018.
 - Crude initiation rite, called “Chunker” going back to 90s. Swim team alumni had a tattoo on their bodies when they completed ritual.
 - Lacrosse team allegedly slammed freshman team members genital in a book or pretended to.
 - Lt Gen Silveria briefed BOV in April of 2018 on both
 - Three cadets from swim team were processed for a general court-martial, but charges dismissed in 2020 – two years after cadets were essentially removed from good standing in the wing.
 - Lacrosse coach fired, swim team coach denied knowing of the initiation rite.

Due Process, Honor, Disenrollment and IC Soccer

Lengthy investigation

Started in October of 2024

Nine seniors told they would be late grads in April 2025

Restricted to base, unable to use recreational facilities (bowling and golf), singled out as sexual predators

Given three days to respond to LOR's, but did not have all of the evidence and did not have defense counsel

Advised three days before grad via Form 10 they would not be graduating

In all three cases punishment dealt en masse, no attempt to differentiate between those actually participating, merely observing, and in some cases, not even being present.

IC Soccer

BoV petitioned to write SECAF to get relief

Immediately end probationary period of all nine seniors

Date of rank commensurate with end of probationary period

Return to their choice of assignment

Lessons of GAO Report and IC incident

The GAO Report tells us nothing we didn't already know

It DID NOT conclude that due process was lacking at USAFA

It did make the point that cadets were not as well-informed on procedural due process guarantees and that better case tracking was needed

The three IC incidents are more concerning:

One-size –fits-all antithetical to due process

Timing gave no realistic possibility of mounting an intelligent offense

Never in the process was there an opportunity for hearing, confronting evidence, or even responding to the accusation

Highlights that disenrollment process is a closed loop that rests all adjudicative functions, including appeal, in the chain of command

Good of the Order

Opportunity for Directors to offer brief, informal observations, compliments or suggestions concerning the work of the organization. Designed for non-substantive discussion regarding the welfare of the organization (1-2 mins per Director who wishes to comment)

EXECUTIVE SESSION

119

**PRESENTATION BY MIKE ROSE TO AIR FORCE ACADEMY
ASSOCIATION OF GRADUATES BOARD OF DIRECTORS**

2/19/26

I am **Mike Rose, AFA '69**.

I am the co-founder and the President of the AOG's South Carolina Chapter, which has been a Distinguished Chapter each year since its beginning ten years ago.

The Chapters have deteriorated, from 90 to only 55 in number. Many are on "life support." Attendance at the annual Chapter Presidents Conference decreased last summer from about 40 to only 7, as I recall.

I propose the following **SIX** recommendations to revive the Chapters:

1. **ALLOW CHAPTER INPUTS DIRECTLY TO the BOD** – Arrange for Chapter representatives to **SYSTEMATICALLY COMMUNICATE** feedback **DIRECTLY** to the **BOARD**, similar to what the Class Presidents do. Relying on high turnover staff to tell the BOARD what it needs to know has been ineffective. Class Senators provide BOARD input. Why not Chapters also?
2. **CONSULT AOGs OF OTHER ACADEMIES** - The Naval Academy AOG has 130 Chapters, more than twice as many as the AFA AOG, and is thriving. Get ideas from them.
3. **MAKE CANGES FROM BOTTOM UP, NOT ONLY TOP DOWN**
 - A. Changes pushed on Chapter volunteers by new AOG employees unfamiliar with Chapters were ineffective and counter-productive.
 - B. For example, combining the annual Chapter President's Conference with **race/gender based Affinity Groups** changed the Conference's content/purpose and caused a "Bud Light" culture clash reaction.
 - C. **Get "buy in" from Chapters**, not just seek to impose more requirements/work on **volunteers**.

4. INVEST IN CHAPTERS.

- \$200,000 should be invested in Chapters.
- (1) E.g., **Pay costs** to enable representatives of promising Chapters not yet Distinguished Chapters to **attend the annual Chapter Presidents Conference.**
- (2) **Dedicate competent AOG staff** to support Chapters.

5. **EMAIL ADDRESSES** – We cannot start and operate a Chapter without the **ability to communicate with Chapter members.** Until three years ago or so the AOG **confidentially provided us Chapter Presidents with email addresses** for the proper purpose of conducting Chapter business. Why has that stopped? Why do we not get a candid answer to that question? Are we not trusted? How do you expect us to function without the ability to communicate with Chapter members? That is like sending a soldier into battle without ammunition.

6. CHANGE MINDSET: AOG EXISTS TO SUPPORT ITS MEMBERS IN THE CHAPTERS, NOT VICE VERSA

-CHANGE ATTITUDE FROM YOU MEMBERS SERVE US AT THE AOG TO WE AT THE AOG SERVE YOU MEMBERS – WE KNOW THE DIFFERENCE. AOG MEMBERS ARE YOUR CUSTOMERS.

**Is NextGen competing with Chapters for resources and members?
Not nearly as much AOG support appears to be given to Chapters as to Next Gen.**

I make these recommendations respectfully in the spirit of trying to improve the AOG.

Madam Chair, Members of the Board, fellow graduates—

Thank you for the opportunity to join you virtually today.

Having previously served alongside many of you as an elected Director on the AOG Board, I have reflected carefully on what allowed this Board to operate with strength and forward momentum during my term.

Two principles stand out.

We remained apolitical. And we were deliberate about the talent of the Directors seated at the table.

Those were not passive outcomes. They required discipline and clarity about who we are as an AOG Board—and who we serve.

The Association of Graduates represents a remarkably diverse body of men and women. Our graduates span generations, professions, worldviews, and political beliefs. Many are still in uniform; others lead in industry, public service, education, and their communities. What binds us together is not ideology. It is shared formation of Character at the Academy and a commitment to service before self.

When we rightly chose to remain **apolitical**, we protected that common ground.

In any large organization, people are constantly assessing whether they feel represented and respected. The moment an institution is perceived as aligning itself with a particular political current—even indirectly—that shared ownership begins to erode. Attention shifts from mission to motive. Conversations become less about what we are building together and more about what side we appear to be on.

During my tenure on the Board, we were disciplined about staying above that political dynamic. Because of that, we were able to focus on initiatives that strengthened the graduate community in meaningful ways—mentorship, connectivity, long-term stewardship, strategic growth. We were aligned around unifying goals rather than ideology.

The second factor in our effectiveness was our willingness to treat this Board as a strategic body, not a symbolic one.

We intentionally **appointed 4 Board Directors** to augment the 11 elected Directors to fill critical gaps in expertise—legal, financial, governance, communications and unrepresented graduate decades. Strong boards are built on complementary strengths. When you bring together varied competencies and perspectives, you sharpen decision-making and reduce blind spots. You create the kind of healthy friction that improves outcomes rather than divide our Graduate community.

That intentional diversification of skill sets strengthened both internal trust and external credibility. It created momentum because we were equipped for the work in front of us.

Those two anchors—**an apolitical posture and intentional talent enhancement thru limited strategic appointed Directors**—allowed this Board to serve a broad graduate community without fracturing it.

Over the past months, I have spoken with a wide cross-section of graduates across class years and backgrounds. The vast majority of feedback has been consistent: the AOG recognizing Charlie Kirk in any way would be interpreted by many as a political signal from the AOG.

This is not about silencing speech or debating individual viewpoints. It is about understanding how institutional actions are received.

Charlie Kirk is widely regarded as a politically polarizing figure. Whether one agrees or disagrees with him personally is not the point. Formal recognition by this Board would be considered an endorsement by the AOG. And once that interpretation takes hold, the Association risks being viewed—intentionally or not—as politically aligned.

When that perception shifts, engagement shifts. Some graduates will feel affirmed; the majority will disengage. The broad tent narrows. The center weakens.

Our responsibility is to think beyond the emotions of the immediate moment and consider the long-term cohesion of the Long Blue Line.

The Academy trained us to exercise judgment under pressure, to prioritize mission over impulse, and to protect what must endure. Our oath is not to a party or a personality. It is to the Constitution and the principles it represents.

Remaining **apolitical** is not avoidance. It is stewardship. It is the disciplined choice to preserve unity in a community that spans every corner of this nation and beyond.

I stand here not in opposition to an individual, but in protection of an institution.

The USAFA graduate community is extraordinary precisely because it holds diverse viewpoints while remaining united in service. Our AOG Board should reflect that same steadiness.

Let us continue to appoint a few talented Directors we need to augment and strengthen our elected Board Directors.

Let us continue to focus on mission-impacting initiatives.

And let us continue to guard the apolitical integrity that has allowed this Association to thrive.

That is how we sustain trust.

That is how we protect positive momentum toward our AOG mission.

And that is how we honor the Long Blue Line.

Thank you.

ATTACHMENT 7

Good morning, I am Dr. Tony Wolusky and had the honor to graduate from the Academy back in 1980, as well as teach in the Law Department and serve on the legal staff, so my perspective on issues is guided by legal principals, as in this case before the Board.

While I can understand why some individuals may feel that civilian Mr. Charles Kirk made political statements about religion, gender, race and patriotism they support, it is important that the military and the USAF Academy remain apolitical, not interested in or connected with politics, and not connected to any political party. Military personnel and civilian employees should vote and have the right to hold political views, but there is a reason we don't wear our uniform or official insignia when we attend partisan events. According to the Secretary of the Air Force (April 15, 2024) and pursuant to DoD Directive 1344.10, because of our oath of office, service members and civilian employees have a duty to ensure that their personal activities do not imply official endorsement by the Department of Defense or Department of the Air Force. As individuals, we do not have to be politically neutral, but the Air Force, Space Force and Air Force Academy do. These rules help to ensure the DoD does not influence our nation's electoral process or appear to be partisan.

The current motions before the Board of Directors with respect to an honorary degree at a military academy and membership in a military association of graduates to a civilian with limited involvement with our Academy runs counter to established rules and policy. These formal honors should be reserved for those who have made substantial contribution to the legacy of the Academy and have otherwise served in the armed forces with courage, commitment and valor.

Thank you for the opportunity to speak.

ATTACHMENT 8

Hello,

My name is **Kimberly Cheri**, and I am a proud parent of a current 2027 USAFA cadet and an AOG Family Plan & Sabre Society member. I also serve as a USAFA Sponsor Parent, sit on the Board for the [USAFA Taste of Home](#) event, and currently serve as President of the [USAFA Colorado Parents' Club](#) (among other roles). In short, I truly live and breathe USAFA. Regretfully, due to technical difficulties, I was unable to join the Board meeting this morning to share my comments in person. I sincerely appreciate the opportunity to follow up via email instead.

Please see my comments below:

1. I would like to ensure the Board is aware of how truly wonderful Hotel Polaris has been in its support of the USAFA Colorado Parents' Club (CPC). We held our New Appointee Event and End-of-Year Celebration at the hotel last year and will be doing so again this year. Hotel Polaris has been exceptionally generous in supporting the club whenever possible — including event discounts, supplying ice for our football tailgates, and more. In return, we promote the Hotel whenever we can to the entire USAFA parent community. I reside near the Academy and have personally utilized the Hotel many times. Every experience — from the restaurants to the simulators to the spa — has been outstanding. I even have rooms reserved for my family for the 2027 Graduation.

2. The USAFA CPC previously had a contact within the AOG who assisted us with any questions and/or coordination regarding our Weebly website accounts (which are partially funded by the AOG). Currently, we do not have a point of contact, and we would greatly appreciate the opportunity to reestablish a stronger working relationship moving forward. If there is someone who could serve as a liaison to help bridge communication between the CPC and the AOG, that support would be sincerely valued.

3. I would like to inquire about the Sabre Society. When my son began his USAFA journey, I immersed myself in learning as much as possible. After joining WebGuy, one of the first programs I came across was the Sabre Society. In August 2023, one of the benefits listed at the Benefactor level was two on-field tickets for Graduation. At the time, I called to ask

whether I could utilize that benefit for the Class of 2027 Graduation and was advised that I could donate closer to my son's Graduation and receive the benefit. About six months ago, I noticed that this benefit was no longer listed. I would sincerely appreciate the opportunity to discuss the possibility of reinstating it. While I pour my heart and energy into supporting all USAFA Cadets, the Class of 2027 holds a particularly special place in my heart. The financial commitment is secondary to the core memory that such an experience would create — one I would treasure for the rest of my life. I am more than willing to make myself available to discuss this further or to assist in any way that might help reconsider this benefit.

Thank you for your time, your leadership, and your continued support of our Cadets, Graduates, and the Boarder USAFA Community!
